

charlotte anne elizabeth moberly

charlotte anne elizabeth moberly was a British academic and author best known for her involvement in one of the most intriguing supernatural claims of the early 20th century. A respected scholar and the first principal of St. Hugh's College, Oxford, Moberly gained posthumous fame through the mysterious account she co-authored about an alleged time slip experience at the Palace of Versailles. This article delves into the life, academic career, and the famous "Ghosts of Versailles" incident associated with Charlotte Anne Elizabeth Moberly. It will also explore the cultural impact and ongoing debates surrounding her story. Readers will gain a comprehensive understanding of her legacy and the historical context of her most famous experience. The following sections outline the key aspects of Charlotte Anne Elizabeth Moberly's life and work.

- Early Life and Academic Career
- The Versailles Incident
- Publication and Reception of the Account
- Legacy and Cultural Impact
- Criticism and Skepticism

Early Life and Academic Career

Charlotte Anne Elizabeth Moberly was born in 1846 into a well-established family in England. She pursued education with notable dedication at a time when women's access to higher education was limited. Moberly's commitment to academia led her to become a pioneering figure in women's education.

Education and Early Influences

Moberly was educated privately before entering higher education environments that were emerging for women in the late 19th century. Her intellectual curiosity and scholarly discipline shaped her future roles within academia, particularly in Oxford.

Principal of St. Hugh's College

One of her most significant achievements was serving as the first principal of St. Hugh's College, Oxford, a role she assumed in 1886. Under her leadership, the college expanded

its educational offerings for women and gained increased respect within the academic community.

The Versailles Incident

Charlotte Anne Elizabeth Moberly is best known for her mysterious experience at the Palace of Versailles in 1901, which she documented in collaboration with Eleanor Jourdain. The event involved what they described as a time slip or paranormal encounter during a visit to the historic palace.

Details of the Experience

According to Moberly and Jourdain, while touring the Versailles grounds, they encountered anachronistic scenes and figures from the late 18th century, including a woman resembling Marie Antoinette. They reported feelings of confusion and disorientation, later interpreting the event as a supernatural phenomenon.

Context of the Visit

The visit took place during a trip to France intended for academic and cultural enrichment. Both women were scholars deeply interested in history, which contextualizes their attention to detail in recounting the unusual experience at Versailles.

Publication and Reception of the Account

In 1911, Charlotte Anne Elizabeth Moberly and Eleanor Jourdain anonymously published their account titled *An Adventure*, which described their Versailles experience. The book attracted significant attention from the public and the press, sparking widespread debate.

The Book: An Adventure

The narrative presented in *An Adventure* was carefully detailed, with both authors emphasizing their sincerity and the inexplicability of the events. The anonymity was intended to protect their reputations given the unconventional nature of the claims.

Public and Academic Reactions

Responses ranged from fascination and belief in the paranormal to skepticism and ridicule. While some readers accepted the account as evidence of supernatural phenomena, many academics and critics questioned the reliability of the observations and suggested alternative explanations.

Legacy and Cultural Impact

Charlotte Anne Elizabeth Moberly's story has become a cornerstone in the study of paranormal phenomena and historical time slips. The incident at Versailles continues to inspire books, documentaries, and discussions in both popular and academic circles.

Influence on Paranormal Studies

The Versailles incident is frequently cited in paranormal literature as a well-documented case of time displacement or ghostly encounter. Moberly's scholarly background lends an unusual credibility that distinguishes the event from many other paranormal claims.

Representation in Media and Literature

The tale has been adapted and referenced in various media forms, including films, television programs, and novels. These adaptations often explore themes of history, memory, and the supernatural, reflecting the enduring intrigue surrounding Moberly's experience.

Criticism and Skepticism

Despite its popularity, Charlotte Anne Elizabeth Moberly's account has faced considerable criticism, particularly from skeptics and historians who challenge the factual basis of the Versailles experience.

