colleen stan captor: Colleen Stan: The Simple Gifts of Life Jim B. Green, 2009-03-02

Throughout my captivity, I was never told what was going to happen next or why. This lack of knowledge was used by Master to maintain a continuous element of fear and control over me. Anytime I was taken out of the box, I never knew what to expect. Fear of the unknown was always with me as I was kept in the dark both physically and mentally. This lack of knowledge may have been a good thing in one sense. If I had known the length of my entombment after returning from Riverside, I'm not sure I would have survived. Of course, I'm not sure even Master knew how long he was going to keep me in the box. A few days passed then a few more. Then weeks passed followed by months. Months slowly turned into years. I would spend the next three years of my life (1981-1984) in the box sleeping, dreaming, and praying. I have to assume my lengthy confinement in the box came about because Master was concerned he had given me too much freedom. Maybe he felt he was losing control of his slave. Too many neighbors had seen me, and questions about my status in the Hooker household were surely to arise. A fast thinking family member in Riverside may have copied down his vehicle tag number. What if the police knocked on his door one day looking for Colleen Stan? What if they searched the mobile home? Would anyone think to look under a waterbed for the girl in the box? Master wanted to keep me out of sight until the heat had passed. The other reason for putting me into storage was Ma'am. I'm sure she wanted me out of her life, out of her children's lives, and out of her husband's life. Master was not ready to let his slave go. Cloistering was the only answer. My daily routine soon became predictive as I was allowed out late in the evening after the girls had gone to bed. I emptied my bedpan, drank a large glass of water, and ate cold leftovers in the front bathroom. Sometimes the leftovers were true leftovers that had been out all day and the family didn't want.

And I will do it again because I have no choice. I've never had a choice. In a busy shopping centre, a little girl clutches a teddy bear, clinging to it in the absence of her mother, Katrina. Hours later, Katrina's body is discovered in an abandoned building. For Detective Kim Stone, it looks like a quick, functional kill. But Kim's instincts tell her there's more to this senseless murder than meets the eye. What was the motive for killing a young mother out shopping with her child? Days later, a second victim is found in a local park, her neck broken just like Katrina's and her six-year-old son missing. With her colleague, Detective Stacey Wood, working on another unsolved crime and a member of the team grieving the loss of a close relative, Kim is struggling to make inroads on what is fast becoming a complex case. And when a handwritten letter from the killer lands on Kim's desk addressed to her, and pleading for help, she knows time is running out to bring the little boy home alive. With the support of a handwriting analyst and profiler, Kim and the team begin to get inside the mind of the killer and make a shocking discovery. Some of the victims have scratch marks on their wrists. But these are no random scratches. The killer is using them to communicate with someone. The question is... with whom? colleen stan captor: Voodoo Killers Joseph Carlson, 2013 The art of murder knows many forms, but few more harrowing than murder for reasons of ritual or the supernatural. Supposedly serving a higher cause, they are often little more than acts of self-gratifying blood-lust. Voodoo Killers chronicles the disturbing history of ritualistic killing around the world, with shocking examples of human sacrifice from past and present, voodoo hexes, sexual slavery and satanic murder. It is a history that incorporates vampires, serial killers and rapists as well as institutionalized killers such as the Aztec high priests and Spanish Inquisitors whomurdered in the name of religion. Murder does not come much worse than this – premeditated, organized, ritualized and, in the past, accepted as permissible. The Voodoo Killers stand alone in the annals of horror.

colleen stan captor: The Disappeared - The Cleveland Kidnappings and Other Shocking Cases Al Cimino, 2014-05-08 When the news broke in May 2013 that three women had been held captive for over ten years in Cleveland, Ohio, the world was stunned. Not only had the women been imprisoned in an ordinary house a few blocks from where they had disappeared, but their captor, Ariel Castro, had never been a suspect in their kidnapping. The revelation sent shockwaves through the community and sparked widespread fear among the inhabitants of seemingly normal neighbourhoods everywhere. This is not a standalone case. In 2008, 42-year-old Elisabeth Fritzl emerged from the cellar of her family home in Austria, having been imprisoned and raped by her father for 24 years. In the UK, the 'British Fritzl' held his two daughters captive for 28 years - moving frequently enough not to raise suspicion - and fathered seven children by them. In this gripping book, Al Cimino explores the appalling truth behind these and several more cases of the disappeared, delving into the depths of human depravity that enabled such cruel acts, and shining a light on the courage, fortitude and tenacity of the survivors. This is a tribute to those victims, and a testament to the strength of human spirit, as well as a forensic study of a particularly heinous crime.

A la detective Kim Stone le da la impresión de haber sido un asesinato rápido y funcional. Poco después, en un parque de la localidad, aparece una segunda víctima con el cuello roto. Su hijo, de seis años, ha desaparecido. Cuando al escritorio de Kim llega una carta manuscrita en la que el asesino le pide ayuda, le suplica que lo detenga y le ruega que impida que siga haciendo lo que hace, Kim sabe que se le acaba el tiempo para rescatar al niño sano y salvo.
