Historical Context of Acts 12

Coffman commentary Acts 12 begins with setting the historical backdrop of this chapter, which occurs during a time of intense persecution of the early Christian community. The narrative situates itself under the reign of King Herod Agrippa I, who sought to consolidate power and appease Jewish leaders by targeting the followers of Jesus. This period is characterized by political and religious tension, where the nascent church faced growing hostility from both Jewish authorities and Roman officials. Understanding this context is crucial for appreciating the dramatic events that unfold in Acts 12, including the martyrdom of James and the imprisonment of Peter.

Political and Religious Climate

The Jewish leadership viewed the Christian movement as a threat to their authority and traditions. Herod Agrippa's actions reflected a desire to maintain favor with these leaders by enforcing harsh measures. Coffman highlights that these persecutions were not isolated incidents but part of a larger pattern of opposition that tested the faith and resilience of the early church.

Significance in the Book of Acts

Acts 12 serves as a pivotal chapter demonstrating the early church's vulnerability and God's sovereignty. Coffman commentary emphasizes that this chapter transitions from internal church growth to external threats, illustrating how divine intervention preserves the mission despite adversity.

Herod Agrippa's Persecution

One of the central themes in Coffman commentary Acts 12 is the detailed account of King Herod Agrippa's persecution against the church. His aggressive actions, including the execution of James, the brother of John, mark a significant escalation in the hostility faced by believers. Coffman explains that Herod's motives were both political and personal, aiming to suppress the Christian movement and gain political favor.

The Execution of James

The martyrdom of James is noted as the first apostolic death recorded in the New Testament. Coffman commentary underscores the severity of this event as a warning and a test to the early Christians, signaling the real dangers of following Christ during this period. It also fulfilled the prophetic warnings Jesus had given regarding persecution.

Peter's Imprisonment

Following James's death, Herod arrested Peter with the intention of executing him after the Passover. Coffman points out that this act was designed to intimidate the church further. The chapter portrays Herod's confidence in his power to silence the Christian message, yet this underestimates divine providence.

Peter's Imprisonment and Miraculous Release

Coffman commentary Acts 12 provides an in-depth examination of Peter's imprisonment and his subsequent miraculous deliverance. This narrative highlights God's intervention as a direct response to the prayers of the church and serves as a testament to divine power overcoming human oppression.

Conditions of Imprisonment

Peter was held under heavy guard, chained between two soldiers, with additional guards posted to prevent any escape. Coffman emphasizes the severity of these precautions, underscoring the expectation that Peter's execution was imminent. This setting heightens the miraculous nature of his release.

The Miraculous Escape

The angelic rescue described in Acts 12 is portrayed by Coffman as a vivid demonstration of God's sovereignty. The angel frees Peter from his chains, leads him past guards, and out of the prison. This event symbolizes God's power to protect His servants and the futility of human attempts to thwart His plans.

The Role of Prayer and the Church's Response

A significant focus in Coffman commentary Acts 12 is the role prayer played in the narrative. The church's earnest and united prayers for Peter's deliverance underscore the spiritual dimension of the events and the community's faith in God's intervention.

The Believers' Prayer

The believers gathered in prayer during Peter's imprisonment reflects their dependence on God amid crisis. Coffman elaborates that this collective prayer effort was a powerful act of faith and solidarity, demonstrating the early Christian commitment to intercession.

Faith and Perseverance

Despite the fear induced by persecution, the church's response was to seek God's help fervently. Coffman commentary highlights this as an example of steadfast faith that undergirds the church's survival and growth in hostile environments.

Angel's Intervention and Divine Deliverance

The angelic intervention in Acts 12 is a key element that Coffman commentary Acts 12 explores thoroughly. This supernatural involvement affirms the theme of divine deliverance and God's active role in history.

Symbolism of the Angel's Appearance

Coffman notes that the angel's presence symbolizes God's direct involvement in human affairs, particularly in protecting His chosen servants. The angel's actions not only liberate Peter but also encourage the church by confirming that God does not abandon His people.

Impact on the Early Church

The miraculous release serves as a morale booster for the believers, strengthening their resolve to continue the mission. Coffman commentary stresses that such divine acts were essential in affirming the legitimacy and power of the Christian faith during its formative years.

