monkey business casting: Casting Might-Have-Beens Eila Mell, 2015-01-24 Some acting careers are made by one great role and some fall into obscurity when one is declined. Would Al Pacino be the star he is today if Robert Redford had accepted the role of Michael Corleone in The Godfather? Imagine Tom Hanks rejecting Uma Thurman, saying that she acted like someone in a high school play when she auditioned to play opposite him in The Bonfire of the Vanities. Picture Danny Thomas as The Godfather, or Marilyn Monroe as Cleopatra. This reference work lists hundreds of such stories: actors who didn't get cast or who turned down certain parts. Each entry, organized alphabetically by film title, gives the character and actor cast, a list of other actors considered for that role, and the details of the casting decision. Information is drawn from extensive research and interviews. From About Last Night (which John Belushi turned down at his brother's urging) to Zulu (in which Michael Caine was not cast because he didn't look Cockney enough), this book lets you imagine how different your favorite films could have been.

monkey business casting: Hollywood Horrors Andrea Van Landingham, 2021-11-01 The name "Hollywood" conjures up fantastical images of bright lights, glamorous dreams, and impossible riches. From its humble beginnings as a ranch sprawling northwest of Los Angeles in the late 1800s, Hollywood has spanned lifetimes as a factory of dreams, a dazzling place where all things are possible. This collection of stories takes you on a journey into the golden age, illuminating the space between the airy fantasy and the gritty reality of life in Hollywood. In a transient city where nothing lasts, thousands of stories have taken place in their time here. From the offscreen debauchery of the silent era, to countless dramatic and mysterious deaths, to the sinister past lives of world-famous LA landmarks, vestiges of Hollywood's checkered past can still be found all over the city. With generations of Tinseltown's luminaries living and working under the sunny guise of paradisaal prosperity, their real stories reveal the sordid underbelly lurking directly beneath the surface. A dangerous collusion between the studios, the press, the mob, and the LAPD forms an impenetrable behind-the-scenes network of corruption, power and control, where the truth is always up for sale. A network in which the most glamorous and well-known figures are merely players in this elaborate charade. It's magical and gritty, it's ugly and dirty, it's the land of dreams...it's Hollywood.

monkey business casting: A Treasury of Deception Michael Farquhar, 2005-05-31 We may say that honesty is the best policy, but history—to say nothing of business, politics, and the media—suggests otherwise. In this infinitely citable book, the author of two bestselling treasuries of scandal recounts some of the greatest deceptions of all time. With what forged document did the

Vatican lay claim to much of Europe? Who wrote Hitler's diaries? Why do millions still believe the vague doggerel that Nostradamus passed off as prophecy? Organizing his material by theme (con artists, the press, military trickery, scientific fraud, imposters, great escapes, and more), Michael Farquhar takes in everything from the hoodwinking of Hitler to Vincent "the Chin" Gigante's thirty-year crazy act. *A Treasury of Deception* is a zestful, gossipy exposé—and celebration—of mendacity. *A Treasury of Deception* also includes: Ten tricksters from scripture Ten great liars in literature Ten egregious examples of modern American doublespeak Ten classic deceptions from Greek mythology

monkey business casting: *Treasure Neverland* Neil Rennie, 2013-09-12 *Treasure Neverland* is about factual and fictional pirates. Swashbuckling eighteenth-century pirates were the ideal pirates of all time and tales of their exploits are still popular today. Most people have heard of Blackbeard and Captain Kidd even though they lived about three hundred years ago, but most have also heard of