Psychological Explanations

Some scholars argue that the experience could have been a result of psychological phenomena such as confabulation, memory distortion, or hallucination. Stress, fatigue, and suggestibility are among the factors proposed to explain the incident without recourse to the supernatural.

Historical and Contextual Challenges

Critics have also pointed out inconsistencies and inaccuracies in the descriptions of the Versailles grounds and the historical figures allegedly encountered. These discrepancies raise questions about the reliability of Moberly's and Jourdain's recollections.

1. Charlotte Anne Elizabeth Moberly's academic achievements and pioneering role in women's education.
2. The mysterious Versailles incident and its detailed account.
3. The publication of *An Adventure* and the varied reception it received.
4. The lasting cultural and paranormal significance of Moberly's story.
5. Critical perspectives and alternative explanations for the experience.

Frequently Asked Questions

Who was Charlotte Anne Elizabeth Moberly?

Charlotte Anne Elizabeth Moberly was a British academic and author, best known for her involvement in the famous 'Moberly-Jourdain incident,' a claimed time-slip experience at the Palace of Versailles in 1901.

What is the Moberly-Jourdain incident?

The Moberly-Jourdain incident refers to an event in 1901 when Charlotte Moberly and her colleague Eleanor Jourdain claimed to have experienced a time slip while visiting the Palace of Versailles, supposedly encountering people and scenes from the late 18th century.

What did Charlotte Moberly write about the Versailles incident?

Charlotte Moberly co-authored a book titled 'An Adventure,' published under the pseudonyms Elizabeth Morison and Frances Lamont, detailing the alleged time-slip experience at Versailles.

When did the Moberly-Jourdain incident occur?

The incident occurred on August 10, 1901, when Charlotte Moberly and Eleanor Jourdain visited the Petit Trianon at the Palace of Versailles.

What was Charlotte Moberly's profession?

Charlotte Moberly was an academic and served as the Principal of St Hugh's College, Oxford, one of the women's colleges at the University of Oxford.

How did the public react to Moberly's claims about the Versailles incident?

The claims made by Charlotte Moberly and Eleanor Jourdain were met with skepticism and intrigue, sparking debates about paranormal phenomena and time travel, though many regarded the story as a hoax or misinterpretation.

Did Charlotte Moberly and Eleanor Jourdain provide any evidence for their time-slip experience?

No concrete evidence was provided; their story was based on personal recollections and sketches, making it difficult to verify or substantiate the claims scientifically.

What impact did Charlotte Moberly have on women's education?

As Principal of St Hugh's College, Oxford, Charlotte Moberly played a significant role in advancing women's higher education during the late 19th and early 20th centuries.

When did Charlotte Anne Elizabeth Moberly live?

Charlotte Anne Elizabeth Moberly was born in 1846 and died in 1937.

Additional Resources

1. Charlotte Anne Elizabeth Moberly: A Life in Mystery

This biography delves into the intriguing life of Charlotte Moberly, exploring her academic achievements, her role as a pioneering woman in education, and her enduring fascination with the paranormal. The book provides detailed insights into her personal background and the societal context of her time. It also examines how her experiences shaped her later literary work.

2. The Moberly-Jourdain Incident: A Historical Investigation

Focusing on the famous time-slip event reported by Charlotte Moberly and Eleanor Jourdain, this book investigates the historical and cultural significance of the incident. It analyzes the original accounts, critiques, and various interpretations over the years. The narrative also explores the impact of this event on the study of paranormal phenomena.

3. Ghosts of Versailles: The Moberly-Jourdain Enigma

This title explores the mysterious ghostly visions that Charlotte Moberly and Eleanor Jourdain claimed to experience at the Petit Trianon. It provides an in-depth look at the historical figures involved, the setting of Versailles, and the nature of their reported

supernatural encounter. The book blends history, biography, and paranormal research.

4. *Charlotte Moberly's Academic Legacy and Feminist Influence*

Highlighting Moberly's contributions to education and her role as one of the first female principals at St. Hugh's College, Oxford, this book discusses her influence on women's higher education. It also reflects on how her experiences and beliefs intersected with early feminist movements. The work profiles her as both an educator and an advocate for women's rights.

