cassavetes on cassavetes book: The Films of John Cassavetes Raymond Carney, 1994-01-28 Through words and pictures, Cassavetes is shown to have been a deeply thoughtful and self-aware artist and a profound commentator on the American experience.

cassavetes on cassavetes book: Shadows Raymond Carney, 2019-07-25 *Shadows* (1959), John Cassavetes' first film as director, ends with the title card - 'The film you have just seen was an improvisation'. Just before his death, however, Cassavetes confessed to Ray Carney something he had never before revealed - that much of his so-called 'masterpiece of improvisation' was actually written by him and Robert Alan Aurthur, a professional Hollywood screenwriter. In the ten years that followed Carney tracked down all of the surviving members of the cast and crew in order to piece together the true story of the making of *Shadows*. This book is the result of that research. Carney takes the reader behind the scenes to follow every step in the creation of the film - chronicling the hopes and dreams, the struggles and frustrations, and the ultimate triumph of their collaboration on one of the seminal masterworks of American independent film-making.

cassavetes on cassavetes book: John Cassavetes Gabriella Oldham, 2016-07-28 American filmmaker John Cassavetes (1929-1989) made only nine independent films during a quarter century, but those films affected the cinema culture of the 1960s to the 1980s in unprecedented ways. With a close nucleus of actors and crew members on his team, including his wife Gena Rowlands, Peter Falk, and Ben Gazzara, Cassavetes created films that explored the gritty side of human relationships. He staunchly advocated the right of actors and filmmakers to full artistic freedom over their work. Attracting both fervent admirers and harsh critics, Cassavetes's films have garnered prestigious awards in the US and Europe and continue to evoke strong reactions. Starting in New York with his first film *Shadows* (1959), Cassavetes moved on to the West Coast with *Faces* (1968), *Husbands* (1970), *Minnie and Moskowitz* (1971), *A Woman Under the Influence* (1974), *The Killing of a Chinese Bookie* (1976), *Opening Night* (1977), *Gloria* (1980), and *Love Streams* (1984). He also directed several studio films, which often rankled his independent streak that rebelled against a loss of artistic freedom. Cassavetes's work in the theater and his performances in numerous television programs and films, including *The Dirty Dozen* (1967) and *Rosemary's Baby* (1968), made him, as a director, fiercely protective of his actors' right to self-expression. Cassavetes's contributions to film as actor, writer, director, producer, and cinematographer at a time of radical changes in cinema history continue to inspire independent filmmakers to challenge creative restrictions and celebrate actors' artistic contributions. *John Cassavetes: Interviews* captures this maverick streak of an intensely personal filmmaker who was passionate about his art.

cassavetes on cassavetes book: Cassavetes on Cassavetes John Cassavetes, 2001-08-15 Since his death in 1989, John Cassavetes has become increasingly renowned as a cinematic hero--a renegade loner who fought the Hollywood system, steering his own creative course in a career spanning thirty years. Having already established himself as an actor, he struck out as a filmmaker in 1959 with *Shadows*, and proceeded to build a formidable body of work, including such classics as *Faces*, *Woman Under the Influence*, *The Killing of a Chinese Bookie*, and *Gloria*. In *Cassavetes on Cassavetes*, Ray Carney presents the great director in his own words--frank, uncompromising, humane, and passionate about life and art.

cassavetes on cassavetes book: Cassavetes Directs Michael Ventura, 2008-04-01 In 1983 visionary director John Cassavetes asked journalist Michael Ventura to write a unique film study—an on-set diary of the making of his film *Love Streams*. Cassavetes laid out his expectations. He wanted a daring book, a tough book. In Ventura's words, All I had to do for 'daring' and 'tough' was

transcribe this man's audacity day by day. Full of insight into not only the filmmaker but his actors and his Hollywood peers, the resulting book describes the creation of *Love Streams* shot by shot, crisis by crisis. During production, the director learned that he was seriously ill, that this film might, as it tragically turned out, be his last. Starring alongside actress and wife Gena Rowlands, Cassavetes shot in sequence, reconceiving and revising his film almost nightly, in order that *Love Streams* could stand as his final statement. Both an intimate portrait of the man and an insight into his unique filmmaking philosophy, this important text for all movie lovers and film historians documents a heroic moment in the life of a great artist.

cassavetes on cassavetes book: *Accidental Genius* Marshall Fine, 2005 Among filmmakers and film buffs, Cassavetes is revered. A major star of live television in the 1950s, he stumbled accidentally into making his first film, *Shadows*, while leading an acting workshop--and created a template for working outside the system that would produce some of the most piercing and human films of the next thirty years, including *Faces*, *Husbands*, and *A woman under the influence*. Turning his back on Hollywood, he became the prototypical outsider, fighting the system, financing and ultimately distributing his films himself, at a time when there was no apparatus to get a non-studio film into theaters around the country. His life and work are examined in this biography, with cooperation from his wife and muse Gena Rowlands and others of this inner circle, to reveal just how daring and forward-thinking he was.--From publisher description.

cassavetes on cassavetes book: *Where Does it Happen?* George Kouvaros, 2004 "A good movie," John Cassavetes has remarked, "will ask you questions you don't already know the answers to." And in his films, Cassavetes is as good as his word. Taking up the radical question that Cassavetes's films consistently pose—specifically, where is the line between actor and character, fiction and reality, film and life?—George Kouvaros reveals the unique and illuminating position that Cassavetes's work occupies at the intersection of filmmaking and film theory. Central to any understanding of Cassavetes's achievement is the issue of performance. Looking at the work of Gena Rowlands, Ben Gazzara, and Cassavetes himself in films such as *Faces*, *A Woman under the Influence*, and *The Killing of a Chinese Bookie*, Kouvaros shows how performative

instances—gestures, words, or glances—open up intimations of dramas belonging neither strictly to these films nor to the everyday worlds in which they are immersed. A major reassessment of the filmmaker as a formal experimenter, *Where Does It Happen?* gives Cassavetes his due as a filmmaker whose critical place in the modern cinema is only now becoming clear. George Kouvaros is senior lecturer in the School of Theatre, Film, and Dance at the University of New South Wales, Australia.
