emirates business class menu: *Effective Talent Management* Mark Wilcox, 2016-06-10 Effective talent management is about aligning the business's approach to talent with the strategic aims and purpose of the organisation. The core rationale of any talent strategy should be to have a direct positive impact on the organisation's goals but in many cases this is not so. The ideas, principles and approaches outlined here will enable the reader to understand the strategic nature of talent and design a response that meets the needs of their own organisation. Case studies are used to illustrate the concepts and proven methodologies guide the day-to-day practice of the reader. The content will link the strategic intent of HR with the practical actions it takes to make a positive impact on the business's results. The author begins by examining the disconnected nature of talent management in many organisations; how at times it has been a response to trends and seen by many as a bolt on to HR and he proposes a different model, one that links clearly the development of a talent strategy with the achievement of a business strategy. Mark Wilcox summarises succinctly the case for a more strategic approach to talent management, one directly linked to business performance. He concludes that the time is now right for talent management, and therefore many HR managers, to move from a functional support role to one with a direct strategic impact on the business.

emirates business class menu: Cold Barrel Zero Matthew Quirk, 2016-03-29 John Hayes is a Special Operations legend who went rogue on a deep-cover mission and betrayed his own soldiers. Disgraced and on the run, he returns to the United States to get back to his wife and daughter and take revenge on his accusers with a series of devastating attacks. Only one man can stop him: Thomas Byrne. He once fought alongside Hayes as a combat medic, but he gave up the gun. Now a surgeon, he moves from town to town, trying to forget his past, until he is called upon by a high-ranking government official to help capture the man he once called a friend. Hayes and Byrne were once as close as brothers, but with the fate of the nation hanging in the balance and nothing as it seems, both men must decide whom to trust -- and whom to betray. In a final, explosive battle for justice, they face off along a rifle's cold barrel. Cold Barrel Zero brings together the blistering pace of Lee Child, the nonstop action of Brad Thor, and the richly drawn characters and moral stakes of Daniel Silva. An experienced reporter armed with deep behind-the-scenes research into America's Special Operations Forces, Quirk takes the military thriller to a new level of suspense.
