brutal obsession series name: Trials of Passion Lisa Appignanesi, 2015-07-15 A journey into the heart of dark passions and the crimes they impel. When passion is in the picture, what is criminal, what is sane, what is mad or simply bad? Through court and asylum records, letters and newspaper accounts, this book brings to life some sensational trials between 1870 and 1914, a period when the psychiatric professions were consolidating their hold on our understanding of what is human. Outside fiction, individual emotions and the inner life had rarely been publicly discussed: now, in an increasingly popular press and its courtroom reports, people avidly consumed accounts of transgressive sexuality, savage jealousy and forbidden desires. These stood revealed as aspects not only of those labelled mad, but potentially, of everyone. With great story-telling flair and a wealth of historical detail, Lisa Appignanesi teases out the vagaries of passion and the clashes between the law and the clinic as they stumble towards a (sometimes reviled) collaboration. Sexual etiquette and class roles, attitudes to love, madness and gender, notions of respectability and honor, insanity and lunacy, all are at play in that vital forum in which public opinion is shaped—the theater of the courtroom.

brutal obsession series name: Vocative Constructions in the Language of Shakespeare Beatrix Busse, 2006-01-01 This study investigates the functions, meanings, and varieties of forms of address

in Shakespeare's dramatic work. New categories of Shakespearean vocatives are developed and the grammar of vocatives is investigated in, above, and below the clause, following morpho-syntactic, semantic, lexicographical, pragmatic, social and contextual criteria. Going beyond the conventional paradigm of power and solidarity and with recourse to Shakespearean drama as both text and performance, the study sees vocatives as foregrounded experiential, interpersonal and textual markers. Shakespeare's vocatives construe, both quantitatively and qualitatively, habitus and identity. They illustrate relationships or messages. They reflect Early Modern, Shakespearean, and intra- or inter-textual contexts. Theoretically and methodologically, the study is interdisciplinary. It draws on approaches from (historical) pragmatics, stylistics, Hallidayean grammar, corpus linguistics, cognitive linguistics, socio-historical linguistics, sociology, and theatre semiotics. This study contributes, thus, not only to Shakespeare studies, but also to literary linguistics and literary criticism.

brutal obsession series name: Sybil & Cyril Jenny Uglow, 2022-12-06 From Jenny Uglow, one of our most admired writers, a beautifully illustrated story of a love affair and a dynamic artistic partnership between the wars. In 1922, Cyril Power, a fifty-year-old architect, left his family to work with the twenty-four-year-old Sybil Andrews. They would be together for twenty years. Both became famous for their dynamic, modernist linocuts—streamlined, full of movement and brilliant color, summing up the hectic interwar years. Yet at the same time, they looked back to medieval myths and early music, to country ways that were disappearing from sight. Jenny Uglow's *Sybil & Cyril: Cutting Through Time* traces their struggles and triumphs, conflicts and dreams, following them from Suffolk to London, from the New Forest to Vancouver Island. This is a world of futurists, surrealists, and pioneering abstraction, but also of the buzz of the new, of machines and speed, of shops and sport and dance, shining against the threat of depression and looming shadows of war.
