It happened to Jeff Taylor, who ventured thousands of miles from Texas to China to greet an immeasurable treasure that awaited him: a tiny daughter who would soon take possession of his entire heart. In his memoir *Little Rain Drop*, Taylor shares the events, emotions, and experiences that accompanied his pilgrimage through international adoption and first-time fatherhood. With candid emotion, a bit of humor, and wide-eyed wonder, Taylor begins by chronicling his life before adoption, including a battle with infertility, and continues by narrating his poignant journey across the ocean that would culminate in connecting two families and the arrival of his daughter to his home. As he details the emotions, courage, obstacles, and joy that he and his wife Debbie experienced throughout their journey to parenthood, he shares a story of love, hope, and a glimpse at God's providence. While providing details beneficial to any couple considering international adoption, Taylor offers a powerful glimpse into the deep emotions that accompany a journey that began with heartache and longing and ended with the realization that the most profound desires of the heart always live on.

business class china southern: Thirsty Dragon Suzanne Mustacich, 2015-11-10 An inside view of China's quest to become a global wine power and Bordeaux's attempt to master the thirsty dragon it helped create. The wine merchants of Bordeaux and the rising entrepreneurs of China would seem to have little in common—Old Europe versus New China, tradition versus disruption, loyalty versus efficiency. And yet these two communities have found their destinies intertwined in the conquest of new markets, as Suzanne Mustacich shows in this provocative account of how China is reshaping the French wine business and how Bordeaux is making its mark on China. *Thirsty Dragon* lays bare the untold story of how an influx of Chinese money rescued France's most venerable wine region from economic collapse, and how the result was a series of misunderstandings and crises that threatened the delicate infrastructure of Bordeaux's insular wine trade. The Bordelais and the Chinese do business according to different and often incompatible sets of rules, and Mustacich uncovers the

competing agendas and little-known actors who are transforming the economics and culture of Bordeaux, even as its wines are finding new markets—and ever higher prices—in Shanghai, Beijing, and Hong Kong, with Hong Kong and London traders playing a pivotal role. At once a tale of business skullduggery and fierce cultural clashes, adventure, and ambition, *Thirsty Dragon* offers a behind-the-scenes look at the challenges facing the world's most famous and prestigious wines.

business class china southern: Shanghai & Surroundings Travel Adventures Simon Foster, 2011-04-15 Eastern China is the country's boom-belt and its heart is the Pearl of the Orient, Shanghai, a city which was recently wonderfully described to me as Hong Kong on steroids. Shanghai is the country's most modern city, but manages to retain both its Chinese and European history and its economic development is also helping a renaissance in culture and the arts, along with a shopping and nightlife scene matched only by Beijing and Hong Kong. Around Shanghai, the Water Towns have picturesque canals lined with classic Ming architecture and can make for great day trips, and a little further out, the city of Suzhou offers more of the same, albeit on a larger scale, along with some of the country's finest gardens and the opportunity for some serious silk shopping. Nearly 100 miles south along the Grand Canal, the former Southern Song dynasty (1126-1279) capital of Hangzhou is set on pretty West Lake and is a prime tea-growing region. Away from the lake the city is much like any other Chinese city, but the surrounding countryside and its smattering of temples and tea villages make for some excellent bike rides. Some 110 miles west of Hangzhou, Huangshan is arguably the most beautiful of eastern China's mountains and offers the region's finest scenery and best hiking. The mountain's mist-shrouded, jagged peaks, lone pines and perched temples are straight from a watercolor and it's no wonder Huangshan attracts so many visitors. But fortunately there are enough paths to ensure you can always find yourself a quiet spot. Known as the Pearl of the Orient, Shanghai has endured a boom-bust cycle like no other city in China and is a must-see for a glimpse into the China of the future. It currently has some 20 million residents. A walk along the Bund on the banks of the Huangpu River offers a cityscape to rival Hong Kong's, taking in the glory of Shanghai's colonial past, while at the same time giving views across the river to the city of tomorrow, Pudong. Less than 20 years ago, this was just marshy farmland, but today it boasts countless skyscrapers, among them China's highest tower, the Pearl Oriental TV Tower, and loftiest lodgings, the 88-floor Grand Hyatt. Traditional Chinese sights are a little sparse due to Shanghai's comparative youth, but its colonial and revolutionary history over the past 150 years has left it with a series of significant political buildings. What is more, there are modern activities aplenty, reflecting the city's dynamic and modern heart - fine dining, nightlife, shopping and a kaleidoscope of exhibition centers and good museums await. This a highly detailed guide to everything you need to know about Shanghai and its surroundings - the places to stay, the restaurants, and what to see and do - along with an extensive introductory section on China as a whole. The author lives in China and has been a tour guide there full-time for close to 10 years. This guide is an excerpt from his much larger guide to all of China, also published by Hunter, which is 650 pages in the print edition.

