Moreover, services such as dog walking, training, and grooming are in high demand. This trend reflects a broader societal change, where pets are increasingly seen as family members. Entrepreneurs can capitalize on this by offering unique and tailored services that meet the specific needs of dogs and their owners.

Target Demographics

Identifying the target demographic is essential for any business idea. Dog owners typically fall into various categories based on age, income, and lifestyle. For instance, millennials and Gen Z are more likely to spend on premium pet products and services.
