Overview of Acts 5 in Coffman Commentary

Coffman commentary acts 5 begins with a focus on the growth and challenges of the early church following Pentecost. The chapter captures a critical moment where the believers' integrity and commitment to the gospel are tested. Coffman emphasizes that Acts 5 reveals the tension between divine authority and human deception, highlighting the significance of truthfulness within the church community. The chapter is divided into several key narratives that illustrate the apostles' role as God's chosen messengers and the opposition they faced from religious leaders. This overview sets the stage for a detailed analysis of each major event in Acts 5, providing a framework for understanding the spiritual and communal lessons embedded in the text.

The Story of Ananias and Sapphira

One of the most striking episodes in Acts 5 is the account of Ananias and Sapphira, which Coffman commentary acts 5 addresses with careful theological reflection. This story serves as a warning about hypocrisy and dishonesty within the Christian community. Ananias and Sapphira sold a piece of property but deceitfully withheld part of the proceeds while claiming to donate the full amount to the

church.

Deception and Divine Judgment

Coffman highlights that their sin was not merely financial but a breach of trust and integrity before God and the church. The immediate and severe judgment they faced underscores the seriousness of sin in the fellowship of believers. This event demonstrates that God's holiness demands truthfulness and transparency among His people.

Implications for Church Discipline

This incident also illustrates early church discipline as an act of maintaining purity and accountability within the body of Christ. Coffman notes that the story serves as a precedent for confronting sin within the community to preserve its spiritual health and witness.

- Warning against hypocrisy
- Emphasis on honesty in the church
- Divine authority in church discipline
- The consequences of sin in community

Apostolic Miracles and Authority

Coffman commentary acts 5 extensively discusses the miraculous signs performed by the apostles, which validated their divine commission and authority. These miracles were critical in confirming the apostles' message and demonstrating God's power working through them.

Healing and Deliverance

The apostles performed numerous healings, delivering people from diseases and unclean spirits. Coffman points out that these acts of mercy not only attracted attention but also strengthened the faith of the early believers and those who witnessed these wonders.

Authority in Teaching and Preaching

Beyond miracles, the apostles' bold teaching was a testament to their empowered authority. Coffman emphasizes that their fearless proclamation of the gospel, despite opposition, was a direct result of the Holy Spirit's guidance and endorsement.

Persecution and Apostolic Boldness

Acts 5 records how the apostles faced persecution from Jewish authorities, yet they remained undeterred in their mission. Coffman commentary acts 5 explores the dynamic between persecution and perseverance within the early church.

Imprisonment and Release

The apostles were arrested and imprisoned for preaching about Jesus, but an angel of the Lord miraculously freed them. Coffman interprets this divine intervention as a sign that God's plan for the apostles could not be thwarted by human opposition.

Boldness in the Face of Opposition

Despite threats and beatings, the apostles continued teaching publicly. Coffman highlights that this boldness reflects the transformative power of the Holy Spirit and the apostles' unwavering commitment to their calling.

The Role of the High Priest and Sanhedrin

The Jewish religious leaders, including the high priest and the Sanhedrin, play a significant role in the opposition against the apostles. Coffman commentary acts 5 carefully analyzes their motivations and responses.

Religious Authority Challenged

The Sanhedrin, representing established religious authority, saw the apostles as a threat to their control and traditions. Coffman notes that this conflict illustrates the tension between the new covenant proclaimed by the apostles and the old religious order.

Attempts to Silence the Apostles

Repeated attempts to silence the apostles through imprisonment and threats demonstrate the intense resistance to the gospel. Coffman explains that these efforts ultimately failed because divine authority superseded human power.

Lessons from Coffman Commentary on Acts 5

Several practical and theological lessons emerge from Coffman commentary acts 5, making it a rich resource for understanding early church dynamics and spiritual principles.

Is competition in athletics possible without rules? But what about religion? Is it left up to each person what to believe and practice, or is there a universal standard? There is. God sent Jesus, not only to die as our Savior, but also to reveal an authoritative message for our salvation. Jesus then transferred this message to the apostles. Guided by the Holy Spirit, they in turn preached this message, which is now preserved in the New Testament. This is our standard

today.

coffman commentary acts 5: Cover-Up Lawrence Goudge, 2012-05-30 The Christian church hides a multitude of secrets; it is, after all, a mystery religion. For instance, what if Jesus did not start Christianity? What if Paul, who knew Jesus only through visions, created it? In Cover-Up, author and lay minister Lawrence Goudge disputes the Christian theology that has dominated the world for millennia. Goudge, who has spent more than twenty-four years researching the suppressed history of Jesus's Jewish followers, demonstrates how the church has corrupted Jesus's message. Cover-Up takes an innovative and investigative approach to Christianity, St. Paul's credibility, and ways in which theological truths have been concealed for two thousand years. Goudge's analysis debunks the myths and provides alternative theories. As hatred and heresy haunt Christianity's shadows, this study addresses the intolerant nature of the Christian church and sets out to right the wrongs by bringing the truth about the Nazarenes into the light of day. Goudge's message presents hope for a just world.

coffman commentary acts 5: 1-3 John:A Pentecostal Commentary Dr. Matthew N. O. Sadiku, 2012-09-06 Every serious student of the Bible desires to understand the text, discover the biblical principles, and apply the truths to his/her life. This commentary is designed to help students, pastors, and Bible teachers understand the book of 1-3 John in a simple manner. Working from the popular New International Version (NIV), the author provides helpful commentary on the text verse-by-verse. This verse-by-verse commentary is different from others in two respects. First, it is brief while some commentaries are unnecessarily wordy and verbose. Second, it is Pentecostal in outlook. This implies that we generally adhere to the doctrine of biblical inerrancy and adopt a literalist approach to the interpretation of the Bible. The epistles of John represent a distinctive voice in the New Testament. John Wesley regarded them as the "deepest part of the holy scriptures." John's epistles have enriched and equipped Christians down through the centuries. This commentary on the Johannine epistles is a model of clarity and brevity in writing. John wrote to urge his readers to love one another, live in the truth, and watch for false teachers.

