As I tried to fall asleep that night, my thoughts kept returning to the words I had shared with the little girl. All of a sudden, I remembered Norma Jean and the story she had told me two and a half years before. Oh, my, could it be possible both of them had been telling me of the same little boy? I knew then God was trying to tell me something. Why else would he have placed these two people in my path more than two years apart. There had to be a reason I was there with Jan now. So many lives have touched mine and their stories are waiting to be heard. Within these pages are the joys, the pain, the understanding, the love, the laughter and God's plan in each circumstance. Each word is a glimpse into the inner being behind the face, through the eyes, which watch the world around me. You just never know where God will lead you and you never know what God is leading you to. But you can rest in the knowledge He has a plan and a reason for you to be where He places you each and every day of your life. Keep your eyes open because it is always there in wait for you to recognize and grasp...God's outstretched, guiding hand.
