irongate business advisors: Swords Are My Business Alex Bledsoe, 2013-11-05 Alex Bledsoe introduced the world to Eddie LaCrosse, the hard-boiled but soft-hearted detective known as a sword jockey who, for twenty-five gold pieces a day, plus expenses, will take on any case short of murder for hire. Like Philip Marlowe in shining armor or Sam Spade with a sword, Eddie goes down his mean medieval streets trying to walk the straight and narrow in a crooked, twisting fantasy world. Over the course of four novels, LaCrosse has encountered dragons, pirates, sea monsters, goddesses, ghosts, and magic, all the while keeping his cool and doing what's right. In this collection you'll receive the complete text of the first four Eddie LaCrosse novels. The Sword-Edged Blonde When a childhood friend, now a king, asks Eddie's help in clearing his queen of a murder charge, Eddie's long-buried past refuses to stay hidden. Burn Me Deadly Someone will go to any lengths, including torture and murder, to locate the last remaining dragon eggs. But dragons aren't real, are they? Dark Jenny A poisoned apple sets off political turmoil that threatens to destroy an entire Camelot-like kingdom, and take Eddie with it. Wake of the Bloody Angel Eddie searches for the vanished pirate Black Edward Tew and his legendary treasure, but even the help of a tough former pirate queen may not be enough to save him from what he finds. irongate business advisors: Too Good to Be True Erin Arvedlund, 2010-07-06 The untold story of the Madoff scandal, by one of the first journalists to question his investment practices Despite all the headlines about Bernard Madoff, he is still shrouded in mystery. How did he fool so many smart investors for so long? Who among his family and employees knew the truth? The person best qualified to answer these questions is Erin Arvedlund. In early 2001, she was suspicious of the amazing returns of Madoff's hedge fund. Her subsequent article in Barron's could have prevented a lot of misery, had the SEC followed up. Arvedlund presents a sweeping narrative of Madoff's career-from his youth in Queens, New York, to his early days working for his father-in-law, and finally to infamy as the world's most notorious swindler. Readers will be fascinated by Arvedlund's portrayal of Madoff, his empire, and all those who never considered that he might be too good to be true.

irongate business advisors: Safe Haven David R. Gross, 2022-09-09 Hasdai ibn Shaprut was

a Talmudic scholar who lived from 915-975. He was a linguist fluent in Hebrew, Arabic, and Latin, and a renowned physician. The caliph of Cordoba, Abd-ar-Rhaman III, recognized his learning, intelligence, and skills and appointed him court physician, and the inspector general for customs collections. He became a respected diplomatic advisor, particularly when dealing with the Byzantine empire. Shaprut also was appointed Nagid (head) of all the Jews of the caliphate. Because of his great wealth, wisdom, and high rank, he was able to protect and advocate for, not only the Jews of Cordoba, but those Jews throughout the diaspora. He supported and regularly corresponded with leading Talmudic authorities in Babylon and North Africa. An interesting, but disputed, correspondence, written in Hebrew, exists between Shaprut and the Jewish king of the Khazar empire. Shaprut dispatched his personal envoy to travel to Atil, the Khazar capital, to ascertain if the Khazars were, in fact Jewish, and if so, would it be possible for Jews escaping persecution to find safe haven within its borders.