He then conducts a thoroughgoing analysis of the Decalogue and the Sermon on the Mount. He gives particular attention to the connection between these two great bodies of biblical literature. The result is a comprehensive study that argues for the enduring relevance of the moral law. This volume is appropriate for personal study and is also suitable as a college and seminary text.

coffman commentary acts 5: Minor Prophets in a Major Key Chris Woodall, 2018-01-24 All Scripture is God-breathed, but not every portion of it is embraced by Christians with equal vigor. Tribal lists, specific sacrificial obligations, seemingly endless genealogical records, and apparently gratuitous acts of warfare are readily scanned over. But could the minor prophets be added to that list? Should they be? They certainly seem more difficult to locate for many of us than, say, the books of Moses or the Psalms. The writer is clear in his assessment from the start, positing that our relative ignorance of these twelve books, tucked away at the end of the Old Testament, impinges negatively on the Christian believer's walk. Covering a period of around four hundred years, each book is revealed through two contextual settings: the historical and that which was personal to the individual pensmith, before a brief overview reveals the main points of that author's writing. The bulk of each chapter is concerned with the Major Key of the title. Taking a verse or two from each of the minor prophets, Chris Woodall develops a theme to bring practical application with a potentially positive impact to life as a Christian in the twenty-first century from lessons over two-and-a-half thousand years old.

coffman commentary acts 5: *Just Follow Jesus* Billy Joseph Stines, 2019-12-18 Who were the men called by Jesus? Among the twelve disciples were two sets of brothers – Peter and Andrew, James and John – and a man named Matthew. If we were selecting individuals to follow Jesus, these men would have never been on our list. But Jesus saw something in them we could never see. Peter, Andrew, James, and John made their livelihood fishing in the Sea of Galilee. Matthew collected taxes for the hated Roman empire. Each was an average man just going about his daily business. But Jesus turned their lives upside down by calling to them, saying, “Follow me.” Just as his call changed their lives, it can change your life, too. Billy Joseph Stines, who served almost forty years at six churches scattered around North and South Carolina, explores why you should listen to the call of Jesus. He also urges readers to stop dismissing those parts of the Bible that do not fit their idea of who God is. Instead of seeking peace through compromise, the goal must be to discover the truth – Jesus Christ.

coffman commentary acts 5: Christians Too, Must Obey Wayne Talbot, 2018-01-05 Cursed is the one who will not uphold the words of this Torah, to perform them; and the entire people shall say, Amen (Deut. 27:26 TJB). King David wrote of Torah: The law of the Lord is perfect, converting my soul . . . the statutes of the Lord are right, rejoicing the heart; the commandment of the Lord is pure, enlightening the eyes (Ps. 19:78). He also wrote, I will delight myself in Your statutes, I will not forget Your word. . . . Make me walk in the path of Your commandments, for I delight in it . . . I will delight myself in Your commandments, which I love. . . . Your statutes have been my songs, in the house of my pilgrimage. . . . The earth, O Lord, is full of Your mercy, teach me Your statutes (Ps. 119) Centuries later, Martin Luther wrote: The law, when it is in its true sense, doth nothing else but reveal sin, engender wrath, accuse and terrify men, so that it bringeth them to the very brink of desperation. This is the proper use of the law, and here it hath an end, and it ought to go no further. Who was right? Was the Torah a gracious gift of a loving God, providing guidance for all generations and for all time, or was its giving a malicious act of God against the children of Israel? Did Jesus fulfill the law in such a way as to be not applicable to his followers even though his early followers, the apostles, and disciples did not believe so, continuing to be Torah observant and practicing Judaism in a Messianic context? When the Church of Rome condemned the Nazarenes as heretics, were they not also proclaiming the Jewish followers of Jesus as heretics, including the twelve apostles? This study attempts to answer those questions.

coffman commentary acts 5: Bearing Yhwh's Name at Sinai Carmen Joy Imes, 2023-06-21 The Name Command (NC) is usually interpreted as a prohibition against speaking Yhwh's name in a particular context: false oaths, wrongful pronunciation, irreverent worship, magical practices, cursing, false teaching, and the like. However, the NC lacks the contextual specification needed to

support the command as speech related. Taking seriously the narrative context at Sinai and the closest lexical parallels, a different picture emerges—one animated by concrete rituals and their associated metaphorical concepts. The unique phrase *ns' shm* is one of several expressions arising from the conceptual metaphor, election as branding, that finds analogies in high-priest regalia as well as in various ways of claiming ownership in the Ancient Near East, such as inscribed monuments, the use of seals, and the branding of slaves. The NC presupposes that Yhwh has claimed Israel by placing Yhwh's own name on her. In this light, the first two commands of the Decalogue reinforce the two sides of the covenant declaration: "I will be your God; you will be my people." The first expresses the demand for exclusive worship and the second calls for proper representation. As a consequence, the NC invites a richer exploration of what it means to be a people in covenant with Yhwh—a people bearing his name among the nations. It also points to what is at stake when Israel carries that name "in vain." The image of bearing Yhwh's name offers a rich source for theological and ethical reflection that cannot be conveyed nonmetaphorically without distortion or loss of meaning.
