cheat unfinished business cast: Creatures of the Night Gregory L. Reece, 2012-02-28
Vampires and werewolves; phantoms and phantasms: looming out of the fog leaps the menacing spectre of the lycanthrope, ghoul or blood-crazed zombie. Intrigued by some of the most sinister, yet at the same time most compelling, legends of western civilization, Gregory L Reece dusts down his stake and crucifix, loads his silver bullets and takes off into the wilds in search of answers and fresh adventures. Rummaging around in crumbling tombs and cobwebbed sarcophagi, his latest quest

leads him into the haunted realm of the dead and the undead: of those carnivorous, nocturnal hunters that might perhaps better be left undisturbed. Why, he asks, is our culture obsessed by the eerie and the macabre? Why, despite its horrors, does the 'dark side' of the supernatural - its seances and ghost-hunting, demonic possession and the occult - call to us with such dangerous allure? Whether tracking night-stalking werewolves, chanting black magic mantras with Satanists, or interviewing a funereal modern-day Count Dracula, Reece is determined to uncover the truth. A wry exploration of a secret and secretive subculture, *Creatures of the Night* is at the same time a bold and startling journey into a wraithlike world that has so often seemed to lie beyond the limits of rational comprehension - until now.

cheat unfinished business cast: *Gold, Silver, and Bronze* Jennifer Montagu, 2023-08-15 An in-depth look at the exquisite metal sculpture of the Roman baroque Roman baroque sculpture is usually thought of in terms of large-scale statues in marble and bronze, tombs, or portrait busts. Smaller bronze statuettes are often overlooked, and the extensive production of sculptural silver—much of which is now lost but can be studied from drawings—is frequently omitted from the histories of art. In this book, Jennifer Montagu enriches our understanding of the sculpture of the period by investigating the bronzes that adorn the great tabernacles of Roman churches; gilded silver, both secular and ecclesiastical; elaborately embossed display dishes; and the production of medals. Concentrating on selected pieces by such master sculptors as Bernini and leading metal-workers such as Giovanni Giardini, Montagu examines the often tortuous relationship between patrons and artists and elucidates the relationship between those who provided the drawings or models and the craftsmen who executed the finished sculptures.

cheat unfinished business cast: *Sharpe's Revenge (#10)* Bernard Cornwell, 2001-11-01 When his honor and reputation are at stake, Sharpe seeks revenge—at any cost It is 1814, and the defeat of Napoleon seems imminent—if the well-protected city of Toulouse can be conquered. For Richard Sharpe, the battle turns out to be one of the bloodiest of the Peninsula Wars, and he must draw on his last reserves of strength to lead his troops to victory. But before Sharpe can lay down his sword, he must fight a different sort of battle. Accused of stealing Napoleon's personal treasure, Sharpe escapes from a British military court and embarks on the battle of his life—armed only with the unflinching resolve to protect his honor.

Ashok Raj is a research coordinator based in New Delhi. An alumnus of the Indian Institute of Technology, New Delhi, he has served as a consultant to several national and international organizations and NGOs in various spheres such as science, culture and the media. His significant work is a sixteen-part series on cinema, which was published in *Screen* (in 1988).

cheat unfinished business cast: *Television Movies of the 21st Century* Vincent Terrace, 2021-05-07 For the major broadcast networks, the heyday of made-for-TV movies was 20th Century programming like *The ABC Movie of the Week* and *NBC Sunday Night at the Movies*. But with changing economic times and the race for ratings, the networks gradually dropped made-for-TV movies while basic cable embraced the format, especially the Hallmark Channel (with its numerous Christmas-themed movies) and the Syfy Channel (with its array of shark attack movies and other things that go bump in the night). From the waning days of the broadcast networks to the influx of basic cable TV movies, this encyclopedia covers 1,370 films produced during the period 2000-2020. For each film entry, the reader is presented with an informative storyline, cast and character lists, technical credits (producer, director, writer), air dates, and networks. It covers the networks (ABC, CBS, Fox, Ion, and NBC) and such basic cable channels as ABC Family, Disney, Fox Family, Freeform, Hallmark, INSP, Lifetime, Nickelodeon, Syfy, TBS and TNT. There is also an appendix of Announced but Never Produced TV movies and a performer's index.

cheat unfinished business cast: *A History of Horrors* Denis Meikle, 2009 This revised and

updated edition of *A History of Horrors* traces the life and 'spirit' of Hammer, from its fledgling days in the late 1940s through its successes of the 1950s and '60s to its decline and eventual liquidation in the late 1970s. With the exclusive participation of all of the personnel who were key to Hammer's success, Denis Meikle paints a vivid and fascinating picture of the rise and fall of a film empire, offering new and revealing insights into 'the truth behind the legend.' Much has been written about Hammer's films, but this is the only book to tell the story of the company itself from the perspective of those who ran it in its heyday and who helped to turn it into a universal byword for terror on the screen.

cheat unfinished business cast: *The Columbia Companion to American History on Film* Peter C. Rollins, 2004-03-24 American history has always been an irresistible source of inspiration for filmmakers, and today, for good or ill, most Americans' sense of the past likely comes more from Hollywood than from the works of historians. In important films such as *The Birth of a Nation* (1915), *Roots* (1977), *Apocalypse Now* (1979), and *Saving Private Ryan* (1998), how much is entertainment and how much is rooted in historical fact? In *The Columbia Companion to American History on Film*, more than seventy scholars consider the gap between history and Hollywood. They examine how filmmakers have presented and interpreted the most important events, topics, eras, and figures in the American past, often comparing the film versions of events with the interpretations of the best historians who have explored the topic. Divided into eight broad categories—Eras; Wars and Other Major Events; Notable People; Groups; Institutions and Movements; Places; Themes and Topics; and Myths and Heroes—the volume features extensive cross-references, a filmography (of discussed and relevant films), notes, and a bibliography of selected historical works on each subject. *The Columbia Companion to American History on Film* is also an important resource for teachers, with extensive information for research or for course development appropriate for both high school and college students. Though each essay reflects the unique body of film and print works covering the subject at hand, every essay addresses several fundamental questions: What are the key films on this topic? What sources did the filmmaker use, and how did the film deviate (or remain true to) its sources? How have film interpretations of a particular historical topic changed, and what sorts of factors—technological, social, political, historiographical—have affected their evolution? Have filmmakers altered the historical record with a view to enhancing drama or to enhance the truth of their putative message?
