antoinette frank boyfriend: *Women Criminals* Vickie Jensen, 2011-11-10 A unique, two-volume study that examines female crime and the women who commit it. The two-volume *Women Criminals: An Encyclopedia of People and Issues* addresses both key topics and key figures in women's crime. The first volume provides topical essays about areas critical to the understanding of female criminals, such as the definition of women's crime, explanations of women's criminality, ethnic and age diversity in female criminals, and responses of the criminal justice system. The second volume comprises biographical entries profiling women who are obviously criminals, such as Aileen Wuornos and Myra Hindley, and also women who were victims of circumstance, unjust laws, or narrowly applied definitions of crime, such as Rosa Parks, Harriet Tubman, and Sophie Scholl. In addition to highlighting the breadth of women's criminality, these portraits provide a holistic, multifaceted understanding of the dynamics of women's crime and why it occurs, connecting the individual stories to the larger social-scientific perspectives. Care has been taken to include the women's own voices and perspectives where possible and to address the intentions and reasoning of the system that responded to their criminality.

antoinette frank boyfriend: *Bloodstains on the Cocaine Trail* Peter Clack, 2023-11-10 A homicide crisis began sweeping America after massive quantities of cocaine first began their journey into America in 1986. Drugs were trucked along the highways of the Cocaine Trail to every city in America. This influx of a deadly new drug led directly to a series of record deaths from overdoses, suicides and crime-related murders, family breakdowns and destroyed lives. Drugs are credited with driving the highest homicide rates in American history and a raging turf war between street gangs. Crack cocaine unleashed a brutal era of violence, placing newspapers under enormous pressure to provide coverage. Relations with police were breaking down everywhere and crime coverage was in its death throes. Newspapers could not cover the homicides or give any context or explanations to such a social upheaval. Editors, reporters and police now reveal the shocking truth behind this agonizing episode in American history, when crime reporters had to re-invent journalism to get behind the police blue code. This book combines investigative journalism and narrative style to produce a rare portrait from within the secret inner world of newspapers.

Tom Barker examines police homicide and the different behavior patterns that lead to it, ranging from misadventure to intent. To better understand this complex issue, Barker has created 3 main categories: accidental homicides, justifiable homicides and criminal homicides. A blue-collar ethnic family saga evolves that takes you on an epic journey through unfulfilled dreams, with spiritual forks in every road. And you will react the same way his audiences have over the years--you'll laugh and cry and say, . . . no way. Writing with compassion and spiritual discernment that penetrate the wonder of these times, Cervasio takes you from 1959 to the present. When Buddy Holley, Ritchie Valens, and the Big Bopper crashed in a snow-covered cornfield in Iowa on February 3, 1959, they became the final ingredient to launch the Bonaducci family into a trek every reader will cherish. Witness the battle between self-sacrifice and selfish lusts, as the kingdoms of modest middle class living and mob affiliation collide headon. Ten years in the making, Bad News on the Door Step is a labor of love that introduces Joseph Rocco Cervasio as a consummate storyteller, passionate about changing peoples lives for the better.

antoinette frank boyfriend: *Death Row* Bonnie Bobit, 1999 Focusing on America's Death Row, this work includes mug shots of inmates and their chilling stories of murder and mayhem. antoinette frank boyfriend: *Voices of Intimate Partner Homicide* Donna J. King, 2024-04-02 In the United States and most parts of the world, law, policy, policing, and prevention work addressing domestic and intimate partner violence is created and enacted based on a violence model. Likewise, it is generally believed that all victims of intimate partner homicide are victims of intimate partner violence, through physical abuse, prior to the incident of homicide, and that this violence is reported beforehand. *Voices of Intimate Partner Homicide* takes a critical look at these misconceived notions and sheds light on multiple non-violent forms of controlling behavior that precipitate intimate partner homicide. The book bases its critical examination on a content analysis of court-filed Petitions for Injunction for Protection Against Domestic Violence. Through these records, as well as corresponding police and homicide reports, the accounts of the victims, and their relationships with their offenders, come to life. Recurring coercive control tactics are coded and analyzed across multiple accounts, including intimidation, isolation, and humiliation, to illustrate the ways in which individuals are threatened prior to homicide and the true extent of harm that happens in the absence of physical violence. Considering the victim's responses, as well as their interaction with law enforcement and the court system prior to their death, the author challenges current legal and policy initiatives made to address and protect victims from intimate partner violence and argues that non-violent controlling behaviors deserve more attention in lethality risk assessments that are utilized throughout the United States. For practitioners, advocates, researchers, and students, this book provides an intimate and important account of the causes and consequences of intimate partner violence prior to homicide and a rare window into the victim's overall experience.

antoinette frank boyfriend: *College Women In The Nuclear Age* Babette Faehmel, 2011-09-08 In the popular imagination, American women during the time between the end of World War II and the 1960s—the era of the so-called “feminine mystique”—were ultraconservative and passive. *College Women in the Nuclear Age* takes a fresh look at these women, showing them actively searching for their place in the world while engaging with the larger intellectual and political movements of the times. Drawing from the letters and diaries of young women in the Cold War era, Babette Faehmel seeks to restore their unique voices and to chronicle their collective ambitions. She also explores the shifting roles that higher education played in establishing these hopes and dreams, making the case that the GI Bill served to diminish the ambitions of many American women even as it opened opportunities for many American men. A treasure-trove of original research, the book should stimulate scholarly discussion and captivate any reader interested in the thoughts and lives of American women.
