swiss business university: Accounting and Business Management Chandak Somayaji, 2025-01-03 Accounting and Business Management: A Winning Duo explores the broad and dynamic field of accounting and business management. We analyze how organizations utilize both tangible and intangible resources, providing essential information for efficient and effective decision-making. Accountants play diverse roles, from costing products and services to optimizing production processes, determining profitability, and advising on business acquisitions and divestitures. Businesses interact with a vast network of stakeholders, including shareholders, employees, customers, suppliers, competitors, governments, and local communities. Each stakeholder is economically impacted by the strategies, operations, and financial performance of a business. Our book explains how accounting and accountants strive to enhance the economic wealth and welfare of these groups by identifying, analyzing, and communicating relevant financial and non-financial information, enabling informed business decisions. This comprehensive guide is perfect for students and professionals seeking to understand the intertwined disciplines of accounting and business management.

swiss business university: The Swiss in Singapore Dr Andreas Zangger, 2013 Since the founding of colonial Singapore, the Swiss have been active on the island, whether as traders, naturalists, or tourists fascinated by the exoticism of the East. Discover the stories of Swiss-made sarongs, of Swiss globetrotters in Singapore and of the evolution of the longstanding Swiss Club from its early days as the Swiss Rifle Shooting Club. Historian Andreas Zangger also provides the background to the close economic and diplomatic relationship between the two countries today. This fascinating history is accompanied by an assortment of contemporary and archival images, photographs and documents. The Swiss in Singapore is the perfect guide to the past, present and potential of the small but important Swiss community in the country that is often described as the 'Switzerland of the East'.

swiss business university: Business Aviation Study Switzerland 2022 Ludwig Häberle, Tim Felix Sievers, Wolfgang Stölzle, 2022-05-12 The study "Business Aviation Study Switzerland 2022" examines the impact, benefits and trends of Business Aviation with a specific emphasis on the Swiss market. Outlining the economic impact by focusing on the national and regional Swiss Business Aviation airports and their related stakeholder benefits, the study highlights Business Aviation as an integral part and backbone of the highly efficient Swiss aviation system. In 2021, Switzerland recorded close to 100,000 Business Aviation aircraft movements - exceeding the level of 2019. In light of the COVID-19 related crisis of scheduled airline traffic, Business Aviation has proven resilient temporarily increasing its share in total aircraft movements to 27 %. Thus, Business Aviation remains a reliable and irreplaceable partner securing Switzerland's connectivity, particularly in times of crisis. Looking to the future, Business Aviation opens up the opportunity to act as an innovation driver and technological pioneer paving the way for sustainable aviation in the long term.

swiss business university: Business and Management Practices in South Asia Arijit Sikdar, Vijay Pereira, 2018-09-04 This book presents case studies of South Asian companies that have strategic business implications, highlighting the complex interplay of business and social dynamics in South Asia. This region is a wide agglomeration of very different countries that share somewhat common cultures and issues and yet it is torn apart by religion and politics. There is an abundance of local entrepreneurship but a widespread institutional void. The book investigates how

local companies survive and thrive in this environment and discusses those companies that have withstood the competitive pressure of MNCs, depicting their management and business practices. In today's world, where multinationals are so omnipresent that their management and business practices are considered as the de facto recipe for success, there is a need to have an alternative view that challenges the ubiquitousness of multinational management practices. The case studies in this book focus on the business and management practices of local organizations in South Asia and thus provide that alternative viewpoint of how to achieve success in South Asia. Exposing readers to a local perspective on doing business in South Asia, it is a valuable resource for students and practitioners of management.

swiss business university: Delineating Leadership Co-authors, 2021-05-25 'Delineating Leadership' provides an invaluable reference point for senior executives or those striving towards a successful cross-border career, to understand how cultural differences impact upon leadership styles and practices. Each semester, we publish a report on our quantitative survey-based global study, alongside our review of extant in-country leadership literature, preferably written by local scholars and professionals in their native language. Moreover, we attempt to empirically validate these findings by conducting expert interviews with native specialists. This new issue of our ongoing leadership series presents country-specific analyses of culturally endorsed leadership practices and styles in the following countries: Austria, Botswana, Chile, Colombia, Cuba, Czechia, Denmark, Ghana, Honduras, Iceland, Israel, Korea, Lithuania, Mexico, Paraguay, Qatar, Russia, Saudi Arabia, Senegal, Singapore, Suriname, Switzerland, Turkey and Vietnam. This publication contains contributions from around 140 researchers from 24 countries who participated in the Cross-Cultural Business Skills elective offered by the Part-time Academy of the Faculty of Business and Economics at the Amsterdam University of Applied Sciences (HvA). Final Editors: Sander Schroevers and Christopher Higgings, Bibliographic editor Isabella Swart. swiss business university: Business Interests and the Development of the Modern Welfare State Dennie Oude Nijhuis, 2019-07-05 This edited volume provides a synthesis on the question of business attitudes towards and its influence over the development of the modern welfare state. It gathers leading scholars in the field to offer both in-depth historical country case studies and comparative chapters that discuss contemporary developments. Composed of six archive-based historical narratives of business' role in the development of social insurance programs in Germany, Finland, the Netherlands, Switzerland, the United Kingdom and the United States, and six comparative case studies, this volume also extends the study of business to policy fields that have hitherto received little attention in the literature, such as active labor market policies, educational policies, employment protection legislation, healthcare, private pension programs and work-family policies. It illuminates why business groups have responded so very differently to demands for increased social protection against different labor market risks in different countries and over time. This text will be of key interest to students and scholars of comparative welfare, political science, sociology, social policy studies, comparative political economy and welfare history. Chapter 4 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

