Just as ghosts are often unaware of their demise and stay in a dimension where they do not belong, we too seem content to stay within the realm of nightmares and horror, unable to find our way out. We have been born into a world that isn't real. We've been fed lies through religion's betrayal. We were never meant to be here, but there is a way to find our path back home. Within these pages is the urgency of Spiritual Remembrance. It is told through the lens of a darkened perception, so that many will embrace its comfort; for pain and suffering are so familiar to us. Through the darkness is the Light of our true Spiritual identity, long forgotten - yet awaiting our resurrection back to Unity.

awaken the immortal within book: Anthroposophy and the Natural Sciences Rudolf Steiner, 2021-10-19 5 public lectures and an evening discussion, various cities, June 17, 1920 - May 11, 1922 (CW 75) This previously untranslated volume in The Collected Works of Rudolf Steiner showcases Rudolf Steiner presenting the key concepts and methods of spiritual science to more or less skeptical academic audiences in the early 1920s. Step by step, he presented to his listeners the fundamentals of the anthroposophic path of knowledge. Steiner was less concerned with presenting results from his spiritual-scientific research than with leading his academic audience to an objective understanding of spiritual science in a propaedeutic, conceptually transparent way. The central questions of his approach were: What are the tools and instruments required to orient oneself in the world of the soul and the spirit? How can we know that the spiritual world is an objective world and not merely a psychic projection? What authorizes the spiritual researcher to acknowledge what he has experienced on the other side as a reality that is independent of him? Rudolf Steiner addresses these and other questions in such a structured and readily comprehensible way that the volume as a whole is well suited, both as an introductory text and as a means for anyone to deepen their understanding of how anthroposophy relates to and builds upon the natural sciences. At the time these presentations were given, serious voices had been raised denying Steiner's scientific

credibility and denouncing his methods as unsound. Partly in response to such criticisms, Steiner here describes a means by which human beings can gain, through methodical and rigorous training, a direct experience of the spiritual dimension of life. He lays out the methodology of spiritual science, which is rooted in the scientific approach, outlining the three stages of higher knowledge --imagination, inspiration, and intuition --and describing the inner processes that lead from intellectual thinking to these higher modes of cognition. Ultimately, what Steiner proposes is not a deviation from the natural sciences but their expansion and development beyond unnecessary boundaries --that is, the establishment of anthroposophical spiritual science as a recognized method and practice of scientific research. This book is a translation from German of *Das Verhältnis der Anthroposophie zur Naturwissenschaft*, 1st edition (GA 75, Rudolf Steiner Verlag, Dornach, Switzerland, 2010).

awaken the immortal within book: Shamanic Awakening Sandra Corcoran, 2014-03-02 One woman's mystical path through grief into renewal, expanded awareness, and discovery of her own healing capabilities • Offers a lens into a wide variety of wisdomkeeping traditions and alternative healing paradigms throughout the Americas and Europe • Shows how the mystical path enables us to find renewal in times of profound loss • Details the author's awakening to the energies of the cosmos, which can guide us toward our destiny, balanced between our soul's dark and light energies How do you find renewal after loss, especially the loss of a child? How do you find purpose and courage when loss is your constant teacher? After weeks of profound grief following the loss of her young daughter, Sandra Corcoran found herself inexplicably at a life-changing workshop on indigenous teachings and energy healing. With the first glimpse of the light that called her to the workshop, Corcoran found herself beginning a 30-year metaphysical journey within, initially to heal her grief but eventually leading her from the darkness into the light of her own soul's evolution. Working with Native elders and indigenous wisdomkeepers throughout North, Central, and South America, Corcoran opened her heart to the immensity of the living energies of the cosmos and discovered her shamanistic gifts as an intuitive counselor, dreamtime decoder, and facilitator for others' self-healing. As she learned to discern these living energies and work with them, she also discovered the middle path between the soul's dark and luminous energies, striking the balance that allows us to fulfill our destiny. Sharing the core teachings of her many indigenous and esoteric mentors, including lessons in synchronicity, metaphysics, the extraordinary power of the heart, multi-dimensional realms, and energy healing, Corcoran leads readers on an adventure across

continents through birth, death, ceremony, and ritual to renewal and the frontiers of expanded consciousness. She shows that no matter how far outside of the familiar we are led, we are guided back to ourselves and offered another opportunity to embrace our world and, ultimately, find our place in it.

awaken the immortal within book: *The Awakening* Colm O'Connor, 2015-08-28 The Awakening presents a profound yet simple message: how to awaken from emotional imprisonment and find psychological freedom. Many of us feel we are not living life to the full or living it as we should. Haunted by anxiety, we long for lifelines that can lift us out of the mundane into what Seamus Heaney called 'the marvellous'. If you feel like this, then *The Awakening* may be for you. Drawing on the wisdom of ancient Ireland and using the symbol of the Celtic Cross as an image for how to live, Dr O'Connor shows us that we inhabit both a vertical and a horizontal life, which intersect where the eternal breaks into the everyday and ordinary activities are infused with an extraordinary purpose. Taking you beyond mindfulness and introducing delightful new concepts like 'Mind-Flight', this book uncovers the sparkling jewels buried in the rubble of life's indifference. You can turn a tiny space into a palace, a misfortune into an opportunity, a disability into a blessing and fly when life expects you to fall. *The Awakening*, like the first light at Newgrange, will illuminate the hidden blessings in what may seem to be your darkened life.

