coffman commentary acts 18: First-Century Truth for a Twenty-First Century World David Gibson, 2011-09-30 Can society function without a common standard of weights and measures, currency, and time-keeping? Is competition in athletics possible without rules? But what about religion? Is it left up to each person what to believe and practice, or is there a universal standard? There is. God sent Jesus, not only to die as our Savior, but also to reveal an authoritative message for our salvation. Jesus then transferred this message to the apostles. Guided by the Holy Spirit, they in turn preached this message, which is now preserved in the New Testament. This is our standard today.

Emphasizes understanding the text with practical applications. Intended to be helpful to all Christians, including teachers and preachers, while avoiding an emphasis on technical issues. Written from the conservative viewpoint of faith in the Bible as the absolute, inerrant, verbally inspired word of God. coffman commentary acts 18: Seventy Weeks Prophecy: How the Bible Foretold the Year Jesus(As) and Muhammad(Saw) Will Come on Earth Pedro C. Arceno Jr, 2020-09-10 Volume One of this book will discuss about the true gospel of Jesus(as) which is about the imminent coming of the Son of Man and the establishment of the universal Kingdom of God on earth. We will emphasize the fact that the entire ministry of Jesus(as) is all about the good news of the imminent fulfillment of the "Son of Man Prophecy" and the "Kingdom of God Prophecy" of Prophet Daniel(as) as written in the Bible. Based on the correct context and interpretation, the Son of Man mentioned by Jesus(as) refers to Prophet Muhammad(saw) and the Kingdom of God refers to Islam. Volume Two will discuss about the fulfillment of the 70 Weeks Prophecy of Prophet Daniel(as). That this prophecy is actually a countdown to know the year Jesus(as) and Muhammad(saw) will come on earth. Jesus(as) is expected to arrive in the 69th Week of the countdown, and Prophet Muhammad(saw) will arrive in the 70th Week of the countdown. Its exact fulfillment in history (such as the year of their birth, the starting year of their ministry and the year their respective messianic mission will be accomplished) is a miracle or sign from Allah swt (Qur'an 20:133) and a clear evidence (Qur'an 61:6) attesting the veracity of the prophethood of both Jesus(as) and Muhammad(saw). This will explain to us why there are Jews who knew what time or year Jesus(as) will arrive on earth; and why there were Jews in Yathrib Arabia who knew what time or year Muhammad(saw) will emerge as Messenger of God.

coffman commentary acts 18: Minor Prophets in a Major Key Chris Woodall, 2018-01-24 All Scripture is God-breathed, but not every portion of it is embraced by Christians with equal vigor. Tribal lists, specific sacrificial obligations, seemingly endless genealogical records, and apparently gratuitous acts of warfare are readily scanned over. But could the minor prophets be added to that list? Should they be? They certainly seem more difficult to locate for many of us than, say, the books of Moses or the Psalms. The writer is clear in his assessment from the start, positing that our relative ignorance of these twelve books, tucked away at the end of the Old Testament, impinges negatively on the Christian believer's walk. Covering a period of around four hundred years, each

book is revealed through two contextual settings: the historical and that which was personal to the individual pensmith, before a brief overview reveals the main points of that author's writing. The bulk of each chapter is concerned with the Major Key of the title. Taking a verse or two from each of the minor prophets, Chris Woodall develops a theme to bring practical application with a potentially positive impact to life as a Christian in the twenty-first century from lessons over two-and-a-half thousand years old.

coffman commentary acts 18: Just Follow Jesus Billy Joseph Stines, 2019-12-18 Who were the men called by Jesus? Among the twelve disciples were two sets of brothers – Peter and Andrew, James and John – and a man named Matthew. If we were selecting individuals to follow Jesus, these men would have never been on our list. But Jesus saw something in them we could never see. Peter, Andrew, James, and John made their livelihood fishing in the Sea of Galilee. Matthew collected taxes for the hated Roman empire. Each was an average man just going about his daily business. But Jesus turned their lives upside down by calling to them, saying, “Follow me.” Just as his call changed their lives, it can change your life, too. Billy Joseph Stines, who served almost forty years at six churches scattered around North and South Carolina, explores why you should listen to the call of Jesus. He also urges readers to stop dismissing those parts of the Bible that do not fit their idea of who God is. Instead of seeking peace through compromise, the goal must be to discover the truth – Jesus Christ.

