schaumburg business: Schaumburg's Woodfield Mall William J. Holderfield, 2007

Woodfield Mall opened on September 9, 1971. Built in the village of Schaumburg, Woodfield Mall was a major factor in the rise of that city and all of Chicago's northwest suburbs. At the time of Schaumburg's incorporation in 1956, approximately 130 people lived in the area. The mall opened with 59 stores on that fateful day in 1971, and actor Vincent Price served as master of ceremonies. By 1973, Woodfield Mall had grown to nearly 190 stores, and at 1.9 million square feet of retail, it was the largest mall in America at the time. Retailers and corporations began to flock to the area, and many top companies now call Schaumburg home, existing in the shadows of Woodfield Mall.

Today Schaumburg holds a population of over 75,000 residents, and Woodfield Mall brings 27 million visitors per year to its 2.7 million square feet of shopping space, making it the number one visitor destination in Illinois. New stores continually reshape the shopping experience in this place where society and commerce collide.

schaumburg business: The Ghetto Louis Wirth, The Ghetto traces back to the medieval era the Jewish immigrant colonies that have virtually disappeared from our modern cities--to be replaced by other ghettos. Analytical as well as historical, Wirth's book lays bare the rich inner life hidden behind the drab exterior of the ghetto. The book describes the significant physical, social, and psychic influences of ghetto life upon the Jews. Wirth demonstrates that the economic life of the modern Jew still reflects the impress of the social isolation of ghetto life; at first self-imposed, later formalized, and finally imposed by others through a variety of extralegal mechanisms.

schaumburg business: Mayhem J. Robert Janes, 2012-06-05 A French inspector and Gestapo detective team up to fight crime in Nazi-occupied Paris during World War II: "The offbeat pair gel . . . fast and convincing" (The Oxford Times). Police inspector Jean-Louis St-Cyr watches the German tanks roll into Paris from his office window. When Gestapo agents burst through his door, he is destroying confidential documents with the care that is his trademark. As the Nazis take control of the city, they allow St-Cyr to remain at his post, solving the everyday crimes which do not stop simply because there is a war on. He is assigned a partner, Bavarian detective Hermann Kohler, a bullish man who is as brutal as St-Cyr is refined. Though their politics differ, neither man is the sort to let a bad deed go unpunished. Today their work takes them to a suburban forest, where a well-dressed young man has been found murdered and stripped of identification. Nearby lies an expensive beaded silk purse. Although it appears to be a crime of passion, its roots lie in the savagery that wartime nurtures and occupation lets run free.
