business class flights to dublin: Low Cost Carriers Lucy Budd, Stephen Ison, 2017-07-05 Low cost carriers (LCCs) represent one of the most exciting and dynamic yet often contentious developments in recent commercial aviation history. Formed as a direct result of policies of airline deregulation and liberalisation that were initiated in the United States in the late 1970s before being implemented in certain European, Australasian, Latin American and other world markets from the mid-1990s onwards to encourage competition, LCCs have been responsible for progressively reconfiguring the spatial patterns, operational practices and passenger experiences of flight. In the process, they have enabled growing numbers of people to fly to more places, more frequently, and at lower cost than had been previously possible. In so doing, however, they have generated a number of socio-economic and environmental challenges. The 23 essays included in this volume provide a detailed insight into the emergence, expansion and evolution of the low cost carrier sector worldwide. The volume covers deregulation and liberalisation of the global airline sector, the business models and operating characteristics of low cost carriers, the changing nature of the airline/airport relationship, LCC network characteristics, issues of pricing and competition and the current impacts and likely future trajectories.

business class flights to dublin: *Evil Empire* Paul Williams, 2014-03-11 On June 26, 1996, an international outcry was heard over the assassination of Irish journalist Veronica Guerin, gunned down by Ireland's most vicious gang. It was the first European case of what the police called narco-terrorism, where drug syndicates use terror tactics against individuals and states to protect their interests. The hit would change European police tactics forever and make the law enforcement community realize that this problem was no longer confined to the third world. Ruthless godfather

John Gilligan controlled a colossal drug empire and a mob of Dublin gangland's most dangerous criminals. Violence and the threat of murder kept terrified witnesses silent and other gangsters in fear. Gilligan thought himself above the law--and never managed to figure out that there was a line between what gangsters can and cannot do. In *Evil Empire* Paul Williams tells the chilling inside story of Gilligan's rise to power, his savage gang, and the truth about the terrifying murder that shocked the world. Also shown is the behind-the-scenes drama of the dedicated police squad that waged an unprecedented four-year war to smash Factory John's Evil Empire. business class flights to dublin: Orchid and the Wasp Caoilinn Hughes, 2018-07-10 "A gem of a novel."—Elle "A winning debut."—The New Yorker "Caoilinn Hughes is a massive talent."—Anthony Doerr, Pulitzer Prize-winning author of *All the Light We Cannot See* WINNER OF

THE COLLYER BRISTOW PRIZE • SHORTLISTED FOR THE BUTLER LITERARY AWARD • SHORTLISTED FOR THE HEARST BIG BOOK AWARDS • LONGLISTED FOR THE AUTHORS' CLUB BEST FIRST NOVEL AWARD • LONGLISTED FOR THE INTERNATIONAL DUBLIN LITERARY AWARD 2020 An unforgettable young woman navigates Dublin, London and New York, striving to build a life raft for her loved-ones amidst economic and familial collapse. In this dazzlingly original debut novel, award-winning Irish writer Caoilinn Hughes introduces a heroine of mythic proportions in the form of one Gael Foess. A tough, thoughtful, and savvy opportunist, Gael is determined to live life on her own terms. Raised in Dublin by single-minded, careerist parents, Gael learns early how a person's ambitions and ideals can be compromised— and she refuses to let her vulnerable, unwell younger brother, Guthrie, suffer such sacrifices. When Gael's financier father walks out on them during the economic crash of 2008, her family fractures. Her mother, a once-formidable orchestral conductor, becomes a shadow. And a fateful incident prevents Guthrie from finishing high school. Determined not to let her loved-ones fall victim to circumstance, Gael leaves Dublin for the coke-dusted social clubs of London and Manhattan's gallery scene, always working an angle, but beginning to become a stranger to those who love her. Written in electric, heart-stopping prose, *Orchid & the Wasp* is a novel about gigantic ambitions and hard-won truths, chewing through sexuality, class, and politics, and crackling with joyful, anarchic fury. It challenges bootstraps morality with questions of what we owe one another and what we earn. A first novel of astonishing talent, *Orchid & the Wasp* announces Caoilinn Hughes as one of the most exciting literary writers working today.

business class flights to dublin: *An Air Transport Strategy for Northern Ireland* Great Britain: Parliament: House of Commons: Northern Ireland Affairs Committee, 2012-11-30 Air travel is fundamental to family and economic life in Northern Ireland. To facilitate the rebalancing of the economy it is vital the air links to Great Britain, mainland Europe and the rest of the world are robust. The Committee identified in this report several hurdles to overcome. Air Passenger Duty (APD)-despite the APD on direct long-haul flights being reduced to zero, this does not assist the 98.5 per cent of passengers who travel from NI airports on short haul flights. Ways to reduce or, preferably, abolish APD on all flights into NI from GB and on all direct flights from Northern Ireland to any destination should be explored. Connectivity-air links to hub airports, particularly Heathrow, must be, at least, maintained at the current level, and further routes should be actively sought. Airports Commission review-the review is being carried out by the Airports Commission into options to maintain the UK's status as an international hub for aviation. As this report is not due until 2015 and the delay as to the future airport configuration and capacity in the South East of England is causing concern among the business community in Northern Ireland. The Committee urged the Government to expedite the review and its decision, as soon as possible given its importance to Northern Ireland's international connectivity. Internal access to Northern Ireland's airports-road and rail links to all three of NI's airports must be improved. Visas-there should be introduced between the UK and Irish Government, a shared visit visa for the UK and the Republic of Ireland, as the current cost of two visas deters both business and leisure travellers from visiting both jurisdictions on a single visit.