awaken the immortal within book: *Insights and Oversights of the Great Thinkers* Charles Hartshorne, 1983-01-01 One learns a great deal about a major philosopher by coming to appreciate his perspective on the history of philosophy. Here Charles Hartshorne gives us just such a perspective on the history of philosophy and thereby on himself. This is a reexamination of the history of philosophy, looking at neglected aspects of the philosophers' thought, interpreting their views in a sharply focused, controversial manner in order to show the origins and development within the Western tradition of the metaphysical and moral views represented by process philosophy. The result is a fresh look at the tradition. This is a clearly written, readable, original, and constructive interpretation of the history of philosophy in the West from the sixth century before Christ to the present. As the best-known living representative of process philosophy, Hartshorne shows that it has anticipations in Plato, Aristotle, Leibniz, Hegel, Schelling, and many others, even including the materialist Epicurus and the atheist Nietzsche. Process philosophy and theology have significant overlap with the views of most of the creative, constructive philosophers and theologians of recent times, including Peirce, William James, Bergson, Heidegger, Paul Weiss, Berdyaev, John Findlay, Paul Tillich, Sartre, Merleau-Ponty, and others. This philosophy takes creative freedom, transcending causal determinism, and a generalized idea of sympathy--feeling of feeling, love--as universal principles of life and nature.

awaken the immortal within book: *Womb Awakening* Azra Bertrand, Seren Bertrand, 2017-08-15 Rediscover the lost ancient mystery teachings of the Cosmic Womb • 2017 Nautilus Silver Award • Explains how each of us has a holographic blueprint of the Womb of Creation, our spiritual Womb • Offers practices to help awaken your spiritual Womb, experience the Womb of God within, and activate the Womb's sacred magic of creation and manifestation • Looks at the power of the moon and its connection to sacred Womb Consciousness • Explores how the lost Womb mystery teachings were encoded in folk and fairy tales, the legends of the Holy Grail, and the traditions of Mary Magdalene and Sophia • Includes access to three guided Womb Awakening audio journeys The Ancients lived by a feminine cosmology of creation, where everything was birthed and dissolved through a sacred universal Womb. Within each of us, whether female or male, lies a holographic blueprint of this Womb of Creation, connecting us to the Web of Life. By awakening your spiritual Womb, the holy of holies within the temple of your body, you can reconnect to the transformative energy of Womb Consciousness and reclaim your sacred powers of creation and love. Drawing on mythical and spiritual traditions from almost every culture, Dr. Azra and Seren Bertrand reconstruct the moon-based feminine mystery teachings of a lost global Womb religion, tracing the tradition all the way back to the Neanderthals and beyond. They explore how these teachings were encoded in the symbolism of folk and fairy tales; the legends of the Holy Grail; the traditions of Mary Magdalene

and Sophia; the maiden, queen, and crone archetypes; and the teachings of alchemy and the chakras. They show how sages and shamans across the globe all secretly spoke of the Cosmic Womb and the sacred creative powers of Moon Blood. The authors look at the power of the Moon and its connection to sacred Womb Consciousness, offering meditations and practices to help awaken your spiritual Womb and activate its sacred magic of creation and manifestation. They explain how to activate the energetic gateways of the Womb and merge the heart and Womb to make sexual union the highest sacrament of love. Revealing how we must reconnect with the Divine Feminine to rebirth the Divine Masculine and restore balance to our world, they show how, as we reawaken the powerful ancient path of the Womb Mysteries, we help return our world to harmony with the wild, untamed creative flows and cyclical rhythms of the cosmos.

awaken the immortal within book: *Commentary on the Book of Enoch* John D. Ladd, 2008-06 Fifty years after James Bruce brought a copy of the Book of Enoch, found in Ethiopia, to England, Richard Laurence made a first modern translation. Later, R.H. Charles made another translation using some Greek excerpts, and more Ethiopian texts. Then recently, Michael A Knibb, using many texts, and partial texts, put together an 'adequate' translation. Yet, all of these translations are rough, obscure, and confusing to Christians of today. The Dead Sea Scrolls contained many copies and partial copies of the Book of Enoch, In the Dead Sea scrolls, there were found 17 copies. Comparitively, there were 30 copies of Psalms, 25 copies of Deuteronomy, 19 of Isaiah, 15 of Genesis and Exodus, 14 Of Jubilees. Jude validated The Book Of Enoch with his quote from it. Using all of the sources now available, along with an in-depth study of book, I have prepared this paraphrase/translation. Along with such, I have included an commentary to help in its comparison with the Bible. John D. Ladd was raised the son of an Assemblies of God pastor. He attended Northeast Bible College, in Pennsylvania, and later, Malone College, in Canton, Ohio. He pastored for many years, was ordained in the Assemblies of God, but later left to pastor independent churches. Preferring teaching to preaching, he has spent many years studying, reading books from the early church period, and translating\paraphrasing them for ease of use by Christians of today. This book of Enoch's has been translated, paraphrased, and now is being given commentary, to compare it with the Bible's message, to test it by the Word of God. How does it compare? Is it in agreement with the message and prophetic teachings of the Bible?

awaken the immortal within book: *Immortal Jaguar* Hugh Fox, 2011 Immortal Jaguar is Hugh Fox's account of his experiences with the inner worlds and ancient powers unleashed by his use of traditional South American spiritual hallucinogenics. After consuming psychoactive plants in Peru he is gripped by visionary experiences and finds the dazzling magical world of the Immortals opening up, a whirl of ancient knowledge pouring through his consciousness. On his return to academic life in the US he finds that having a shamanic gift which he is unable to switch off is something of a dangerous liability. Part memoir, part archaeology, this fusion of visions and ideas into fictional narrative is among the most excitingly readable presentations of the spiritual underworld of the Andes and its expression through sacred hallucinogens. The vision extends outward across the ancient world through language and legend, all leading to a voyage to the house of the Sun-King - Tiawanaku in Bolivia. Fox, a major authority on the Pre-Columbian Americas, and a true visionary to boot, makes a compelling case for the connection of disparate myths and cultures around the world in deepest antiquity.
