Bat Masterson's Height and Weight: Verified Data

Bat Masterson's height and weight have been documented through various historical records and accounts from the late 19th and early 20th centuries. Based on reliable sources, Bat Masterson stood approximately 5 feet 9 inches tall. His weight fluctuated during his adult life but was generally around 160 to 170 pounds. These measurements place him within an average to slightly above average stature for men of his era.

Understanding Bat Masterson's physical dimensions helps paint a clearer picture of his presence, which was notable in the often rough and dangerous environments in which he operated.

Exact Height Measurements

Historical records and eyewitness accounts consistently describe Bat Masterson as standing 5 feet 9 inches tall. This height was considered average to moderately tall during the late 1800s and early 1900s. His stature contributed to his commanding presence as a lawman and gambler.

Weight Estimates Over Time

Bat Masterson's weight varied throughout his life due to changes in lifestyle and occupation. Generally, his weight was recorded at approximately 160 to 170 pounds. This weight was proportional to his height, reflecting a lean but sturdy build suitable for

physical confrontations and endurance.

Historical Context of Bat Masterson's Physical Stature

Bat Masterson lived during a time when average male height and weight differed significantly from modern standards. Nutrition, healthcare, and lifestyle in the late 19th century influenced physical development considerably. Understanding these factors provides context for his height and weight within his historical period.

Average Male Height and Weight in the 19th Century

During Bat Masterson's lifetime, the average height for American men ranged from 5 feet 7 inches to 5 feet 8 inches. Weight averages were generally lower than today due to different diet and lifestyle conditions. In this context, Masterson's 5 feet 9 inches height positioned him as slightly taller than many of his contemporaries.

Influence of Lifestyle on Physical Condition

Bat Masterson's lifestyle as a lawman, gambler, and outdoorsman likely contributed to maintaining a fit and agile physique. Frequent travel, physical altercations, and active engagement in frontier life demanded endurance and strength, which are reflected in his physical measurements.

The Impact of Physical Attributes on Bat Masterson's Career

Bat Masterson's height and weight played a significant role in his effectiveness and reputation. His physical presence was both a deterrent and an asset in his law enforcement duties and during confrontations in his career as a gunfighter and gambler.

Physical Presence in Law Enforcement

Standing at 5 feet 9 inches with a solid build, Bat Masterson was able to command respect and authority. His stature helped him maintain order in volatile situations and project confidence that was crucial to his success as a lawman.

Combat and Self-Defense

Masterson's weight and height contributed to his ability to engage in physical combat when necessary. His lean but strong physique allowed for agility and quick reflexes, which

were essential in gunfights and physical confrontations common in the Old West.

Comparisons with Other Old West Figures

Comparing Bat Masterson's height and weight to those of other prominent figures of the American frontier era provides additional perspective. Many legendary lawmen and outlaws had similar or varying physical attributes that influenced their roles and legacies.

Similarities with Contemporaries

Several Old West figures shared physical characteristics comparable to Bat Masterson. For example, Wyatt Earp was also reported to be about 5 feet 10 inches tall and weighed roughly 180 pounds, indicating a similar build and presence. These similarities underscore the typical physical demands of frontier life.

Variations Among Notable Figures

Not all Old West personalities matched Masterson's stature. Some, like Doc Holliday, were shorter and lighter, while others such as Wild Bill Hickok were taller and more robust. These differences affected their personal styles and effectiveness in various roles.

Summary of Physical Attributes of Old West Figures

- Bat Masterson: 5'9", 160-170 lbs
- Wyatt Earp: 5'10", ~180 lbs
- Wild Bill Hickok: 6'0", ~180-190 lbs
- Doc Holliday: 5'7", ~130-140 lbs

bat masterson height and weight: Gunfighter in Gotham Robert K. DeArment, 2013-02-14
The legend of Bat Masterson as the heroic sheriff of Dodge City, Kansas, began in 1881 when an acquaintance duped a New YorkSun reporter into writing Masterson up as a man-killing gunfighter. That he later moved to New York City to write a widely followed sports column for eighteen years is one of history's great ironies, as Robert K. DeArment relates in this engaging new book. William Barclay "Bat" Masterson spent the first half of his adult life in the West, planting the seeds for his later legend as he moved from Texas to Kansas and then Colorado. In Denver his gambling habit and combative nature drew him to the still-developing sport of prizefighting. Masterson attended almost every important match in the United States from the 1880s to 1921, first as a professional gambler betting on the bouts, and later as a promoter and referee. Ultimately, Bat stumbled into writing about the sport. In *Gunfighter in Gotham*, DeArment tells how Bat Masterson built a second career from a column in the New YorkMorning Telegraph. Bat's articles not only covered sports but also reflected his outspoken opinions on war, crime, politics, and a changing society. As his renown as a boxing expert grew, his opinions were picked up by other newspaper editors and reprinted throughout the country and abroad. He counted President Theodore Roosevelt among his friends and readers. This follow-up to DeArment's definitive biography of the Old West legend narrates the final chapter of Masterson's storied life. Far removed from the sweeping western plains and dusty cowtown streets of his younger days, Bat Masterson, in New York City, became "a ham reporter," as he called himself, "a Broadway guy."

