The number 72 holds symbolic significance in various spiritual contexts, representing completeness and divine order, which Mariya incorporates to enhance the effectiveness of her methodology.

Core Principles of the 72 Keys

These keys revolve around several core principles including clarity of intention, emotional resonance, consistent action, and energetic harmony. Mariya stresses the importance of aligning one's thoughts and feelings with their desired outcomes to activate the manifestation process fully. Understanding these foundational concepts is crucial before applying the practical techniques embedded within the keys.

The Role of Mindset and Belief Systems

Mindset and belief systems are critical components of the 72 keys to manifestation Mariya, as they create the internal environment necessary for success. Mariya's framework offers strategies to identify and transform these subconscious patterns, ensuring alignment with one's true desires.

Identifying Limiting Beliefs

Recognizing limiting beliefs is the first step toward overcoming manifestation obstacles. These beliefs often manifest as doubts, fears, or negative self-talk that undermine confidence and clarity. The 72 keys encourage introspection and journaling exercises designed to uncover these hidden mental blocks.

Reprogramming the Subconscious Mind

Mariya advocates for techniques such as affirmations, visualization, and meditation to reprogram the subconscious mind. Expressing gratitude shifts focus from lack to abundance, aligning vibrational energy with what one wishes to attract. Mariya encourages maintaining a gratitude journal to document daily blessings and progress.

72 keys to manifestation mariya: The Key to the Secret Cedar Medicine, 2012-02-09 I loved the book, The Secret. I realized pieces were left out. So I tracked down the missing pieces. This book contains what I found. This book describes how to have fun using the Law of Attraction, or really Resonant Attraction, Manifestation, and adjustment of energies, to benefit yourself and others. It contains the essence of over 200 books, and numerous seminars, on the subject. This book is written along the lines of the Tao Te Ching, Sun Tzu's Art of War, Richard Bach's book Illusions, or Journey to the Ancestral Self, where one can go back to it many times, and get something new and fascinating, each time. One reviewer said this book could be a playbook for life. All reviewers said it was the most complete book they had ever seen, on the subject. The editors of Think and Grow Rich left out a lot of material they felt people weren't ready for. This book fills in most of those gaps, also. We seek out problems for their gifts, because we grow as we solve those problems. You cannot solve a problem out of the same place it was created. You must go to a new level of order. Everything you see in this book, and every human creation, was sought out to solve some problem, by someone in a state of confusion, who didn't have the answer at first, and asked new questions. The Universe has benevolent intentions for you, if you choose to let it work that way. Your default setting is peace, love, joy, healing beauty, happiness, satisfaction, comfort, contentment, and everything that makes life worthwhile. Only you can change the default settings. You change them by invoking the Law of Attraction, with intent. You already have and are everything you could ever need, want, be, do, or have, inside, in the field of possibility. Energy flows where attention goes. What you concentrate on grows. You can create anything you want. You already create your world, perhaps unconsciously. This book is about becoming a conscious creator, so you consciously choose what you will create, and then becoming an effortless creator. The Law of Attraction is very simple. It is really a Law of Resonant Attraction. Stop believing, feeling, and thinking about what you don't want, and start believing, feeling, and thinking what supports you, and what would support your growth. You never want things as things; you seek the feelings having the things will bring to you. You can create those feelings right now. What would it feel like, if your dream was real, right now? What would you see, hear, and feel if you already had whatever you seek? Spend as much time as you can, in that state of being. 90% of success is having a clear intent. Take action as you feel guided to do so. The intent of this book is to guide you into experiencing and realizing your dreams. This book is very similar to Dowsing and Manifesting- though it doesn't use dowsing language- and Redneck Shaman- though it isn't specifically shamanic. The three authors differed on what the final product should look like, so they each went in their own direction.

And Reading See It, Feel It, Have It: The Master Key to Manifesting Your Desires is The Quickest Way to Do It! By Peeking Behind the Scenes of How The Laws of Manifestation Operate, You'll Be Able Witness Your Desires

Sprout Into Existence! The Laws of Manifestation taught and USED within the book are FAR from fantasy. In fact, you're already using them to manifest everyday...Both consciously, and unconsciously. And if you already know a thing or two about Manifestation, but haven't been able to use it successfully... The author can GUARANTEE you that there are only a few, small tweaks needed for you to be able to flip the switch and see your desires start to manifest. These small tweaks, which have the biggest impact, are often the difference between success and failure with Manifestation... And they are hidden within the book for those who are ready to see them. Once You Spot The Hidden Keys Within The Book, You'll Be A Master of Manifesting Through Your Imagination And Sense of Feeling. Furthermore, what the author has included within are LAWS. That means they operate under ANY circumstances. But, that means that no matter if your desire is good or bad, just or unjust, these LAWS can be used to manifest it. So, the author asks that if you READ this book, please use these Laws to only manifest desires that are PURE, POSITIVE and GOOD...Or, do NOT READ IT! When The Author First Stumbled Upon These Laws He Was 21 Years Old, Had No Clue He Was Using Them, And Was In Charge Of \$14.4 Million Dollars In Investments. Joseph graduated college in about half the time of everyone else, and shortly after found himself working for the largest privately held investment firm in the world, with his own branch, his own assistant, and in charge of \$14.4 million dollars for his investors. Although... because he wasn't CONSCIOUSLY aware of the Laws he was using to his advantage, he ended up peaking, and started to lose clients left and right. That is until he lost his biggest client, Chris, and decided it was time to quit. BUT, once he started to study ancient Scriptures and Texts, he stumbled upon these Laws of Manifestation and started bending the Universe to work in his favor. And now that he KNOWS what was REALLY going on when he manifested both his rise and fall, he has included that knowledge in See It, Feel It, Have It for the people that are ready to see it. He has done this as a way for people to have a lot of the same success he's had in manifesting desires, without most of the failure. If you desire to find the ANSWERS you've been looking for, by reading the book right now you'll find them inside. But, like stated previously, what Joseph teaches within are LAWS. And the nature of a Law is that they operate whether your desires are GOOD or BAD. So, only read this book if you're going to use it to manifest the GOOD and POSITIVE in your life, or please, don't read it at all.