Implications for Early Church Growth

Finally, Coffman commentary acts 12 discusses the broader implications of these events for the expansion of the early church. Despite Herod's attempts to stifle the Christian movement, the chapter concludes with evidence of continued growth and divine favor.

Growth Amid Persecution

The chapter reveals that persecution often acted as a catalyst for spreading the gospel rather than halting it. Coffman explains that the church's courage and God's protection contributed to increased numbers of believers and strengthened witness.

coffman commentary acts 12: Cover-Up Lawrence Goudge, 2012-05-30 The Christian church hides a multitude of secrets; it is, after all, a mystery religion. For instance, what if Jesus did not start Christianity? What if Paul, who knew Jesus only through visions, created it? In Cover-Up, author and lay minister Lawrence Goudge disputes the Christian theology that has dominated the world for millennia. Goudge, who has spent more than twenty-four years researching the suppressed history of Jesus's Jewish followers, demonstrates how the church has corrupted Jesus's message. Cover-Up takes an innovative and investigative approach to Christianity, St. Paul's credibility, and ways in which theological truths have been concealed for two thousand years. Goudge's analysis debunks the myths and provides alternative theories. As hatred and heresy haunt Christianity's shadows, this study addresses the intolerant nature of the Christian church and sets out to right the wrongs by bringing the truth about the Nazarenes into the light of day. Goudge's message presents hope for a just world.

coffman commentary acts 12: First-Century Truth for a Twenty-First Century World David Gibson, 2011-09-30 Can society function without a common standard of weights and measures, currency, and time-keeping? Is competition in athletics possible without rules? But what about religion? Is it left up to each person what to believe and practice, or is there a universal standard? There is. God sent Jesus, not only to die as our Savior, but also to reveal an authoritative message for our salvation. Jesus then transferred this message to the apostles. Guided by the Holy Spirit, they in turn preached this message, which is now preserved in the New Testament. This is our standard today.

coffman commentary acts 12: 1-3 John: A Pentecostal Commentary Dr. Matthew N. O. Sadiku, 2012-09-06 Every serious student of the Bible desires to understand the text, discover the biblical principles, and apply the truths to his/her life. This commentary is designed to help students, pastors, and Bible teachers understand the book of 1-3 John in a simple manner. Working from the popular New International Version (NIV), the author provides helpful commentary on the text verse-by-verse. This verse-by-verse commentary is different from others in two respects. First, it is brief while some commentaries are unnecessarily wordy and verbose. Second, it is Pentecostal in outlook. This implies that we generally adhere to the doctrine of biblical inerrancy and adopt a literalist approach to the interpretation of the Bible. The epistles of John represent a distinctive voice in the New Testament. John Wesley regarded them as the "deepest part of the holy scriptures." John's epistles have enriched and equipped Christians down through the centuries. This commentary on the Johannine epistles is a model of clarity and brevity in writing. John wrote to urge his readers to love one another, live in the truth, and watch for false teachers.

coffman commentary acts 12: Just Follow Jesus Billy Joseph Stines, 2019-12-18 Who were the men called by Jesus? Among the twelve disciples were two sets of brothers – Peter and Andrew, James and John – and a man named Matthew. If we were selecting individuals to follow Jesus, these men would have never been on our list. But Jesus saw something in them we could never see. Peter, Andrew, James, and John made their livelihood fishing in the Sea of Galilee. Matthew collected taxes for the hated Roman empire. Each was an average man just going about his daily business. But Jesus turned their lives upside down by calling to them, saying, “Follow me.” Just as his call changed their lives, it can change your life, too. Billy Joseph Stines, who served almost forty years at six churches scattered around North and South Carolina, explores why you should listen to the call of Jesus. He also urges readers to stop dismissing those parts of the Bible that do not fit their idea of who God is. Instead of seeking peace through compromise, the goal must be to discover the truth – Jesus Christ.

