The agency was created to aid, counsel, assist, and protect the interests of small businesses, ensuring they have equal access to federal contracts and financial resources. The inception of the SBA was largely influenced by post-World War II economic conditions, where there was a pressing need to support the burgeoning number of returning veterans aspiring to start their own businesses.

Over the decades, the SBA has evolved significantly, adapting to changing economic climates and the needs of entrepreneurs. The agency expanded its services during times of economic downturn, such as the 2008 financial crisis, where it played a pivotal role in stabilizing small businesses through various programs and initiatives.
