**business sale miami: Double Life** Zari, 2023-12-26 For the past ten years, Alexis Fox had been living a double life. She is a successful real estate agent and investor by day and a drug queenpin known as Diamond by night. But everything changes after the murder of her right-hand man, Hedrick, causing her two worlds to collide. As a result, she was forced to assume a more hands-on role in her illicit side business, and for the first time, the drug life was beginning to creep into her real life. Consequently, her already contentious working relationship with Cynthia, the manager at her real estate office, becomes antagonistic, forcing her to wonder if there was more to it than just jealousy. When several of Diamond's people turn up dead, things become more complicated for her when her police contact tells her that her own alter ego, Alexis, is a person of interest in one of their deaths. It causes her to question which life was real—or if it was all her life now.