coffman commentary acts 18: Christians Too, Must Obey Wayne Talbot, 2018-01-05 Cursed is the one who will not uphold the words of this Torah, to perform them; and the entire people shall say, Amen (Deut. 27:26 TJB). King David wrote of Torah: The law of the Lord is perfect, converting my soul . . . the statutes of the Lord are right, rejoicing the heart; the commandment of the Lord is pure, enlightening the eyes (Ps. 19:78). He also wrote, I will delight myself in Your statutes, I will not forget Your word. . . . Make me walk in the path of Your commandments, for I delight in it . . . I will delight myself in Your commandments, which I love. . . . Your statutes have been my songs, in the house of my pilgrimage. . . . The earth, O Lord, is full of Your mercy, teach me Your statutes (Ps. 119) Centuries later, Martin Luther wrote: The law, when it is in its true sense, doth nothing else but reveal sin, engender wrath, accuse and terrify men, so that it bringeth them to the very brink of desperation. This is the proper use of the law, and here it hath an end, and it ought to go no further. Who was right? Was the Torah a gracious gift of a loving God, providing guidance for all generations and for all time, or was its giving a malicious act of God against the children of Israel? Did Jesus fulfill the law in such a way as to be not applicable to his followers even though his early followers, the apostles, and disciples did not believe so, continuing to be Torah observant and practicing Judaism in a Messianic context? When the Church of Rome condemned the Nazarenes as heretics, were they not also proclaiming the Jewish followers of Jesus as heretics, including the twelve apostles? This study attempts to answer those questions.

coffman commentary acts 18: *Restoring the First-century Church in the Twenty-first Century* Warren Lewis, Hans Rollmann, 2005-10-15 'Restoring the First-century Church in the Twenty-first Century: Essays on the Stone-Campbell Restoration Movement in Honor of Don Haymes' is a snap-shot of a major American religious movement just after the turn of the millennium. When the Disciples of Alexander Campbell and the Christians of Barton Warren Stone joined forces early in the 19th century, the first indigenous ecumenical movement in the United States came into being. Two hundred years later, this American experiment in biblical primitivism has resulted in three, possibly four, large segments. Best known is the Christian Church (Disciples of Christ), active wherever ecumenical Christians gather. The denomination is typically theologically open, having been reshaped by theological Liberalism and the Social Gospel in the twentieth century, and has been re-organized on the model of other Protestant bodies. The largest group, the Churches of Christ, easily distinguished by their insistence on 'a cappella' music (singing only), is theologically conservative, now tending towards the evangelical, and congregationally autonomous, though with a denominational sense of brotherhood. The Christian Churches/Churches of Christ (Independent) are a 'via media' between the two other bodies: theologically conservative and evangelical, congregationally autonomous, pastorally oriented, and comfortable with instrumental music. The fourth numerically significant group, the churches of Christ (Anti-Institutional), is a conservative reaction to the 'a cappella' churches, much in the way that the Southern 'a capella' churches reacted against the emerging intellectual culture and social location, instrumental music and institutional centrism of the Northern Disciples following the Civil War. Besides these four, numerous smaller fragments, typically one-article splinter groups, decorate the history of the Restoration Movement: One-Cup brethren, Premillennialists, No-Sunday-School congregations, No-Located-Preacher churches, and others. This movement to unite Christians on the basis of faith and immersion in Jesus Christ, and to restore New-Testament Christianity, is too little recognized on the American religious landscape, and it has been too little studied by the academic community. This volume is focused primarily on the 'a cappella' churches and their interests, but implications for the entire Stone-Campbell Restoration Movement abound. The voices that speak freely within were unimpeded in authoring these essays by standards of orthodoxy imposed from without. All of the contributors are acquainted with Don Haymes, the honoree of the volume, and have been inspired by this friend and colleague, a man with a rigorous and earthy intellect and a heavenly spirit. coffman commentary acts 18: 1-3 John: A Pentecostal Commentary Dr. Matthew N. O. Sadiku, 2012-09-06 Every serious student of the Bible desires to understand the text, discover the biblical principles, and apply the truths to his/her life. This commentary is designed to help students, pastors, and Bible teachers understand the book of 1-3 John in a simple manner. Working from the popular New International Version (NIV), the author provides helpful commentary on the text verse-by-verse. This verse-by-verse commentary is different from others in two respects. First, it is brief while some commentaries are unnecessarily wordy and verbose. Second, it is Pentecostal in outlook. This implies that we generally adhere to the doctrine of biblical inerrancy and adopt a literalist approach to the interpretation of the Bible. The epistles of John represent a distinctive voice in the New Testament. John Wesley regarded them as the "deepest part of the holy scriptures." John's epistles have enriched and equipped Christians down through the centuries. This commentary on the Johannine epistles is a model of clarity and brevity in writing. John wrote to urge his readers to love one another, live in the truth, and watch for false teachers.