bat masterson height and weight: The Notorious Luke Short Jack DeMattos, Chuck Parsons, 2015-06-15 Often times the smaller the man, the harder the punch--this adage was true in the case of diminutive Luke Short, whose brief span of years played out in the Wild West. His adventures began as a teenage cowboy who followed the trail from Texas to the Kansas railheads. He then served as a scout for the U.S. Army during the Indian wars and, finally, he perfected his skills as a gambler in locations that included Leadville, Tombstone, Dodge City, and Fort Worth. In 1883, in what became known as the Dodge City War, he banded together with Wyatt Earp, Bat Masterson, and others to protect his ownership interests in the Long Branch Saloon--an event commemorated by the famous Dodge City Peace Commission photograph. The irony is that Luke Short is best remembered for being the winning gunfighter in two of the most celebrated showdowns in Old West history: the shootout with Charlie Storms in Tombstone, Arizona, and the showdown against Jim Courtright in Fort Worth, Texas. He would have hated that. During his lifetime, Luke Short became one of the best known sporting men in the United States, and one of the wealthiest. He had been a partner in the Long Branch Saloon in Dodge City, as well as the White Elephant in Fort Worth. He became friends with other wealthy sporting men, such as William H. Harris, Jake Johnson, and Bat Masterson, who helped broaden his gaming interests to include thoroughbred horse racing and boxing. Before he died he would become a familiar figure in Chicago, Memphis, New Orleans, and Saratoga Springs, where he raced his string of horses. He traveled with other wealthy sporting men in private railroad cars to attend heavyweight championship fights. Luke Short was always a little man dealing in big games. He married the beautiful Hattie Buck, who could turn heads at all the top resorts they visited as man and wife. Jack DeMattos and Chuck Parsons have researched deeply into all records to produce the first serious biography of Luke Short, revealing in full the epitome of a sporting man of the Wild West.

bat masterson height and weight: Wanted: Clint Adams J.R. Roberts, SOMEONE'S GUNNING FOR THE GUNSMITH Ambushed by an unknown assailant, Clint Adams shoots him down in self-defense. Among his would-be killer's possessions, he finds a wanted poster for a \$2,500

reward—bearing his name and likeness...and the words Dead or Alive. But missing from the poster is the identity of the party offering the reward... Someone's been posting the false bounty throughout the West, riling up every bounty hunter and desperate cowpoke willing to risk their lives to claim it. Following the trail, Clint discovers who wants him dead—it's someone he's never met before, and someone who has every reason for revenge...

bat masterson height and weight: The Ham Reporter Robert J. Randisi , Robert Randisi has long been held as a master of the genre.—Michael Connelly Bat Masterson is no longer a sheriff in the Old West. He's moved East to New York City where he gets a job as a sport's writer for The Morning Telegraph. But when his friend and fellow-newsman, Inkspot Jones, disappears, Masterson's wife Emma asks if he could look into it as a favor to the man's wife. Old habits die hard, and Masterson enlists the aid of young Damon Runyon to play detective and try to locate the missing Inkspot. It doesn't look hopeful—Inkspot had something on somebody, and that somebody may have decided to play rough. Pretty soon they're up to their eyeballs in crooked politicians, hired thugs and a woman of mystery. And it's before it's done, Bat may have to strap on his Colt again for some old-fashioned Western justice. Randisi gives us the real story. Masterson ended up in New York working on a newspaper as a columnist and reporter. And because he was outspoken he got into one hell of a lot of trouble. Randisi brings the city to real life, high and low alike. There's a particularly good chapter on the street gangs of New York. A fine, rich novel that just about any reader will enjoy and appreciate. —Ed Gorman The astonishingly prolific Randisi . . . may be one of the last true pulp writers. The Ham Reporter (1986) is an enjoyable romp through 1911 New York City, in which crime-solving duo Bat Masterson and Damon Runyon's search for a missing sportswriter leads them into a world of thrown fights, crooked cops, and powerful Mob bosses. —Booklist