5. *Paranormal Encounters in Edwardian England: The Moberly-Jourdain Case*

Set against the backdrop of Edwardian England, this book situates the Moberly-Jourdain incident within the broader context of spiritualism and paranormal interest of the era. It examines societal attitudes toward ghosts and time slips, and how these shaped public reception of their story. The book draws from contemporary accounts and later analyses.

6. *The Time-Slip Phenomenon: Exploring Moberly and Jourdain's Experience*

This book takes a scientific and philosophical approach to the idea of time slips, using Charlotte Moberly's account as a case study. It reviews theories in physics, psychology, and paranormal studies to understand possible explanations. The narrative encourages readers to consider the boundaries between reality and perception.

7. *Behind the Veil: The Spiritual Beliefs of Charlotte Moberly*

This title explores Moberly's personal spirituality and how it influenced her interpretation of the supernatural events she experienced. Drawing from her letters, diaries, and writings, the book paints a portrait of a woman deeply engaged with questions of faith and the unknown. It also discusses the role of spirituality in her academic and personal life.

8. *Haunted Academia: The Intersection of Scholarship and the Supernatural in Moberly's Life*

Examining the unusual blend of rigorous scholarship and paranormal interest, this book looks at how Charlotte Moberly balanced her academic career with her fascination for ghost stories. It highlights key moments where her intellectual pursuits and supernatural experiences intersected. The result is a nuanced portrait of a complex historical figure.

9. *The Petit Trianon Mystery: Revisiting Moberly and Jourdain's Journey*

This book retraces the footsteps of Charlotte Moberly and Eleanor Jourdain at the Petit Trianon, combining historical research with modern paranormal investigation techniques. It aims to uncover new evidence or explanations for their reported time-slip experience. Readers are invited to explore the enduring mystery through a contemporary lens.

charlotte anne elizabeth moberly: An Adventure Charlotte Anne Elizabeth Moberly, Eleanor Frances Jourdain, 1913

charlotte anne elizabeth moberly: *An Adventure* C. A. E. Moberly, Evans Joan, 2019-01-17 2019 Reprint. Full facsimile of the original edition, not reproduced with Optical Recognition software. First published in 1911. The Moberly-Jourdain incident was an event that occurred on 10 August 1901 in the gardens of the Petit Trianon, involving two female academics, Charlotte Anne Moberly and Eleanor Jourdain. The women were both from educated backgrounds. During a trip to Versailles, they visited the Petit Trianon, a small chateau in the grounds of the Palace of Versailles, where they allegedly experienced a time slip, and saw Marie Antoinette as well as other people of the same period. After researching the history of the palace, and comparing notes of their experience, they published their work in a book entitled *An Adventure*, under the names of Elizabeth Morison and Frances Lamont, in 1911. Their story caused a sensation and continues to find a readership to this day. This edition is Edited by Joan Evans.

charlotte anne elizabeth moberly: **St Hugh's: One Hundred Years of Women's Education in Oxford** Penny Griffin, 1986-06-30

charlotte anne elizabeth moberly: **The Mysterious Paths Of Versailles** Mark Lamont, 2017-11-30 On August 10, 1901, two English ladies decided to visit the Palace of Versailles for what was anticipated to be an ordinary day of sightseeing. However, on that fateful day, a series of mysterious encounters occurred. When the ladies visited Queen Marie Antoinette's Petit Trianon, both were later convinced they had stepped back in time to the eighteenth century. One of the ladies even believed she had witnessed the queen herself! Were the ladies encounters a case of mistaken identity and confusion, or did they unknowingly step back in time to walk along paths from a bygone era at Versailles?

