

nightly business report 2001

nightly business report 2001 was a significant period for the renowned financial news program that aired on PBS. This year marked a pivotal time in both the program's history and the broader economic landscape of the United States. The show, which provided in-depth analysis of daily market activities, economic trends, and financial news, was instrumental in informing viewers about critical developments in the business world. In this article, we will explore the key features and highlights of the Nightly Business Report in 2001, the economic context of that year, notable segments, and the impact it had on viewers.

Additionally, we will delve into how the program adapted to the rapidly changing economic environment post-9/11 and how it continued to evolve in the face of new challenges. This comprehensive overview will enhance your understanding of the Nightly Business Report's legacy and its significance in the realm of financial journalism.

- Introduction to Nightly Business Report
- The Economic Landscape of 2001
- Notable Segments and Features
- Impact of 9/11 on Financial Reporting
- Legacy and Evolution of the Program
- Conclusion

Introduction to Nightly Business Report

The Nightly Business Report (NBR) has been a staple of financial journalism since its inception in 1979. By 2001, the program had established itself as a trusted source of business news, providing viewers with timely and accurate information on stock market trends, economic indicators, and corporate developments. Hosted by seasoned journalists, NBR aimed to demystify complex financial topics for the average viewer, making it accessible and engaging. The program featured expert commentary, interviews with industry leaders, and in-depth analysis, which collectively informed the audience about the dynamics of the financial markets.

In 2001, several key developments shaped the content and focus of the Nightly Business Report. The year was marked by economic uncertainty, characterized by a recession that began in March 2001 and was exacerbated by the tragic events of September 11. As a result, NBR had to navigate a challenging landscape while still delivering pertinent information to its audience. This adaptability showcased the program's resilience and

dedication to its viewers during a tumultuous time.

The Economic Landscape of 2001

The economic climate of 2001 was defined by a series of significant events that influenced market behavior. The dot-com bubble burst in early 2000, leading to a downturn in technology stocks that continued into 2001. This period of decline resulted in widespread layoffs and a general sense of insecurity among investors and consumers alike. The Federal Reserve undertook aggressive measures to stimulate the economy, cutting interest rates multiple times throughout the year.

Key economic indicators during this time reflected the challenges faced by the U.S. economy:

- **Unemployment Rate:** The unemployment rate rose, reaching over 5.5% by the end of 2001.
- **Stock Market:** Major indices, including the S&P 500 and NASDAQ, experienced significant declines, with the NASDAQ losing nearly 50% of its value from its peak in 2000.
- **Consumer Confidence:** Consumer confidence plummeted, affecting spending and investment decisions.

This economic backdrop provided a critical context for the Nightly Business Report's coverage in 2001. The program's segments often focused on the implications of these economic indicators, offering insights into how they affected various industries and the broader market.

Notable Segments and Features

Throughout 2001, the Nightly Business Report produced several notable segments that resonated with its audience. These segments were designed to provide clarity during uncertain times, highlighting stories of resilience and adaptation within the business community.

Focus on the Technology Sector

The technology sector, heavily impacted by the dot-com crash, received considerable attention. The program featured segments analyzing the struggles of major tech

companies, including the impact of layoffs and restructuring efforts. Interviews with industry experts provided viewers with insights into the future of technology investments and the potential for recovery.

Corporate Governance and Accountability

In light of corporate scandals that rocked several major companies, such as Enron and WorldCom, NBR dedicated segments to corporate governance and accountability. These discussions helped illuminate the importance of transparency and ethical practices in business, reinforcing the show's commitment to responsible journalism.

Investment Strategies for Uncertain Times

As investors grappled with market volatility, the program featured advice on investment strategies suitable for a recessionary environment. Financial experts shared insights on asset allocation, diversification, and risk management, equipping viewers with knowledge to navigate the turbulent waters of the financial markets.

Impact of 9/11 on Financial Reporting

The events of September 11, 2001, had a profound impact on the Nightly Business Report and the financial landscape as a whole. In the immediate aftermath of the attacks, NBR shifted its focus to cover the economic implications of the tragedy, including the effects on the stock market, insurance industries, and travel sectors.

The stock market closed for several days following the attacks, marking one of the longest closures since the Great Depression. When the market reopened, it experienced a sharp decline. NBR provided coverage of these developments, helping viewers understand the broader implications of the attacks on the U.S. economy.

Furthermore, segments addressing national security, the impact on global markets, and the potential for economic recovery became central themes in the program. This comprehensive coverage showcased NBR's commitment to keeping its viewers informed during a time of national crisis.