coffman commentary acts 18: *Satan's Counterfeit Healing* Lawrence E. Burkholder, 2019-09-30 The Christian church worldwide has been taken prisoner by Satan's counterfeit healing. This statement is based on the author's personal experience, modest exposure to the Toronto

Blessing, observation of parachurch healing ministries, and extensive historical reconstructions. Satan's Counterfeit Healing presents and evaluates Satan's supernatural healing from the Paleolithic period (ca. 45000 BCE) to the contemporary church. The guiding thesis is that Satan and his demonic surrogates perform miracles which are evident as psi paranormal phenomena. These manifestations include physical and exorcistic supernatural healings. Paleolithic and Neolithic periods produced Great Mother goddess worship and healing, which have persisted ever since. These idolatries, combined with OT nature gods, were a backdrop to Jesus' true miracles. For two thousand years of church history there's been a tug-of-war between true and false healing. Mother goddess as Mariological shrine healing joined with natural and demonic magic, and esoteric energy psi. Alongside these the Holy Spirit has raised up genuine healers and their ministries. Modern healing is marked by energy counterfeits and faith healing, the latter especially accompanied by trance, false prophecy, and psi transformations. True divine healing can be recovered when Christians repudiate nature gods, reject false prophecy, and restore proper eschatology.

coffman commentary acts 18: A Social History of Christian Origins Simon J. Joseph, 2022-12-30 A Social History of Christian Origins explores how the theme of the Jewish rejection of Jesus - embedded in Paul's letters and the New Testament Gospels - represents the ethnic, social, cultural, and theological conflicts that facilitated the construction of Christian identity. Readers of this book will gain a thorough understanding of how a central theme of early Christianity - the Jewish rejection of Jesus - facilitated the emergence of Christian anti-Judaism as well as the complex and multi-faceted representations of Jesus in the Gospels of the New Testament. This study systematically analyzes the theme of social rejection in the Jesus tradition by surveying its historical and chronological development. Employing the social-psychological study of social rejection, social identity theory, and social memory theory, Joseph sheds new light on the inter-relationships between myth, history, and memory in the study of Christian origins and the contemporary (re)construction of the historical Jesus. A Social History of Christian Origins is primarily intended for academic specialists and students in ancient history, biblical studies, New Testament studies, Religious Studies, Classics, as well as the general reader interested in the beginnings of Christianity.

coffman commentary acts 18: The Encyclopedia of the Wars of the Early American Republic, 1783-1812 Spencer C. Tucker, 2014-06-11 Relatively little attention has been paid to American military history between 1783 and 1812—arguably the most formative years of the United States. This encyclopedia fills the void in existing literature and provides greater understanding of how the nation evolved during this era. This encyclopedia offers a comprehensive examination of U.S. military history from the beginning of the republic in 1783 up to the eve of war with Great Britain in 1812. It enables a detailed study of the Early Republic, during which ideological and political divisions occurred over the fledgling U.S. military. The entries cover all the important battles, key individuals, weapons, Indian nations, and treaties, as well as numerous social, political, cultural, and economic developments during this period. The contents of the work will enable readers at the high school, college, university, and even graduate level to comprehend how political parties emerged, and how ideological differences over the organization, size, and use of the military developed. Larger global developments, including Anglo-American and Franco-American interactions, relations between Middle Eastern states and the United States, and relations and warfare between the U.S. government and various Indian nations are also detailed. The extensive and detailed bibliographies will be immensely helpful to learners at all levels.