charlotte anne elizabeth moberly: The Versailles Effect Mark Ledbury, Robert Wellington, 2020-12-10 The essays in this volume show that Versailles was not the static creation of one man, but a hugely complex cultural space; a centre of power, but also of life, love, anxiety, creation, and an enduring palimpsest of aspirations, desires, and ruptures. The splendour of the Château and the masterpieces of art and design that it contains mask a more complex and sometimes more sordid history of human struggle and achievement. The case studies presented by the contributors to this book cannot provide a comprehensive account of the Palace of Versailles and its domains, the life within its walls, its visitors, and the art and architecture that it has inspired from the seventeenth century to the present day: from the palace of the Sun King to the Penthouse of Donald Trump. However, this innovative collection will reshape-or even radically redefine-our understanding of the palace of Versailles and its posterity.

charlotte anne elizabeth moberly: Women At Imperial College: Past, Present And Future Anne Barrett, 2017-02-24 This book is a celebration of women in science, technology, medicine and business at Imperial College London. It shows the inspirational role women played in the creation of the legacy of the College since its inception, and represents a guide to their achievements. Biographies and archive material provide an insight into their academic work and social lives, while first-hand information collected for individual cases gives a comprehensive overview of student and

professional life in their diverse fields and subjects. Further careers as academics and businesswomen are also documented, demonstrating the importance of and wider social impact of women in the sciences.

charlotte anne elizabeth moberly: Mysteries and Secrets of Time Lionel Fanthorpe, Patricia Fanthorpe, 2007-05-30 Is time infinite, or does it have a beginning and an end? This fascinating explores the mysteries of time and proposes a theory that suggests an awesome answer.

charlotte anne elizabeth moberly: Marie Antoinette Dena Goodman, Thomas E. Kaiser, 2013-10-23 Marie-Antoinette is one of the most fascinating and controversial figures in all of French history. This volume explores the many struggles by various individuals and groups to put right Marie's identity, and it simultaneously links these struggles to larger destabilizations in social, political and gender systems in France. Looking at how Marie was represented in politics, art, literature and journalism, the contributors to this volume reveal how crucial political and cultural contexts were enacted on the body of the queen and on the complex identity of Marie. Taken together, these essays suggest that it is precisely because she came to represent the contradictions in the social, political and gender systems of her era, that Marie remains such an important historical figure.

charlotte anne elizabeth moberly: The Trial of Woman D. Basham, 1992-01-14 The Trial of Woman examines the impact of the nineteenth-century 'Occult Revival' on the Victorian Women's Movement, both in the lives of individual women and in the literature surrounding 'the Woman Question'. The book explores the Victorian Myth of Occult Womanhood and argues that the notion of female occult power was deeply influenced by the advent of Mesmerism, Spiritualism and Theosophy. This myth was itself a determining factor in women's struggle for legal and political rights.

charlotte anne elizabeth moberly: The New Girl Sally Mitchell, 1995 In the 1930s a band of smart and able young men, some still in their twenties, helped Franklin D. Roosevelt transform an American nation in crisis. They were the junior officers of the New Deal. Thomas G. Corcoran, Benjamin V. Cohen, William O. Douglas, Abe Fortas, and James Rowe helped FDR build the modern Democratic Party into a progressive coalition whose command over power and ideas during the next three decades seemed politically invincible. This is the first book about this group of Rooseveltians and their linkage to Lyndon Johnson's Great Society and the Vietnam War debacle. Michael Janeway grew up inside this world. His father, Eliot Janeway, business editor of Time and a star writer for Fortune and Life magazines, was part of this circle, strategizing and practicing politics as well as reporting on these men. Drawing on his intimate knowledge of events and previously unavailable private letters and other documents, Janeway crafts a riveting account of the exercise of power during the New Deal and its aftermath. He shows how these men were at the nexus of reform impulses at the electoral level with reform thinking in the social sciences and the law and explains how this potent fusion helped build the contemporary American state. Since that time efforts to reinvent government by brains trust have largely failed in the U.S. In the last quarter of the twentieth century American politics ceased to function as a blend of broad coalition building and reform agenda setting, rooted in a consensus of belief in the efficacy of modern government. Can a progressive coalition of ideas and power come together again? The Fall of the House of Roosevelt makes such a prospect both alluring and daunting.

