best business app for iphone: Missionary Writing Jeff Calloway, 2013-08-01 Missionary Writing focuses on the writer's pursuit of passion to write much like the passion a missionary has to abandon all. This short eBook looks at a writer's calling of spreading the message they have to share that must be heard. Think about a missionary, the first image I described above. That person has a calling and acts on it knowing that there will be sacrifice, but in the end it will be worth it. A Christian missionary's job is to spread the good news and love of Jesus Christ. They are willing to do so at a great cost. Some at the cost of their own life. They believe have a message worth dying for and will do whatever it takes to spread that message. Is this the kind of writer you are or want to become? Do you have a message that you believe people need to hear regardless of the cost or do you want to write for the sake of writing to please yourself? Do you believe so strongly in your message that you are willing to sacrifice for it to be heard? If not, you will not reach the masses and your message will be drowned out with the thousand others who do not have this writer's passion I am describing. What I am going to describe to you in this eBook in regard to becoming a missionary writer might take you by surprise.
