America Ferrera has always felt wholly American, and yet, her identity is inextricably linked to her parents' homeland and Honduran culture. Speaking Spanish at home, having Saturday-morning-salsa-dance-parties in the kitchen, and eating tamales alongside apple pie at Christmas never seemed at odds with her American identity. Still, she yearned to see that identity reflected in the larger American narrative. Now, in *American Like Me*, America invites thirty-one of her friends, peers, and heroes to share their stories about life between cultures. We know them as actors, comedians, athletes, politicians, artists, and writers. However, they are also immigrants, children or grandchildren of immigrants, indigenous people, or people who otherwise grew up with deep and personal connections to more than one culture. Each of them struggled to establish a sense of self, find belonging, and feel seen. And they call themselves American enthusiastically, reluctantly, or not at all. Ranging from the heartfelt to the hilarious, their stories shine a light on a quintessentially American experience and will appeal to anyone with a complicated relationship to family, culture, and growing up.

american like me jenny zhang: Shame on Me Tessa McWatt, 2020-03-24 FINALIST FOR THE GOVERNOR GENERAL'S AWARD FOR NON-FICTION Interrogating our ideas of race through the lens of her own multi-racial identity, critically acclaimed novelist Tessa McWatt turns her eye on herself, her body and this world in a powerful new work of non-fiction. Tessa McWatt has been called Susie Wong, Pocahontas and black bitch, and has been judged not black enough by people who assume she straightens her hair. Now, through a close examination of her own body--nose, lips, hair, skin, eyes, ass, bones and blood--which holds up a mirror to the way culture reads all bodies, she asks why we persist in thinking in terms of race today when racism is killing us. Her grandmother's family fled southern China for British Guiana after her great uncle was shot in his own dentist's chair during the First Sino-Japanese War. McWatt is made of this woman and more: those who arrived in British Guiana from India as indentured labour and those who were brought from Africa as cargo to work on the sugar plantations; colonists and those whom colonialism displaced. How do you tick a box on a census form or job application when your ancestry is Scottish, English, French, Portuguese, Indian, Amerindian, African and Chinese? How do you finally answer a question first posed to you in grade school: What are you? And where do you find a sense of belonging in a supposedly post-racial world where shadism, fear of blackness, identity politics and call-out culture vie with each other noisily, relentlessly and still lethally? *Shame on Me* is a personal and powerful exploration of history and identity, colour and desire from a writer who, having been plagued with confusion about her race all her life, has at last found kinship and solidarity in story.

american like me jenny zhang: *Father James Page* Larry Eugene Rivers, 2021-02-02 This first-of-its-kind biography tells the story of Rev. James Page, who rose from slavery in the nineteenth century to become a religious and political leader among African Americans as well as an international spokesperson for the cause of racial equality. Winner of the Rembert Patrick Award by The Florida Historical Society, Florida Non-Fiction Book Award by the Florida Book Awards, Harry T. and Harrietter V. Moore Award by the Florida Historical Society James Page spent the majority of his life enslaved—during which time he experienced the death of his free father, witnessed his mother and brother being sold on the auction block, and was forcibly moved 700 miles south from Richmond, VA, to Tallahassee, FL, by his enslaver, John Parkhill. Page would go on to become Parkhill's chief aide on his plantation and, unusually, a religious leader who was widely respected by enslaved men and women as well as by white clergy, educators, and politicians. Rare for enslaved people at the time, Page was literate—and left behind ten letters that focused on his philosophy as an enslaved preacher and, later, as a free minister, educator, politician, and social justice advocate. In *Father James Page*, Larry Eugene Rivers presents Page as a complex, conflicted man: neither a

nonthreatening, accommodationist mouthpiece for white supremacy nor a calculating schemer fomenting rebellion. Rivers emphasizes Page's agency in pursuing a religious vocation, in seeking to exhibit manliness in the face of chattel slavery, and in pushing back against the overwhelming power of his enslaver. Post-emancipation, Page continued to preach and to advocate for black self-determination and independence through black land ownership, political participation, and business ownership. The church he founded—Bethel Missionary Baptist Church in Tallahassee—would go on to be a major political force not only during Reconstruction but through today. Based upon numerous archival sources and personal papers, as well as an in-depth interview of James Page and a reflection on his life by a contemporary, this deeply researched book brings to light a fascinating life filled with contradictions concerning gender, education, and the social interaction between the races. Rivers' biography of Page is an important addition, and corrective, to our understanding of black spirituality and religion, political organizing, and civic engagement.

american like me jenny zhang: My Baby First Birthday Jenny Zhang, 2020-05-12 A New York Public Library Best Book of 2020 A Best Read of 2020 at Ms. Magazine To read Jenny Zhang is to embrace primal states: pleasure, hunger, longing and rage. —TIME Radiant and tender, *My Baby First Birthday* is a collection that examines innocence, asking us who gets to be loved and who has to deplete themselves just to survive. Jenny Zhang writes about accepting pain, about the way we fetishize womanhood and motherhood, and reduce women to their violations, traumas, and body parts. She questions the way we feminize and racialize nurturing, and live in service of other people's dreams. How we idealize birth and being baby, how it's only in our mothers' wombs that we're still considered innocent, blameless, and undamaged, because it's only then that we don't have to earn love. Her poems explore the obscenity of patriarchy, whiteness, and capitalism, the violence of rescue and heroism. The magic trick in *My Baby First Birthday* is that despite all these themes, the book never feels like some jeremiad. Zhang uses friendship as a lyric. She seeks tenderness, radiant beauty, and having love for your mistakes. Through all this, she writes about being alone—really alone, like why-was-I-ever-born alone—and trying, despite everything, to reach out and touch something—skin to skin, animal to animal.

as a frank and subversive interpreter of the immigrant experience in America. Her stories cut across generations and continents, moving from the fraught halls of a public school in Flushing, Queens, to the tumultuous streets of Shanghai, China, during the Cultural Revolution of the 1960s. In the absence of grown-ups, latchkey kids experiment on each other until one day the experiments turn violent; an overbearing mother abandons her artistic aspirations to come to America but relives her glory days through karaoke; and a shy loner struggles to master English so she can speak to God. Narrated by the daughters of Chinese immigrants who fled imperiled lives as artists back home only to struggle to stay afloat—dumpster diving for food and scamming Atlantic City casino buses to make a buck—these seven stories showcase Zhang’s compassion, moral courage, and a perverse sense of humor reminiscent of Portnoy’s Complaint. A darkly funny and intimate rendering of girlhood, *Sour Heart* examines what it means to belong to a family, to find your home, leave it, reject it, and return again. Praise for *Sour Heart* “[Jenny Zhang’s] coming-of-age tales are coarse and funny, sweet and sour, told in language that’s rough-hewn yet pulsating with energy.”—USA Today “One of the knockout fiction debuts of the year.”—New York “Compelling writing about what it means to be a teenager . . . Whether it’s finding a partner, seeking a commitment from one, or struggling in a relationship that is unfulfilling or even potentially abusive, women still find that deeply-engrained notions of gender and behavior can be obstacles to a healthy, loving relationship. In her new book, acclaimed French feminist Mona Chollet tackles some of these long-held and pervasive ideas that remain stumbling blocks for many women in heterosexual relationships. Drawing from popular culture, politics, and literature, *Reinventing Love* provides a provocative, accessible look at how heterosexual relationships can improve and evolve under a feminist lens.