charlotte anne elizabeth moberly: A Serious Endeavour Laura Schwartz, 2011-07-21 Neither a cosy anecdotal inside story, nor a straightforward account of women's struggle to enter the university, this history of St Hugh's College, Oxford looks both upstairs and downstairs, at dons and undergraduates but also at domestic staff. What did it mean for the would-be school teacher, the flapper on the motorcycle, the depression era grammar-school girl, and the student revolutionary of the 1970s to re-invent themselves as educated women? Who remained excluded from this emancipated identity? What were the tensions between old and new generations of dons and

undergraduates? And what of the first Principal's notorious belief in time-travel? In this innovative study, Schwartz explores the relationship between personal and collective identity in one of the first higher educational establishments run by and for women, during a period in which women's role both in society and university education changed beyond recognition. Based on new and original research, *A Serious Endeavour* offers a fresh and sometimes disquieting perspective on the history of gender and education in twentieth-century Britain, opening up new ways of thinking about the development of women's higher education.

charlotte anne elizabeth moberly: The Collected Works of W.B. Yeats Vol. V: Later Essays William Butler Yeats, 1994-09-30 Compiling nineteen essays and introductions, a volume with explanatory notes includes *Per Amica Silentia Lunae* and *On the Boiler* as well as introductions on Shelley and Balzac and essays on Irish poetry and politics.

charlotte anne elizabeth moberly: The Making of Yeats's A Vision George Mills Harper, 1987 According to Yeats, his wife surprised him on 24 October 1917, four days after their marriage, "by attempting automatic writing." Excited, he offered to spend the remainder of his life organizing and explaining the "scattered sentences." Over a period of approximately 30 months they collaborated in 450 sittings, he asking questions, she responding to fill a total of more than 3,600 pages. Quoting copiously from the Script, Harper has traced in two volumes these incredible experiments day by day as the Yeatses moved about England, Ireland, and America. He has also cited hundreds of parallel explanatory passages from many workbooks, notebooks, and the concordance arranged like a card index in which Yeats codified the System he projected in *A Vision* and numerous poems and plays. Harper also has examined the extensive personal revelations that were excluded from *A Vision* and carefully concealed in many passages of "personal Script." As Professor Harper demonstrates, Yeats had these often oblique, highly allusive passages in mind when he admitted "To Vestigia" that he had "not even dealt with the whole of my subject, perhaps not even with what is most important, writing nothing about the Beatific Vision, little of sexual love."

charlotte anne elizabeth moberly: Religion and Aesthetic Experience in Joyce and Yeats T. Balinisteanu, 2015-07-06 This monograph is based on archival research and close readings of James Joyce's and W. B. Yeats's poetics and political aesthetics. Georges Sorel's theory of social myth is used as a starting point for exploring the ways in which the experience of art can be seen as a form of religious experience.

charlotte anne elizabeth moberly: A Vision: The Revised 1937 Edition William Butler Yeats, 2015-05-19 Keynote This new annotated edition of Yeats's indispensable, lifelong work of philosophy, *A Vision* (1937), is a revised explanation of the poet's greatest occult work--

charlotte anne elizabeth moberly: The Complete Paranormal Investigation Handbook Richard Palmisano, Peter J. Roe, 2025-08-08 Everything You Need to Conduct Professional and Science-Based Field Studies Richard Palmisano and Peter J. Roe, the founder and the assistant director of The Searcher Group—Canada's oldest and most reputable paranormal research team—present a comprehensive and progressive guide to ghost investigation. Whether you're a novice or part of an established team, you'll be ready for the next level of serious research. Featuring groundbreaking theory and strategies to look at old problems in new ways, this book is essential to conducting professional paranormal investigations. Palmisano and Roe teach how to assemble your team; plan what to do before, during, and after your investigations; use the right equipment; and much more. The result of over four decades of trial, error, and firsthand encounters, this must-have manual is designed to unite the paranormal research community and resume true advancements in the field. We already know ghosts exist. Are you and your team ready to dig deeper?
