advent bible study online: Online Small Groups as Sites of Teaching Simon Hallonsten, 2024-04-25 Centered around a reflective narrative recounting the experiences of a participatory action research project into leading online small groups for adults in the Church of Sweden Diocese of Stockholm during 2021 and 2022, the dissertation argues for the need to reconceptualize and reemphasize teaching as an important aspect in Christian religious education. Employing creative non-fiction methods, the dissertation aims to broaden the scope of the initial Online Small Groups project, by inviting readers to join into a learning journey. The narrative account is complemented with more traditional forms of analysis that connect experiences from online small groups in the Church of Sweden to similar research from Anglo-Saxon countries, noting especially how notions of community diverge due to different ecclesiological understandings. Insights are then synthesized into eight teaching strategies aimed at communicating actionable knowledge to small group leaders, before noting how the study complements research on Christian religious education and, particularly, the current debate about learning and teaching in the Church of Sweden.

advent bible study online: *The Life of Christian Doctrine* Mike Higton, 2020-07-09 The lives of Christian churches are shaped by doctrinal theology. That is, they are shaped by practices in which ideas about God and God's ways with the world are developed, discussed and deployed. This book explores those practices, and asks why they matter for communities seeking to follow Jesus. Taking the example of the Church of England, this book highlights the embodied, affective and located reality of all doctrinal practices - and the biases and exclusions that mar them. It argues that doctrinal theology can in principle help the church know God better, even though doctrinal theologians do not know God better than their fellow believers. It claims that it can help the church

to hear in Scripture challenges to its life, including to its doctrinal theology. It suggests that doctrinal disagreement is inevitable, but that a better quality of doctrinal disagreement is possible. And, finally, it argues that, by encouraging attention to voices that have previously been ignored, doctrinal theology can foster the ongoing discovery of God's surprising work.

advent bible study online: *Deception in the Body of Christ* Robert E. Hill, 2010-03-01 The purpose of this book is to present a comprehensive review of deception, its essential component of neurolinguistic dialectics, and how it is used by Satan to corrupt the human mind from devotion to Jesus Christ. These theological subjects are explored in an interdisciplinary fashion in an attempt to reveal historical knowledge of religious and secular developments of the ages needed to understand spiritual failure, deception, sin, apostasy, the role of the human mind as the venue or battlefield of deception, and how faith in God becomes weak and susceptible to doubt. Always at issue here is why humanity replicates behavior that regresses to the same results of apostasy and utter spiritual failure induced by deception? This interdisciplinary approach eludes the prototypical, one-dimensional approach to understanding deception and sin and presents the reader with a how to methodology that will hopefully defeat deception and sin. It also shows how deception results from heretical doctrine advanced by false prophets and preachers. Moreover, this book will help readers hone their skills necessary to examine issues of contemporary life with critical thinking in the context of religious and human history that facilitates their becoming better human beings.

advent bible study online: Congregational Hermeneutics Andrew P. Rogers, 2016-05-20 Despite many churches claiming that the Bible is highly significant for their doctrine and practice, questions about how we read the Bible are rarely made explicit. Based on ethnographic research in English churches, Congregational Hermeneutics explores this dissonance and moves beyond descriptions to propose ways of enriching hermeneutical practices in congregations. Characterised as hermeneutical apprenticeship, this is not just a matter of learning certain skills, but of cultivating hermeneutical virtues such as faithfulness, community, humility, confidence and courage. These virtues are given substance through looking at four broad themes that emerge from the analysis of congregational hermeneutics - tradition, practices, epistemology and mediation. Concluding with what hermeneutical apprenticeship might look like in practice, this book is constructively theological about what churches actually do with the Bible, and will be of interest to scholars, students and practitioners.

advent bible study online: Harmony Is Love RA Bliss, 2019-11-26 Although most religious institutions offer Bible readings at their services, many Christians hear the good news only in bits and pieces. But to be true and effective disciples, one must hear about the good news frequently. In Harmony is Love, author RA Bliss, a scholar and gospel researcher since 1997, harmonizes the good news. Using only the oldest gospel manuscripts, the harmonized works of Matthew, Mark, Luke, John, and parts of Acts and Hebrews have been combined to provide a more chronologically complete picture of what was written in the New Testament about the savior's time on earth. Abundant footnotes help clarify the details of persons, places, and scenes of that time. It discusses the: • Birth, infancy, and adolescence of Jesus and John • Truths about John the Baptist • Beginning of Jesus' ministry • Ministry in Galilee • Last Judean and Perea ministry of Jesus • Final week at Jerusalem • Resurrection • The forty days until the ascension Harmony is Love enlightens, teaches, and deepens Christians' understanding of the good news and God's love for all.