Legacy and Evolution of the Program

The Nightly Business Report has left a lasting legacy in the field of financial journalism. Its commitment to providing accurate and timely information during pivotal moments in history, such as the economic turmoil of 2001, has solidified its reputation as a trusted

source for business news. The program's ability to adapt to changing circumstances, including the integration of digital media and online platforms, has ensured its relevance in an increasingly digital world.

As the financial landscape continues to evolve, NBR remains a vital resource for viewers seeking to understand complex economic issues. Its legacy is reflected in the continued emphasis on thorough analysis, expert commentary, and a commitment to journalistic integrity.

Conclusion

In summary, nightly business report 2001 was a year filled with challenges and transformations that shaped the program's direction and content. The economic landscape of 2001, marked by the dot-com crash and the aftermath of 9/11, provided a unique backdrop for the Nightly Business Report. Through notable segments focusing on technology, corporate governance, and investment strategies, the program offered valuable insights to its audience during a time of uncertainty. As the legacy of NBR endures, its commitment to delivering high-quality financial news remains a cornerstone of its mission.

Q: What was the significance of the Nightly Business Report in 2001?

A: The Nightly Business Report in 2001 played a crucial role in providing viewers with essential insights into the turbulent economic landscape, marked by the dot-com crash and the impacts of September 11. Its coverage helped inform the public about market trends and investment strategies during a challenging period.

Q: How did the events of September 11 affect the Nightly Business Report?

A: The Nightly Business Report adapted its coverage to focus on the economic implications of the September 11 attacks, including market reactions, industry impacts, and national security concerns, helping viewers navigate the uncertainty that followed the tragedy.

Q: What were some notable topics covered by the Nightly Business Report in 2001?

A: In 2001, NBR covered various topics, including the struggles of the technology sector post-dot-com bubble, corporate governance issues following major scandals, and investment strategies suitable for a recessionary economy.

Q: How did the Nightly Business Report maintain its audience during economic uncertainty?

A: NBR maintained its audience by providing timely, relevant information and expert analysis on current events, helping viewers make informed decisions in a volatile economic environment.

Q: What is the legacy of the Nightly Business Report?

A: The legacy of the Nightly Business Report lies in its commitment to delivering accurate financial news and analysis, establishing itself as a trusted source for understanding complex economic issues, and adapting to the changing media landscape.

Q: Who were the primary hosts of the Nightly Business Report in 2001?

A: In 2001, the Nightly Business Report was primarily hosted by Tom Hudson and Susie Gharib, both of whom provided viewers with insightful analysis and expert commentary on financial matters.

Q: How has the Nightly Business Report evolved since 2001?

A: Since 2001, the Nightly Business Report has evolved by incorporating digital media, expanding its online presence, and adapting its content to reflect changes in the financial landscape and technology, ensuring continued relevance in the industry.

Q: What types of guests did the Nightly Business Report feature in 2001?

A: NBR featured a variety of guests in 2001, including financial analysts, corporate executives, and economists, who provided expert insights and perspectives on pressing economic issues and trends.

Q: How did the Nightly Business Report address the recession of 2001?

A: The Nightly Business Report addressed the recession of 2001 by covering economic indicators, market trends, and providing expert analysis on the implications for various sectors, helping viewers understand the challenges and potential recovery strategies.

nightly business report 2001: *Nightly Business Report Presents Lasting Leadership* Mukul Pandya, Robbie Shell, Susan Warner, Sandeep Junnarkar, Jeffrey Brown, 2006-01-31 Now in paperback. . . . What outstanding leaders do, and how they do it. Building corporate culture that can withstand anything. Reinventing your business: when it's time, how to do it. Key attributes of lasting leadership. The greatest business leaders of our generation. How they achieved the impossible. What you can learn from them. How to use those lessons to supercharge your career. Two of the world's leaders in business knowledge and insight come together to select and profile the 25 most influential businesspeople of the past quarter century. The team: Nightly Business Report, the United States' #1 daily TV business news program, and Knowledge@Wharton, The Wharton School's online journal of research and business analysis. The book's incisive profiles show exactly how each business leader became so influential. They teach lessons you can use to discover, refine, and nurture your own leadership style -- and gain powerful influence in your own career. You'll gain new insights into familiar faces (Jack Welch, Lou Gerstner, Bill Gates). But you'll also gain greater appreciation for less heralded individuals -- from Mary Kay's Mary Kay Ash to Mohammed Yunus, whose 'microlending' revolution is helping millions of poor people around the world transform themselves into entrepreneurs. No other book offers this much actionable insight into this many extraordinary business leaders. A Conversation with Jack Welch xiii Introduction xxiii Chapter 1 Best of the Best: Inside Andy Grove's Leadership at Intel 1 Chapter 2 Leadership and Corporate Culture 21 Chapter 3 Truth Tellers 47 Chapter 4 Identifying an Underserved Market 73 Chapter 5 Seeing the Invisible 103 Chapter 6 Using Price to Gain Competitive Advantage 131 Chapter 7 Managing the Brand 159 Chapter 8 Fast Learners 183 Chapter 9 Managing Risk 209 Chapter 10 Conclusion 237 References 243 Index 261

nightly business report 2001: Public Papers of the Presidents of the United States United States. President, 1999 Containing the public messages, speeches, and statements of the President, 1956-1992.

