business writing free course: *How to Open a Business Writing and Publishing Memoirs, Gift*

Books, Or Success Stories for Clients Anne Hart, 2005-12 Learn what questions to ask and how to interview people for the significant moments in their life stories, and then write, publish, and bind by hand exquisitely-crafted personal gift books, memoirs, or business success stories. Words in memoirs or life success story gift books have a life of their own. The purpose of a hand-made, finely bound memoirs or business success-story gift book is to show how two or more people bring out the best in one another. You'd be surprised how many people are satisfied to pay up to \$10,000 (or more depending upon the publisher) to have only one copy of a hand-bound hardcover book published about their event or life story. What does it take to create and publish a memoirs gift book commemorating a Bar Mitzvah, confirmation, wedding, or true experience? What quality of personal book do you want to make from scratch-writing, printing, and binding? As far as printing and binding, you can make one finished book at a cost to you of only \$1.50-\$4.50. What you charge a client depends on what it costs you. If you create and publish a custom gift book, you'd publish only one copy of a hand bound, hard-cover book. The tome would contain anywhere from 60 to 100 photos. Text material based on phone or live interviews running at least two hours for one person (or more if needed and about two hours spent per each interview) would be about 80 to 120 published pages-slightly more, but only if necessary. Look at yourself as a designer, writer, interviewer, and book binder. Learn how to make your own pop-up books for all ages.

business writing free course: Business Writing in the Digital Age Natalie Canavor, 2012 Business Writing in the Digital Age fills an urgent need to equip business and MBA students to write more effectively in a style that works for today's business world. Using a readable, highly accessible approach and numerous concrete examples, this book frames writing as a strategic tool to accomplish goals. Readers learn a step-by-step system that tells them what to say, and how to say it in every circumstance. At the same time they learn how to improve their technical skills by applying practical techniques rather than grammatical rules. In today's business world, success depends on writing. Those who write well are better able to win opportunities, establish their reputation, persuade others to their viewpoint and build relationships. They collaborate, manage and lead more effectively. Writing well also equips businesspeople to function in a global marketplace and reach increasingly diverse audiences. This book builds readers' confidence and capabilities. No matter what their starting point, they absorb a solid foundation that applies to all writing. They also learn the specifics of crafting messages and documents that range from the traditional, like letters and proposals, to media such as email, blogs, web sites, PowerPoint and social networking. This broad coverage makes the material relevant and compelling. Students also develop tools to keep improving on their own, and to handle new communication channels as they emerge. Business Writing in the Digital Age helps teachers stay current with a changing media landscape. They can use it as a complete guide to writing development, drawing on the practice opportunities and group projects supplied, or assign students to work with some--or all the material--on their own.
