The Design Entrepreneur is the first book to survey this new field and showcase the innovators who are creating everything from books to furniture, clothes to magazines, plates to surfboards, and more. Through case studies with designers like Dave Eggers, Maira Kalman, Charles Spencer Anderson, Seymour Chwast, Jet Mous, Nicholas Callaway, Jordi Duró, and over thirty more from the United States and Europe, this book explores the whys, hows, and wherefores of the conception and production processes. The design entrepreneur must take the leap away from the safety of the traditional designer role into the precarious territory where the public decides what works and what doesn't. This is the book that shows how that is accomplished.