swiss business university: *Crowdfunding and Entrepreneurship* Ignatius Ekanem, Steve Ideh, 2023-12-11 This accessible text provides an insight into the growing global trend of crowdfunding as a source of entrepreneurial finance. Grounded in academic literature, this book looks at the micro and macro issues within crowdfunding, from the entrepreneur's access to finance at the business level, to the role of government in regulating the market. It helps the reader develop a sound understanding of crowdfunding as a source of finance, the crowdfunding process and potential options when faced with start-up funding issues. A range of international case studies of successful and unsuccessful crowdfunding campaigns help readers to apply theory to real-life scenarios. Readers are also supported throughout the book with chapter objectives and summaries, key terms, discussion questions and further reading guidance. Instructor materials such as slides and test questions are available as digital supplements. Crowdfunding and Entrepreneurship will be a valuable resource for students of new venture creation and entrepreneurial finance, as well as entrepreneurs exploring crowdfunding as an option for business development.

swiss business university: *Routledge Handbook on Business and Management in the Middle East* Yusuf Sidani, 2024-07-31 This Handbook provides thorough insights into crucial topics that have attracted scholarly and practitioner interest in business and management in the Middle Eastern region. The chapters of this Handbook open the window on the key areas of discussion in the field over the past few decades, including organizational behavior, leadership, business culture, business ethics, human resources, business strategy, entrepreneurship, finance, and accounting. It starts with identifying five key themes emerging from the variety of topics, locations, and questions addressed by the various authors who contributed to this volume. The remaining 30 chapters tackle various topics of interest to the research and the practitioner: institutional contexts for doing business in the region; issues of leadership, ethics, and organizational behavior; the role of women in leadership and some of the obstacles facing aspirant women leaders; people management and human resources issues in the Middle East; marketing in the Middle East; and strategy and entrepreneurship in the Middle East. The book closes with a reflection on management research in non-Western societies and describes some methodological challenges and propositions. The Handbook is designed for academics, students, and practitioners covering areas of relevance across business activities, functions, and locations in the Middle East. It is to be used as a reference for scholars doing business research or teaching and for practitioners involved in business activities in the region.

swiss business university: *Humanistic Management in the Gig Economy* Kemi Ogunyemi, 2024-07-31 Gig-workers are often not regarded as employees by the platforms they work with. Yet they do not always have all the freedoms enjoyed by independent contractors. The world of work is changing, and this is one area in which the new realities need to be better understood in order to promote human dignity, protect the vulnerable and foster flourishing. To achieve this, justice and fairness need to be researched and innovatively translated into new forms of work in diverse ways and in various cultures. This edited collection explores and examines ways in which the humanistic management and fairness considerations help to humanise the way gig-workers are treated, with particular attention paid to economies in the global south. Countries represented in the case study section are Brazil, Colombia, Ecuador, Kenya, Nigeria, South Korea, and Uganda, and both traditional and innovative lenses of fairness and ethics are applied to these new forms of work. The book will be of great interest to scholars and students of work and employment, digital business, human resource management and business ethics.

swiss business university: *Corporate Management Ecosystem in Emerging Economies*

Fred A. Yamoah, Adnan ul Haque, 2023-12-20 Emerging economies, as actively changing societies, invoke questions about the future direction for national and global development as well as equitable economic growth. In this book, the Editors argue that understanding the corporate management ecosystem of emerging economies is key to business success in the globalized economy. Discussing the key attributes of emerging economies (for example, population dynamics, labour and production patterns, employment, and foreign direct investment) and the connection with governance, marketing, innovation management, and supply chain research and practice, the book highlights the distinctiveness of corporate management dynamics in comparison with existing knowledge that is dominated by developed country frameworks. The book offers twenty-one case studies that cover examples of corporate management research and practice in both local and international companies, making this a valuable resource for students, academics and industry stakeholders.

swiss business university: Strategic Thinking, Planning, and Management Practice in the Arab World Albadri, Fayez, Nasereddin, Yacoub Adel, 2019-04-05 The Arab region has been and continues to be a focus of the world for its economic, political, and social importance. However, reality indicates that the performance of many Arab states in terms of education, literacy, health, employment, and welfare generally fall behind many countries of other regions. Strategic Thinking, Planning, and Management Practice in the Arab World is an essential reference source that investigates the status of current strategic practice in the Arab world as well as the need to promote awareness of effective development strategies. Featuring research on topics such as social justice, practical entrepreneurship, and crisis management, this book is ideally designed for high-caliber strategists, academic scholars, and postgraduate research students.