business class china southern: Tourism Management Clare Inkson, Lynn Minnaert, 2022-09-14 This introductory text provides readers with a robust understanding of tourism and its industries, including how destinations are developed, marketed and managed, and how tourism impacts communities, environments and economies. The authors discuss the critical issues affecting 21st century tourism, such as sustainability, the climate crisis, globalisation, community, technology, the environment and the sharing economy. The text has been fully updated in light of the Covid-19 pandemic and its notable, and in some cases lasting, impacts on the tourism industry. The text features new mini-case studies (snapshots) and international case studies from countries around the globe including USA, Saudi Arabia, India, China, New Zealand, Australia, Namibia and the UK. It discusses the latest trends in transport, hospitality, attractions and the travel trade and includes examples from major tourism companies including Trip.com, TUI and Airbnb. The book is suitable for students who are starting their tourism studies as part of their college or university education. Clare Inkson is a Senior Lecturer in Tourism and Course Leader of BA Tourism with Business at the

University of Westminster, London. Lynn Minnaert is the Academic Director and Clinical Associate Professor at New York University's Jonathan M. Tisch Center for Hospitality and Tourism.

business class china southern: Beijing and Surroundings Simon Foster, 2011-04-15 Arrive in Beijing and spend a few days soaking up the Imperial sights at the Forbidden City, Temple of Heaven, Summer Palaces and the Great Wall. Spend your evenings enjoying Beijing duck, opera and maybe a trip to the acrobats. If you have time, take a train up to Chengde and spend a couple of days enjoying the imperial retreat before returning to the capital and flying on to Xi'an. Allow a full day at the Terracotta Warriors and another day to explore the fascinating walled city. Make sure you enjoy a Dumpling Banquet, as well as dinner in the Muslim markets. Reflect on your trip in the overnight train back to Beijing. Beijing, literally translated, means Northern Capital, a title it has held since the Ming Dynasty (see History) and a name that still holds true today. Whether imagining the past or marveling at the future, this city is most definitely still the cultural, political and, to the Pekinese, geographical, heart of the Middle Kingdom. While Beijing's modern appearance owes much to the Communist era and the recent influx of capitalist cash, its most impressive and inspiring monuments are recognition of its long imperial tradition. The scale of the city, with its population of 15 million, can initially be overwhelming, but even a short meander into one of Beijing's remaining hutong districts brings you close to the realities of daily life and all of a sudden the city seems human again. While the vast number of construction sites, flyovers and mirrored skyscrapers can come as a shock to those hoping for a view of the years when Beijing was the emperor's seat, a visit to any one of the principal imperial sights (the Forbidden City, the Temple of Heaven or the Summer Palaces) easily remedies this. However, the greatest of Beijing's, if not the world's, sights lies north of the city. The Great Wall never ceases to amaze and it's worth spending a couple of days out of the city to fully appreciate its majesty. If you have enough time and want more imperial splendor, the rugged countryside around the capital holds Ming and Qing tombs, while, farther afield, the Mountain Resort at Chengde was long a popular emperor's haunt and has some wild scenery along with its subdued palaces and grand temples. This a highly detailed guide to everything you need to know about Beijing and its surroundings - the places to stay, the restaurants, and what to see and do - along with an extensive introductory section on China as a whole. The author lives in China and has been a tour guide there full-time for close to 10 years. This guide is an excerpt from his much larger guide to all of China, also published by Hunter, which is 650 pages in the print edition.