coffman commentary acts 12: Christians Too, Must Obey Wayne Talbot, 2018-01-05 Cursed is the one who will not uphold the words of this Torah, to perform them; and the entire people shall say, Amen (Deut. 27:26 TJB). King David wrote of Torah: The law of the Lord is perfect, converting my soul . . . the statutes of the Lord are right, rejoicing the heart; the commandment of the Lord is pure, enlightening the eyes (Ps. 19:78). He also wrote, I will delight myself in Your statutes, I will not forget Your word. . . . Make me walk in the path of Your commandments, for I delight in it . . . I will delight myself in Your commandments, which I love. . . . Your statutes have been my songs, in the house of my pilgrimage. . . . The earth, O Lord, is full of Your mercy, teach me Your statutes (Ps. 119) Centuries later, Martin Luther wrote: The law, when it is in its true sense, doth nothing else but reveal sin, engender wrath, accuse and terrify men, so that it bringeth them to the very brink of desperation. This is the proper use of the law, and here it hath an end, and it ought to go no further. Who was right? Was the Torah a gracious gift of a loving God, providing guidance for all generations and for all time, or was its giving a malicious act of God against the children of Israel? Did Jesus fulfill the law in such a way as to be not applicable to his followers even though his early followers, the apostles, and disciples did not believe so, continuing to be Torah observant and practicing Judaism in a Messianic context? When the Church of Rome condemned the Nazarenes as heretics, were they not also proclaiming the Jewish followers of Jesus as heretics, including the twelve apostles? This study attempts to answer those questions.

The key to understanding it lies in the context in which it was written which is the Old Testament. coffman commentary acts 12: *Life in the Son* Robert Shank, 2024-06-18 A deep study on the doctrine of eternal security Does one moment of faith secure a person's eternal destiny with God—even if that person later stops following and trusting in Jesus? Or does a person have to keep on trusting and following Jesus to remain in a saving relationship with God? Now expanded with new chapters and research, this landmark book continues to offer one of the most penetrating studies on the controversial doctrine of eternal security, perseverance, and apostasy in the New Testament. Calling into question the popular once saved, always saved belief, internationally respected pastor and scholar Dr. Robert Shank reveals that the question we should be asking is not, Is the believer secure? but rather, What does it mean to be a believer? Straightforward, thorough, and grounded in biblical understanding, this book warns Christians about dangers that could potentially lead a believer to become an unbeliever (falling away from faith) and share in the unbeliever's eternal condemnation.

coffman commentary acts 12: *Restoring the First-century Church in the Twenty-first Century* Warren Lewis, Hans Rollmann, 2005-10-15 'Restoring the First-century Church in the Twenty-first Century: Essays on the Stone-Campbell Restoration Movement in Honor of Don Haymes' is a snap-shot of a major American religious movement just after the turn of the millennium. When the ÒDisciplesÓ of Alexander Campbell and the ÒChristiansÓ of Barton Warren

Stone joined forces early in the 19th century, the first indigenous ecumenical movement in the United States came into being. Two hundred years later, this American experiment in biblical primitivism has resulted in three, possibly four, large segments. Best known is the Christian Church (Disciples of Christ), active wherever ecumenical Christians gather. The denomination is typically theologically open, having been reshaped by theological Liberalism and the Social Gospel in the twentieth century, and has been re-organized on the model of other Protestant bodies. The largest group, the Churches of Christ, easily distinguished by their insistence on 'a cappella' music (singing only), is theologically conservative, now tending towards the evangelical, and congregationally autonomous, though with a denominational sense of brotherhood. The Christian Churches/Churches of Christ (Independent) are a 'via media' between the two other bodies: theologically conservative and evangelical, congregationally autonomous, pastorally oriented, and comfortable with instrumental music. The fourth numerically significant group, the churches of Christ (Anti-Institutional), is a conservative reaction to the 'a cappella' churches, much in the way that the Southern 'a cappella' churches reacted against the emerging intellectual culture and social location, instrumental music and institutional centrism of the Northern Disciples following the Civil War. Besides these four, numerous smaller fragments, typically one-article splinter groups, decorate the history of the Restoration Movement: One-Cup brethren, Premillennialists, No-Sunday-School congregations, No-Located-Precacher churches, and others. This movement to unite Christians on the basis of faith and immersion in Jesus Christ, and to restore New-Testament Christianity, is too little recognized on the American religious landscape, and it has been too little studied by the academic community. This volume is focused primarily on the 'a cappella' churches and their interests, but implications for the entire Stone-Campbell Restoration Movement abound. The voices that speak freely within were unimpeded in authoring these essays by standards of orthodoxy imposed from without. All of the contributors are acquainted with Don Haymes, the honoree of the volume, and have been inspired by this friend and colleague, a man with a rigorous and earthy intellect and a heavenly spirit.
