high waisted business casual pants: How to Dress an Apple Shaped Body Marie Rowland, 2015-11-20 No matter how often you hear that you look great or that you're luckier than others, it's still impossible to avoid the ever-present pressure to be skinny like a model on a billboard. Advertising everywhere focuses on an unrealistic ideal, an image of a woman who looks incredible in every piece of clothing she wears. Of course, that image is almost entirely impossible. Most women in ads these days are airbrushed, slimmed down with Photoshop, and would be unrecognizable if you saw them in person. Their secret to looking great is no secret - they are enhanced by the best computer technology available and they've got teams of hair and make-up stylists making them look as good as possible for each photo shoot.

high waisted business casual pants: **The Safar Sheikhs Series** Leslie North, Book One: The Sheikh's Wife Arrangement Ancient law dictates that Sheikh Fatim Safar has to marry or be disinherited by his 30th birthday. Fatim isn't worried—he married years earlier and had two children with his wife before she died. But there's a catch: the law states he must be married at age 30. Two weeks from his 30th birthday, there's no time to change it or fight it...it's more expedient to marry. Calla Clark is out to prove her parents wrong. Instead of marrying well like her mother wanted, Calla's in the Middle East to prove her design prowess. And what better way to do that than becoming seamstress for the royal family and getting to drape fabric over the sexy Sheikh's rock-hard body. She can't act on her temptations, of course. She's got goals to crush. Still, when she watches the way the Sheikh commands his tribe, and cares for his kids, she can't help but feel an undeniable attraction. Fatim has taken a liking to Calla, too. She's smart, thoughtful, and good with his children. With his birthday right around the corner, Fatim offers her the position as his wife. It's only temporary, and in return for marrying him and helping with his children, he'll give her everything she needs for the upcoming Fashion Week. Calla agrees...so long as he helps keep her dream alive. Book Two: The Sheikh's Instant Family Sheikh Amad has always gone with his gut, which is why his ventures abroad have multiplied his tribe's wealth and business connections. But with his 30th birthday approaching—and with expectations that he be married by then—he's got to go home soon...That means leaving his life in Las Vegas, and Vanessa, the sexy waitress he's falling for, behind. Vanessa Hammerman has had to work for everything she's ever had, left by every man from her father on up. Sheikh Amad has been fun, but she's not thinking of a long-term commitment with a Middle Eastern prince. She'd rather keep it fun...until the pregnancy test comes back positive. Now she's out on the biggest limb of her life: Will this man run from her, too? Or will he be the one to stay? It seems like fate when Vanessa tells Amad he's going to be a father, and his marriage proposal is instantaneous. It's the perfect solution for fulfilling his duty while at the same time satisfying his heart. But when he brings her home to his tribe, he realizes his independent, Western bride might not work so well in the traditional structure of the Middle East. Vanessa has put everything on the line for this: her heart, her career, and her life. So when she refuses to fall in line with Amad's expectations, they begin to doubt if they can make it work. But if they take the chance, love could become the biggest win of their lives. Book Three: The Sheikh's Sham Engagement Nasser Safar isn't what you'd call a long-term man. Over the last few years he's been raising funds for an education initiative for his Tribe, and while he's still focused on that, he's also been playing the field, trying to outrun the memory of the woman who left him. She chose her love for her sister over her love for him. It's a wound that still haunts Nasser, even while he continues the education project that had been their shared dream. Willow Everstone left the only man she'd ever loved after he'd given her an ultimatum: stay with him, or leave to care for her cancer-ridden sister and let him go. It was the hardest decision she ever had to make, and in the end she lost her chance at a future with the love of her life. Now, with her sister in remission, Willow is ready to follow her dream of bringing education to all parts of the world. Her first project? A newly minted international initiative...in Nasser's country. Neither Nasser nor Willow are happy having to work together to create the Tribe's new school. But when a visa issue almost kicks Willow out of the country—leaving her education initiative in limbo—Nasser offers an unconventional solution: a fake engagement.

high waisted business casual pants: Designing Clothes Veronica Manlow, 2018-05-04 Fashion is all around us: we see it, we buy it, we read about it, but most people know little about fashion as a business. Veronica Manlow considers the broader significance of fashion in society, the creative process of fashion design, and how fashion unfolds in an organizational context where design is conceived and executed. To get a true insider's perspective, she became an intern at fashion giant Tommy Hilfger. There, she observed and recorded how a business's culture is built on a brand that is linked to the charisma and style of its leader. Fashion firms are not just in the business of selling clothing along with a variety of sidelines. These companies must also sell a larger concept around which people can identify and distinguish themselves from others. Manlow defines the four main tasks of a fashion firm as creation of an image, translation of that image into a product, presentation of the product, and selling the product. Each of these processes is interrelated and each requires the efforts of a variety of specialists, who are often in distant locations. Manlow shows how the design and presentation of fashion is influenced by changes in society, both cultural and economic. Information about past sales and reception of items, as well as projective research informs design, manufacturing, sales, distribution, and marketing decisions. Manlow offers a comprehensive view of the ways in which creative decisions are made, leading up to the creation of actual styles. She helps to define the contribution fashion firms make in upholding, challenging, or redefining the social order. Readers will find this a fascinating examination of an industry that is quite visible, but little understood.

high waisted business casual pants: Double-Edged Sword Bart Paul, 2020-09 Sidney Franklin (1903-76) was the last person you'd expect to become a bullfighter. The streetwise son of a Russian Jewish cop, Sidney had an all-American boyhood in early twentieth-century Brooklyn--while hiding the fact that he was gay. A violent confrontation with his father sent him packing to Mexico City, where first he opened a business, then he opened his mouth--bragging that Americans had the courage to become bullfighters. Training with iconic matador Rodolfo Gaona, Sidney's dare spawned a legend. Following years in small-town Mexican bullrings, he put his moxie where his mouth was, taking Spain by storm as the first American matador. Sidney's 1929 rise coincided with that of his friend Ernest Hemingway's, until a bull's horn in a most inappropriate place almost ended his career--and his life. Bart Paul illuminates the artistry and violence of the mysterious ritual of the bulls as he tells the story of this remarkable character, from Franklin's life in revolutionary Mexico to his triumphs in Spain, from the pages of *Death in the Afternoon* to the destructive vortex of Hemingway's affair with Martha Gellhorn during the bloody Spanish Civil War. This is the story of an unlikely hero--a gay man in the most masculine of worlds who triumphed over prejudice and adversity as he achieved what no American had ever accomplished, teaching even Hemingway lessons in grace, machismo, and respect.
