monkey business coffee: Irish Coffee Ralph McInerney, 2003-11-11 Set against the backdrop of an exciting Notre Dame basketball season, Irish Coffee will delight fans of both Notre Dame lore and of Ralph McInerney's impeccably plotted mysteries. When Fred Neville of the Notre Dame athletic department winds up dead under mysterious circumstances, amateur sleuth and academic Roger Knight, and his brother, Phil, a P.I., investigate the apparent murder. The trouble: no suspects. No suspects, that is, until the day of Fred's funeral, when several likely candidates

suddenly appear at the poor man's wake. First, Mary Schuster, daughter of a faculty widow, shows up at the event dressed all in black, with the startling announcement that she and the deceased were secretly in love. Then the controversy doubles when another woman arrives with a huge diamond ring on her finger, claiming to have been Fred's intended. Could it be that unassuming Fred Neville was actually involved with two women, in secret and at the same time? Roger thinks not, and finds a notable piece of evidence to back up his hunch when a secret stash of Fred's poetry turns up, clearly written with a single woman in mind. Unfortunately, the object of Fred's intense love remains unnamed in his verse. Suddenly, both women are suspects in a vicious crime. But it's up to Roger to plug into the campus gossip grid and, with a little help from Phil, not to mention his vast knowledge of just about everything that happens on campus, determine the exact chain of events that led to murder.

monkey business coffee: Designing Coffee Shops and Cafés for Community Lisa Waxman, 2022-04-19 Designing Coffee Shops and Cafés for Community brings together research, theory, and practical applications for designing coffee shops and cafes as places to enhance community connections. As people search for meaning and connection in their lives, they often seek out places that root them in their community. Designers are responsible for creating these spaces, and to do so well, they need to understand the physical and social attributes that make such spaces successful. Addressing societal trends, environment and behavior theories, place attachment, branding, authenticity, location, layout, and ambiance, the book provides guidelines to help designers and operators create more welcoming third places—places that are not home, not work, but those where we can relax in the company of others. It includes eight case studies by authors from three countries that ground the theories in real-life third places. Its practical design guidelines cover location, accessibility, seating, lighting, sound, and more. Written for students, academics, and designers, this book discusses the value of coffee shops and cafés and guides readers through the ways to create places of belonging that bring people together.

monkey business coffee: Coffee with John Heartbreak Dan Krotz, 2009-12-31 Can a serial killer come to Jesus and find true love and happiness in Berryville, Arkansas? Will John Heartbreak disappear and will anyone care if he does? Will Berryville ever spruce up its East German Communist Party influenced Public Square fountains? More to the point, can Heartbreak's Pretty Good Books and Really Dreadful Coffee survive by selling dollar books to tight-fisted Lutherans from Iowa? Or, will John, and Clara Jane Smith who is hiding out from the FBI in Berryville, succeed in their aim to reform the Iowans and pry a few bucks out of their corn subsidy welfare checks? Yup. This book has plenty of questions. And the answer is, of course, 42. But don't blame me. It's all Douglas Adams' fault because as you all realize, 42 is the answer to Life, the Universe, and Everything. So, read the book. When it's all over you'll know why Unitarians are the way they are, why it's premature to discredit Chaos Theory, and why Mrs. Heartbreak is trying to convince everyone that John is a ventriloquist.
