But for all the ways books influence us, teach us, challenge us, and connect us, many of us remain in the dark as to where they come from and how the mysterious world of publishing truly works. How are books created and how do they get to readers? *The Book Business: What Everyone Needs to Know®* introduces those outside the industry to the world of book publishing. The authors, veterans of trade publishing, or the branch of the business that puts books in our hands through libraries or bookstores, answer questions from the basic to the cutting-edge, providing a guide for curious beginners and outsiders.
