Bunche (1904-1971), winner of the Nobel Peace Prize in 1950, was a key U.S. diplomat in the planning and creation of the United Nations in 1945. In 1947 he was invited to join the permanent UN Secretariat as director of the new Trusteeship Department. In this position, Bunche played a key role in setting up the trusteeship system that provided important impetus for postwar decolonization ending European control of Africa as well as an international framework for the oversight of the decolonization process after the Second World War. Trustee for the Human Community is the first volume to examine the totality of Bunche's unrivalled role in the struggle for African independence both as a key intellectual and an international diplomat and to illuminate it from the broader African American perspective. These commissioned essays examine the full range of Ralph Bunche's involvement in Africa. The scholars explore sensitive political issues, such as Bunche's role in the Congo and his views on the struggle in South Africa. Trustee for the Human Community stands as a monument to the profoundly important role of one of the greatest Americans in one of the greatest political movements in the history of the twentieth century. davis lawson law firm: Loren Miller Amina Hassan, 2015-09-22 Loren Miller was one of the nation's most prominent civil rights attorneys from the 1940s through the early 1960s and successfully fought discrimination in housing and education. Alongside Thurgood Marshall, Miller argued two landmark civil rights cases before the U.S. Supreme Court, whose decisions effectively abolished racially restrictive housing covenants. One of these cases, *Shelley v. Kraemer* (1948), is taught in nearly every American law school today. Later, the two men played key roles in *Brown v. Board of Education*, which ended legal segregation in public schools. Loren Miller: Civil Rights Attorney and Journalist recovers this remarkable figure from the margins of history and for the first time fully reveals his life for what it was: an extraordinary American story and a critical chapter in the annals of racial justice. Born to a former slave and a white midwesterner in 1903, Loren Miller lived the quintessential American success story, blazing his own path to rise from rural poverty to a position of power and influence. Author Amina Hassan reveals Miller as a fearless critic of those in power and an ardent debater whose acid wit was known to burn "holes in the toughest skin and eat right through double-talk, hypocrisy, and posturing." As a freshly minted member of the bar who preferred political activism and writing to the law, Miller set out for Los Angeles from Kansas in 1929. Hassan describes his early career as a fiery radical journalist, as well as his ownership of the *California Eagle*, one of the longest-running African American newspapers in the West. In his work with the California branch of the ACLU, Miller sought to halt the internment of West Coast Japanese American citizens, helped integrate the U.S. military and the Los Angeles Fire Department, and defended Black Muslims arrested in a deadly street battle with the LAPD. In 1964, Governor Edmund G. Brown appointed Miller as a Municipal Court justice for Los Angeles County, honoring his ceaseless commitment to improving the lives of Americans regardless of their race or ethnicity. "Either we shall have to make democracy work for every American," Miller declared, or "we shall not be able to preserve it for any American." The story told here is of an American original who defied societal limitations to reshape the racial and political landscape of twentieth-century America.
