What is a Dun & Bradstreet Business Credit Score?

The Dun & Bradstreet business credit score is a numerical representation of a company's creditworthiness. This score ranges from 1 to 100, with higher scores indicating a lower risk of default. Dun & Bradstreet (D&B) is a leading provider of business data and analytics, using its proprietary algorithms and vast database to assess the financial health of businesses globally. The score reflects a company's ability to meet its financial obligations based on its credit history and overall business performance.

In essence, the D&B business credit score is crucial for suppliers, lenders, and potential business partners. It provides them with insights into a company's financial stability and payment behavior, influencing lending decisions and business relationships. A strong score can open doors to better credit terms and opportunities, while a low score may hinder growth and limit potential partnerships.

How is the D&B Business Credit Score Calculated?

The calculation of the Dun & Bradstreet business credit score involves several key components. D&B analyzes various data points to create a comprehensive picture of a company's credit risk. The primary factors influencing the score include:

- **Payment History:** This accounts for the company's past payment behavior, including the timeliness of payments to suppliers and creditors.
- **Financial Stability:** D&B assesses financial statements and other related metrics to evaluate the overall financial health of the business.
- **Public Records:** Any legal judgments, liens, or bankruptcies are considered, as they can

significantly impact credit scores.

- **Company Size and Age:** Larger and more established companies often have a more favorable score due to a proven track record.

Each of these factors contributes to the overall score, which is designed to predict the likelihood of a company defaulting on payments. Understanding how this score is calculated can help business owners take proactive steps to improve their creditworthiness.

The Importance of a Good D&B Business Credit Score

A good Dun & Bradstreet business credit score is essential for several reasons. It not only impacts the ability to secure financing but also influences the terms and conditions offered by lenders and suppliers. Some key benefits of maintaining a strong D&B business credit score include:

- **Access to Credit:** Companies with higher scores are more likely to be approved for loans and credit lines, often at more favorable interest rates.
- **Better Supplier Terms:** Suppliers may extend more favorable payment terms to businesses with good credit scores, improving cash flow management.
- **Enhanced Reputation:** A strong score can enhance a company's reputation, making it more attractive to potential investors and partners.
- **Competitive Advantage:** Companies with a good credit score can leverage this to gain a competitive edge in negotiations with vendors and customers.

Overall, a high D&B business credit score is a valuable asset that can significantly impact a company's financial opportunities and business relationships.

How to Check Your D&B Business Credit Score

Monitoring your Dun & Bradstreet business credit score is crucial for managing your company's credit health. To check your score, follow these steps:

1. **Register on the D&B Website:** Create an account on the Dun & Bradstreet website to access your business credit report.
2. **Request Your Credit Report:** Once registered, you can request your business credit report, which includes your D&B score.
3. **Review Your Information:** Analyze the report for accuracy, ensuring that all information reflects your business's performance.
4. **Contact D&B for Discrepancies:** If you find errors or discrepancies, contact D&B to dispute these issues and have them corrected.

Regularly checking your D&B business credit score allows you to stay informed about your credit health and make necessary adjustments to improve your score over time.

Steps to Improve Your D&B Business Credit Score

Improving your Dun & Bradstreet business credit score is a proactive endeavor that can yield significant benefits. Here are some effective strategies to enhance your score:

dun and bradstreet business credit score: Business Capital 101 Roberta A. Pellant, Tony Drexel-Smith, 2021-04-26 The purpose of this book is to define the process and protocols of the

TASASS™ score. It also serves as the textbook for the USCGA™ TASASS™ certification course. It was written as a manual for students, entrepreneurs, finance professionals, advisors, and consultants. It defines the types of capital available and documentation requirements to achieve “success” in the capital marketplace. Success is defined as a trifecta of: 1) the enterprise acquiring capital; 2) the business becoming successful and 3) the capital source(s) receiving a positive outcome. Business Capital 101 provides clarity in an otherwise complicated environment of gaining access to capital for qualified enterprises. Our mission is to provide a compliant, professional, time-sensitive, cost-conscious, and realistic approach to the business finance process. We accomplish this mission by the implementation of a due diligence process known as the TASASS™ score. The TASASS™ score was developed as a result of a study of more than 300 enterprises engaged by me since 2008 wherein, I was able to determine the more than 300 common attributes amongst successful and failed ventures. The TASASS™ score is a combination of a Transaction Analysis™ (TA), a Situation Analysis™ (SA) implemented in a Software (S) that results in a Score (S). The TASASS™ score is a standardized objective due diligence process that serves capital markets during the enterprise vetting phase of capitalization. The software was created based on a 10-year study of 300 applicants. The goal of the proprietary Software as a Service (SaaS) is to identify opportunities that achieve a TASASS™ score in excess of 92.5%, known as “TASASS Prime™.” TASASS™ is an acronym for: Transaction Analysis Situation Analysis Scoring Software™. The TASASS™ score was developed by Tony Drexel Smith through the financial and human capital resources of: TASASS, Inc, The Association of Blue Moon Advisors, Blue Moon Advisors, Inc., Blue Moon Consortium, Inc., US Capital Global, SUMATICI, Inc., and TD Smith & Associates. Enterprises that have raised capital successfully have the following commonalities: they sought the right type of capital for their stage of development and ability to repay; they created documentation that speaks to the correct capital; and they earned a minimum of 925 out of the 1,000 points possible in our TASASS™ score. Tony Drexel Smith Dr. Roberta Pellant