nightly business report 2001: African Americans and Mass Media Richard T. Craig, 2014-12-23 In *African Americans and Mass Media*, Richard T. Craig explores the relationship among the lack of media ownership diversity, in addition to the political, and economical, influences, and policy developments influencing media ownership. Craig also addresses the concern of growing media monopolies and the decline in minority media ownership since the passing of the Telecommunications Act of 1996, Focusing the policy argument on this act and the deregulation of media ownership, this book explores, the jeopardy jeopardizing of diminished as well as the influence on content. Observing Black Entertainment Television (BET) in the last five years of African American ownership and the first five years of conglomerate ownership—paralleling the first decade after the Telecommunications Act was passed—the book includes information about the changes made to information programming on the network. Craig asserts that despite the overwhelming presence of African Americans holding executive positions with the network, Viacom, BET's current owner, influences the network's programming and relegates the cultural identity of the network to profit interests. BET is observed as a case study reflective of the importance ethnic media and perspectives reflective of cultural ethnic identities, targeting ethnic audiences. *African Americans and Mass Media* chronicles the significance of ethnic media, drawing particular attention to African American media in the United States, and advocates for increased communication policy

development bolstering minority ownership.

nightly business report 2001: Bull! Greg Eckler, Laura MacDonald, 2013-07-16 Through the 1990s, stocks went up for so long that millions started to believe the pundits who predicted they would climb forever. The market was heralded as a magic get-rich-quick scheme - and its stars were the breathless financial reporters, analysts, politicians, and CEOs who urged Americans to buy, buy, buy and hold, hold, hold. But trees don't grow to the sky and as the market plummets by frequent and lasting double-digit drops, these stars no longer seem as bright. In retrospect, some seem downright stupid. Authors Greg Eckler and L. M. Mac Donald use their wry perspective to profile them all, reminding us that there was a whole team of experts encouraging us to rip up our savings while the rich got super rich. With quotes from Alan Greenspan, Al Gore, Bernie Ebbers, Larry King, and more, Bull! provides a humorously outrageous look at the bubble that many swore could never burst.

nightly business report 2001: Inside the Investor's Brain Richard L. Peterson, 2011-01-11 Unique insights into how the mind of an investor operates and how developing emotional awareness leads to long-term success Inside the Investor's Brain provides readers with specific techniques for understanding their financial psychology, so that they can improve their own performance and learn how to outsmart other investors. Chapter by chapter, author Richard Peterson addresses various mental traps and how they play a role in investing. Through examples, such as a gambling experiment with playing cards, the author shows readers how being aware of the subconscious can separate the smart investors from the average ones. This book also contains descriptions of the work of neuroscientists, financial practitioners, and psychologists, offering an expert's view into the mind of the market. Innovative and accessible, Inside the Investor's Brain gives investors the tools they need to better understand how emotions and mental biases affect the way they manage money and react to market moves.

nightly business report 2001: How I Built this Guy Raz, Nils Parker, 2020 A NEW YORK TIMES BESTSELLER WALL STREET JOURNAL #1 Bestselling Business Book Based on the highly acclaimed NPR podcast, How I Built This with Guy Raz, this book offers priceless insights and inspiration from the world's top entrepreneurs on how to start, launch, and build a successful venture.

nightly business report 2001: Conspiracy of Fools Kurt Eichenwald, 2005-03-14 From an award-winning New York Times reporter comes the full, mind-boggling true story of the lies, crimes, and ineptitude behind the Enron scandal that imperiled a presidency, destroyed a marketplace, and changed Washington and Wall Street forever. It was the corporate collapse that appeared to come out of nowhere. In late 2001, the Enron Corporation—a darling of the financial world, a company whose executives were friends of presidents and the powerful—imploded virtually overnight, leaving vast wreckage in its wake and sparking a criminal investigation that would last for years. Kurt Eichenwald transforms the unbelievable story of the Enron scandal into a rip-roaring narrative of epic proportions, taking readers behind every closed door—from the Oval Office to the executive suites, from the highest reaches of the Justice Department to the homes and bedrooms of the top officers. It is a tale of global reach—from Houston to Washington, from Bombay to London, from Munich to Sao Paulo—laying out the unbelievable scenes that twisted together to create this shocking true story. Eichenwald reveals never-disclosed details of a story that features a cast including George W. Bush, Dick Cheney, Paul O'Neill, Harvey Pitt, Colin Powell, Gray Davis, Arnold Schwarzenegger, Alan Greenspan, Ken Lay, Andy Fastow, Jeff Skilling, Bill Clinton, Rupert Murdoch and Sumner Redstone. With its you-are-there glimpse into the secretive worlds of corporate power, Conspiracy of Fools is an all-true financial and political thriller of cinematic proportions.

