Anthony "Tony" Comper likes to say that he can sum up his remarkable career in Canadian banking in 25 stories. In a business often filled with big personalities and memorable characters, Tony's motto is *Festina Lente* — make haste slowly. In *Personal Account: 25 Tales about Leadership, Learning, and Legacy* from a Lifetime at Bank of Montreal, Comper chronicles how he guided the bank's software evolution on real-time banking and the introduction of ABMs. He also saw BMO evolve from traditional lender to facilitator in the market, partnering with businesses to create a more vibrant source of capital. That innovation included Tony's role in integrating women and new Canadians into BMO while fighting anti-Semitism in the community. He was also critical in creating new banking models for the Indigenous community. A first-person analysis of the major transitions in his almost four decades at the bank. A memoir of turbulent, challenging times. An examination of surviving the most severe financial shocks without jeopardizing the nation's financial stability. *Personal Account* is equal parts warm memoir, teaching lesson, and a reminder of the value of legacy.

bmo harris business account: Plunkett's Investment & Securities Industry Almanac Jack W. Plunkett, 2008 The investment and securities industry is rebounding from the dismal markets of the early 2000s.
