charting the end times book: Ready or Not Here He Comes Chad Pritchard, 2022-07-22
Why would I write about this subject when so many have already covered it? Because God has charged me to write it. You have not read my version with my research. There are Christians and nonbelievers that need to hear this message. This is one of my ways I hope to reach out to encourage and educate Christians and non-Christians alike on the return of Christ Jesus. According to research done by Mark Hitchcock, close to one-third of the Bible is prophetic (Mark Hitchcock, The End, 4). If

you are studying or examining anything, you don't skip out on almost thirty-three percent of the material. This is why study of biblical prophetic signs is so important. With God focusing this much of His Word on this subject, I feel prophecy and its accompanying signs are a must study for Christians. So why believe and teach in a literal return of Jesus Christ? He promised to return for me and all the rest who truly believe in Him. The prophetic accuracy concerning Christ's first visitation to all of us was faultless. He is faithful; His name is Faithful and True. Besides these main points, the benefits of being part of God's kingdom now are enormous, but there are future benefits that far outweigh our earthly sufferings. Those benefits await true believers in Christ when He comes to collect His bride, The Church. If I do not meet you here on earth, I hope to meet you in Heaven.

charting the end times book: Revelation of the End Time Mark P. Krieger, 2015-04-03 Does Bible prophecy seem too confusing to you? Can you know when the end time will take place and what events will be included in the end of history on Earth? Will the Church be subjected to the judgments of God and persecution at the hands of the Antichrist? Revelation of the End Time answers these and other prophetic questions, derived from texts in Scripture, to give a clear awareness of the developments in God's plan. The easy-to-understand language of this informative and mesmerizing volume puts together the puzzle of the end time. Knowledge of these future happenings can have an effect in your life. What you read in these pages will challenge you to take end time prophecy seriously and compel you to investigate the Bible for answers. Jesus's First Advent assures you of His Second Coming. You should be familiar with and be ready for that end of history event learn here. Revelation of the End Time is a comprehensive guide to end time Bible prophecy pertaining to: God's plan for man the Rapture the Tribulation Jesus's Physical Second Appearing the Millennium Eternity

charting the end times book: After Dispensationalism Brian P. Irwin, 2023-05-03 What God wants his people to know about the end times. Christians' fixation on the end times is not new. While eschatological speculation has sometimes resulted in distraction or despair, Scripture does speak about the end. So what does God most want us to know and do with prophecy? In *After Dispensationalism*, Brian P. Irwin and Tim Perry sympathetically yet critically sketch the history, beliefs, and concerns of dispensationalism. Though a minority view in the sweep of church history and tradition, dispensationalism is one of the most influential end-times systems today, and there is much to learn from it. And yet, sometimes it gets sidetracked by overlooking the prophets' main concerns. Irwin and Perry reexamine the key texts and show that Ezekiel, Daniel, and Revelation primarily give a word of hope to God's people.

charting the end times book: For Zion's Sake Paul Richard Wilkinson, 2008-12-01 By locating Christian Zionism firmly within the Evangelical tradition, Paul Wilkinson takes issue with those who have portrayed it as a totally unbiblical menace and as the roadmap to Armageddon. Charting in detail its origins and historical development, he argues that Christian Zionism lays the biblical foundation for Israel's restoration and the return of Christ. No one has contributed more to this cause than its leading architect and patron, John Nelson Darby, an uncompromising champion for Christ's glory and God's truth. This groundbreaking book challenges decades of misrepresentation and scholarship, exploding the myth that Darby stole the doctrine of the pre-tribulation Rapture from his contemporaries. By revealing the man and his message, Paul Wilkinson vindicates Darby and spotlights the imminent return of the Lord Jesus Christ as the centerpiece of his theology.

charting the end times book: A Testimony of Jesus Christ - Volume 2 Anthony Charles Garland, 2007 A Commentary on the Book of Revelation - Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation. To understand this controversial book, the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel, Ezekiel, and others. It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible. The commentary can be used in conjunction with a free companion internet course providing an

additional 70 hours of audio instruction linked to almost 1,000 slides.
