ann patchett common themes: Conversations with American Women Writers Sarah Anne Johnson, 2004 Sena Jeter Naslund describes the origins of Ahab's Wife in a vision and a voice. Ann Patchett mourns the ways in which the reality of a novel may fail to live up to her conception of it. Andrea Barrett, a winner of the National Book Award and the recipient of a MacArthur Fellowship, nevertheless characterizes herself as a very clumsy writer in her early drafts. The seventeen women interviewed by Sarah Anne Johnson are some of the most popular and accomplished writers at work today--award winners, critically acclaimed, popular with book clubs. Steeped in a thorough knowledge of each writer's work, Johnson's questions range from technical issues of craft to the

nurturing of fictional ideas to the daily practice of writing. The authors offer insights into their own works that will delight their fans and also provide practical advice that will be cherished by aspiring writers. From Chitra Banerjee Divakaruni's reflections on her experience of immigration to Lois-Ann Yamanaka's insights on the question of a character's voice, these interviews combine the personal with the professional experience of the writing life.

ann patchett common themes: Higher Gossip John Updike, 2011-11-01 One of the most gifted American writers of the twentieth century—and the author of the acclaimed Rabbit series—delivers the intimate, generous, insightful, and beautifully written collection he was compiling when he died. This collection of miscellaneous prose opens with a self-portrait of the writer in winter, a Prospero who, though he fears his most dazzling performances are behind him, reveals himself in every sentence to be in deep conversation with the sources of his magic. It concludes with a moving meditation on a modern world robbed of imagination—a world without religion, without art—and on the difficulties of faith in a disbelieving age. In between are previously uncollected stories and poems, a pageant of scenes from seventeenth-century Massachusetts, five late “golf dreams,” and several of Updike's commentaries on his own work. At the heart of the book are his matchless reviews—of John Cheever, Ann Patchett, Toni Morrison, William Maxwell, John le Carré, and essays on Aimee Semple McPherson, Max Factor, and Albert Einstein, among others. Also included are two decades of art criticism—on Chardin, El Greco, Blake, Turner, Van Gogh, Max Ernest, and more. Updike's criticism is gossip of the highest order, delivered in an intimate and generous voice.

ann patchett common themes: Myths of the Underworld in Contemporary Culture Judith Fletcher, 2019-04-25 Myths of the Underworld in Contemporary Culture: The Backward Gaze examines a series of twentieth and twenty-first century fictional works that adapt Greco-Roman myths of the catabasis, the heroic journey to the underworld. Covering a range of genres - including novels, comics, and children's culture, by authors such as Elena Ferrante, Salman Rushdie, Neil Gaiman, A. S. Byatt, Toni Morrison, and Anne Patchett - it reveals how an enduring fascination with life after death, and fantasies of accessing the world of the dead while we are still alive, manifest themselves in myriad and varied re-imaginings of the ancient descent myth. The volume begins with a detailed overview of the use of the myth by ancient authors such as Homer, Aristophanes, Vergil, and Ovid, before exploring the ways in which the narrative of a return trip to Hades by Odysseus,

Aeneas, Orpheus, and Persephone can be manipulated by contemporary storytellers to fit themes of social marginality and alterity, postmodern rebellion, the position of female authors in the literary canon, and the dislocation endured by refugees, exiles, and diasporic populations. It also argues that citations of classical underworld stories can disrupt and challenge the literary canon by using media - such as comic books, children's culture, or rock music - not conventionally associated with high culture.

ann patchett common themes: A Window Opens Elisabeth Egan, 2015-08-25 What happens when having it all proves too much to handle? In this “fresh, funny take on the age-old struggle to have it all” (People) a wife and mother of three leaps at the chance to fulfill her professional destiny—only to learn every opportunity comes at a price. “A winning, heartfelt debut” (Good Housekeeping), *A Window Opens* introduces Alice Pearce, a compulsively honest, longing-to-have-it-all, sandwich generation heroine for our social-media-obsessed, lean in (or opt out) age. Like her fictional forebears Kate Reddy and Bridget Jones, Alice plays many roles (which she never refers to as “wearing many hats” and wishes you wouldn’t, either). She is a (mostly) happily married mother of three, an attentive daughter, an ambivalent dog-owner, a part-time editor, a loyal neighbor and a Zen commuter. She is not: a cook, a craftswoman, a decorator, an active PTA member, a natural caretaker, or the breadwinner. But when her husband makes a radical career change, Alice is ready to lean in—and she knows exactly how lucky she is to land a job at Scroll, a hip young start-up which promises to be the future of reading. The Holy Grail of working mothers—an intellectually satisfying job and a happy personal life—seems suddenly within reach. Despite the disapproval of her best friend, who owns the local bookstore, Alice is proud of her new “balancing act” (which is more like a three-ring circus) until her dad gets sick, her marriage flounders, her babysitter gets fed up, her kids start to grow up, and her work takes an unexpected turn. In the midst of her second coming of age, Alice realizes the question is not whether it’s possible to have it all but, what does she really want the most? “Smart and entertaining...with refreshing straight-forwardness and humor” (The Washington Post), “fans of *I Don’t Know How She Does It* and *Where’d You Go, Bernadette* will adore *A Window Opens*” (Booklist, starred review).

ann patchett common themes: Songbooks Eric Weisbard, 2021-04-23 In *Songbooks*, critic and scholar Eric Weisbard offers a critical guide to books on American popular music from William Billings's 1770 New-England Psalm-Singer to Jay-Z's 2010 memoir *Decoded*. Drawing on his background editing the Village Voice music section, coediting the Journal of Popular Music Studies, and organizing the Pop Conference, Weisbard connects American music writing from memoirs, biographies, and song compilations to blues novels, magazine essays, and academic studies. The authors of these works are as diverse as the music itself: women, people of color, queer writers, self-educated scholars, poets, musicians, and elites discarding their social norms. Whether analyzing books on Louis Armstrong, the Beatles, and Madonna; the novels of Theodore Dreiser, Gayl Jones, and Jennifer Egan; or varying takes on blackface minstrelsy, Weisbard charts an alternative history of American music as told through its writing. As Weisbard demonstrates, the most enduring work pursues questions that linger across time period and genre—cultural studies in the form of notes on the fly, on sounds that never cease to change meaning.

ann patchett common themes: *The Sentimental Life of International Law* Gerry Simpson, 2021 *The Sentimental Life of International Law* is about our age-old longing for a decent international society and the ways of seeing, being, and speaking that might help us achieve that aim. This book asks how international lawyers might engage in a professional practice that has become, to adapt a title of Janet Malcolm's, both difficult and impossible. It suggests that international lawyers are disabled by the governing idioms of international lawyering, and proposes that they may be re-enabled by speaking different sorts of international law, or by speaking international law in different sorts of ways. In this methodologically diverse and unusually personal account, Gerry Simpson brings to the surface international law's hidden literary prose and offers a critical and redemptive account of the field. He does so in a series of chapters on international law's bathetic underpinnings, its friendly relations, the neurotic foundations of its underlying social order, its screened-off comic dispositions, its anti-method, and the life-worlds of its practitioners. Finally, the book closes with a chapter in which international law is re-envisioned through the practice of gardening. All of this is put forward as a contribution to the project of making international law, again, a compelling language for our times.