nightly business report 2001: Electronic Media Norman J. Medoff, Barbara Kaye, 2013-03-20 Electronic Media connects the traditional world of broadcasting with the contemporary universe of digital electronic media. It provides a synopsis of the beginnings of electronic media in broadcasting, and the subsequent advancements into digital media. Underlying the structure of the book is a See It Then, See It Now, See It Later approach that focuses on how past innovations lay the

groundwork for changing trends in technology, providing the opportunity and demand for change in both broadcasting and digital media. FYI and Zoom-In boxes point to further information, tying together the immediate and long-ranging issues surrounding electronic media. Career Tracks feature the experiences of industry experts and share tips in how to approach this challenging industry. Check out the companion website at <http://www.routledge.com/cw/medoff-9780240812564/> for materials for both students and instructors.

nightly business report 2001: Higher Education in Southeast Asia Anthony Welch, 2011-03-31 This is the first book to systematically chart and comparatively assess the trend towards private higher education in Southeast Asia. It includes a substantial analysis of key policy issues, as well as detailed case studies of Indonesia, Malaysia, Thailand, Philippines, and Vietnam.

nightly business report 2001: New York Magazine , 1986-02-24 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

nightly business report 2001: God at Work David W. Miller, 2007 In the 1980s, Miller shows, a complex set of independent developments gave rise to what is known as the Faith At Work movement. He analyses the history of the movement, examines membership profiles and modes of expression, and constructs and proposes a new framework for discussing the movement.

nightly business report 2001: Icons of Business Kateri M. Drexler, 2007

nightly business report 2001: Fulltext Sources Online , 2007

nightly business report 2001: The New Class Society Earl Wyszong, Robert Perrucci, David Wright, 2013-07-11 The New Class Society introduces students to the sociology of class structure and inequalities as it asks whether or not the American dream has faded. The fourth edition of this powerful book demonstrates how and why class inequalities in the United States have been widened, hardened, and become more entrenched than ever. The fourth edition has been extensively revised and reorganized throughout, including a new introduction that offers an overview of key themes and shorter chapters that cover a wider range of topics. New material for the fourth edition includes a discussion of The Great Recession and its ongoing impact, the demise of the middle class, rising costs of college and increasing student debt, the role of electronic media in shaping people's perceptions of class, and more.

nightly business report 2001: New York Magazine , 1988-12-19 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

nightly business report 2001: Financial Justice Larry Kirsch, Robert N. Mayer, 2013-05-09 This provocative and accessible narrative recounts the inside story of how a broad-based people's campaign was mobilized and subsequently succeeded in pushing Congress to create a consumer financial regulator with clout. What would Congress do—if anything—to tame Wall Street and the nation's lenders following the financial meltdown of 2008? This book tells the true story of how an alliance of consumer, civil rights, labor, fair lending, and other progressive groups emerged to effectively challenge Wall Street and its official protectors and to win substantial new legislative reforms—actions that resulted in the Dodd-Frank Act and its path-breaking Consumer Financial Protection Bureau (CFPB). Based largely on in-depth interviews with the leading activists involved in the campaign, Financial Justice: The People's Campaign to Stop Lender Abuse taps into the world of contemporary citizen movements to present evidence into the conditions that determine the success and failure of social movement campaigns. It goes well beyond general, global variables, such as effective management, to show how the formal and informal rules adopted by a campaign can serve

to preclude fragmentation and incoherence.

nightly business report 2001: End of the Line Joseph Vranich, 2004 This insightful book exposes how Amtrak--which is seeking record federal subsidies while continuing to resist meaningful reforms--is not as essential to mobility as it claims.

nightly business report 2001: Business Week , 2003

nightly business report 2001: New York Magazine , 1989-12-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

nightly business report 2001: Delivering the Goods Damon Schechter, 2002-12-30 We often think of great battles as having been won by superior strategy, bravery, or weaponry. Often, however, the greatest battles are decided by a much more mundane factor: logistics. Delivering the Goods looks at business logistics through the history of successful military logistical operations undertaken by leaders from Alexander the Great to General Norman Schwarzkopf, and offers practical guidance on applying proven logistical principles to your business.