other pirates, such as Long John Silver and Captain Hook, even though these pirates never lived at all, except in literature. The differences between these two types of pirates - real and imaginary - are not quite as stark as we might think as the real, historical pirates are themselves somewhat legendary, somewhat fictional, belonging on the page and the stage rather than on the high seas. Based on extensive research of fascinating primary material, including testimonials, narratives, legal statements, colonial and mercantile records, Neil Rennie describes the ascertainable facts of real eighteenth-century pirate lives and then investigates how such facts were subsequently transformed artistically, by writers like Defoe and Stevenson, into realistic and fantastic fictions of various kinds: historical novels, popular melodramas, boyish adventures, Hollywood films. Rennie's aim is to watch, in other words, the long dissolve from Captain Kidd to Johnny Depp. There are surprisingly few scholarly studies of the factual pirates - properly analysing the basic manuscript sources and separating those documents from popular legends - and there are even fewer literary-historical studies of the whole crew of fictional pirates, although those imaginary pirates form a distinct and coherent literary tradition. *Treasure Neverland* is a study of this Scots-American literary tradition and also of the interrelations between the factual and fictional pirates - pirates who are intimately related, as the nineteenth-century writings about fictional pirates began with the eighteenth-century writings about supposedly real pirates. 'What I want is the best book about the Buccaneers', wrote Stevenson when he began *Treasure Island* in 1881. What he received, rightly, was indeed the best book: the sensational and unreliable *History of the Pyrates* (1724).

monkey business casting: Billy Wilder Joseph McBride, 2021-10-26 The director and cowriter of some of the world's most iconic films—including *Double Indemnity*, *Sunset Blvd.*, *Some Like It Hot*, and *The Apartment*—Billy Wilder earned acclaim as American cinema's greatest social satirist. Though an influential fixture in Hollywood, Wilder always saw himself as an outsider. His worldview was shaped by his background in the Austro-Hungarian Empire and work as a journalist in Berlin during Hitler's rise to power, and his perspective as a Jewish refugee from Nazism lent his films a sense of the peril that could engulf any society. In this critical study, Joseph McBride offers new ways to understand Wilder's work, stretching from his days as a reporter and screenwriter in Europe to his distinguished as well as forgotten films as a Hollywood writer and his celebrated work as a writer-director. In contrast to the widespread view of Wilder as a hardened cynic, McBride reveals him to be a disappointed romantic. Wilder's experiences as an exile led him to mask his sensitivity beneath a veneer of wisecracking that made him a celebrated caustic wit. Amid the satirical barbs and exposure of social hypocrisies, Wilder's films are marked by intense compassion and a profound understanding of the human condition. Mixing biographical insight with in-depth analysis of films from throughout Wilder's career as a screenwriter and director of comedy and drama, and drawing on McBride's interviews with the director and his collaborators, this book casts new light on the full range of Wilder's rich, complex, and distinctive vision.

monkey business casting: On Sunset Boulevard Ed Sikov, 2017-06-14 On Sunset Boulevard, originally published in 1998, describes the life of acclaimed filmmaker Billy Wilder (1906-2002), director of such classics as Sunset Boulevard, The Lost Weekend, The Seven Year Itch, and Sabrina. This definitive biography takes the reader on a fast-paced journey from Billy Wilder's birth outside of Krakow in 1906 to Vienna, where he grew up, to Berlin, where he moved as a young man while establishing himself as a journalist and screenwriter, and triumphantly to Hollywood, where he became as successful a director as there ever was. Double Indemnity, Sunset Boulevard, Some Like It Hot, and The Apartment Wilder's cinematic legacy is unparalleled. Not only did he direct these classics and twenty-one other films, he co-wrote all of his own screenplays. Volatile, cynical, hilarious, and driven, Wilder arrived in Hollywood an all-but-penniless refugee who spoke no English. Ten years later he was calling his own shots, and he stayed on top of the game for the next three decades. Wilder battled with Humphrey Bogart, Marilyn Monroe, Bing Crosby, and Peter Sellers; kept close friendships with William Holden, Audrey Hepburn, Jack Lemmon, and Walter Matthau; amassed a personal fortune by way of blockbuster films and shrewd investments in art (including Picassos, Klees, and Mir's); and won Oscars--yet Wilder, ever conscious of his thick accent, always felt the sting of being an outsider. On Sunset Boulevard traces the course of a turbulent but fabulous life, both behind the scenes and on the scene, from Viennese cafes and Berlin dance halls in the twenties to the Hollywood soundstages of the forties and the on-location shoots of the fifties and sixties. Crammed with Wilder's own caustic wit, On Sunset Boulevard reels out the story of one of cinema's most brilliant and prolific talents.
