Milnes, 2024-01-12 *Signs, Cures, & Witchery* provides a fascinating glimpse of some little-known Appalachian beliefs and practices among descendants of early German pioneers. *Signs, Cures and Witchery* opens a window into our ancient past, revealing the courage and resourcefulness of people whose survival depended on their ability to read signs, cure their own ills, and find explanations for life's mysteries. Local community practices in West Virginia such as witch doctoring, belsnickling, shanghai, and folk healing are connected to their medieval counterparts in woodcuts and other works of art. In tracing immigration to remote mountain communities, we learn how expressions of folk art and folk belief survive. This work specifically examines aspects of Appalachian oral tradition and folklore that draw from German culture. Informative and entertaining, *Signs, Cures, and Witchery* is an invaluable aid to all who have an interest in religion, psychology, folklore, metaphysical, regional, gender, and ethnic studies.

dahmer family: The Class of 1968 Doris Townsend Gaines, Carolyn Hall Abrams, 2021-03-22 Born in the late 1940's and early 50's and raised in a segregated town in southern Mississippi, a group of Black girls and boys came of age together, and graduated from high school in Hattiesburg as The Class of 1968. Now in their late 60's and early 70's, they have chosen to reflect on their families, community, and school experiences. Together, they experienced one of the most tumultuous eras in U.S. history, and they reflect on those experiences in these personal essays. They think back on the Vietnam War, the draft, the assassination of their neighbors and national leaders, and the Civil Rights Movement. The fact that they came of age during these tumultuous events makes their experiences all the more vivid and profound, since the tender adolescent years typically mark us more profoundly than other phases in life. Perhaps most significantly, the era suddenly brought racial desegregation to Hattiesburg, in early 1967. Under Freedom of [School] Choice, some Black Hattiesburg students saw their lifelong friends choose to attend the white high school for their senior year. Their stories bring forth a rush of memories, some that will make you laugh, others that will make you cry, and many that will make you wonder how things may have turned out differently had racism not poisoned their day-to-day lives. Although the contributors dealt with these formative experiences differently, all were touched in some way by the same forces in the dying days of legalized segregation. The essays here also reflect on our present moment: although racial segregation has lessened, it still persists in Hattiesburg and throughout America, leading to an era we might call racial resegregation. Yet the 1950's and 60's have ended. We don't want these memories to die with us, says lead editor Mrs. Doris Gaines. We want the next generations to know our thoughts and feelings and to understand how the past helped make us what we are today, and what made us tick. The Class of 1968: A Thread Through Time explains how these citizens negotiated their youth in Hattiesburg and, in doing so, offers us wisdom about how to move through life with grace and integrity.

dahmer family: Serial Killers and Sadistic Murderers Jack Levin, 2009-09-18 After twenty-five years of investigating, analyzing, and interviewing serial killers, their family members, neighbors, and even surviving victims, Jack Levin has become one of the world's most respected

experts on the motivations and modus operandi of dangerous criminals. In this gripping book, he taps his wealth of experience with the criminal mind to offer lessons for law enforcement and the general public about how serial killers think, as well as the conditions under which hideous murders typically occur. These lessons, he hopes, will lead to more effective ways to thwart such crimes in the future. Levin's face-to-face meetings and correspondence with such notorious murderers as the Hillside strangler (Kenneth Bianchi) and Orville Lynn Majors (the male nurse who was convicted of killing numerous patients in his charge) reveal that these types of killers are not motivated by money, revenge, or rage. In fact, the only motivation seems to be a sadistic craving for power and a need to feel in control. Levin also, for the first time, lets down his guard and reveals what it feels like to be seated so close to such cold-blooded killers. Many killers, as Levin points out, are meticulous planners. Levin has found that even in situations that appear spontaneous, for instance a workplace shooting by a disgruntled employee, the deed is carefully thought out and prepared for in advance. Another factor that consistently emerges in conversations with killers who have committed the most heinous of acts is the total absence of remorse or any notion of moral responsibility. Murder appears to be easy for these criminals and they kill with a feeling of complete impunity. Levin also notes the skillfully deceptive facades that such murderers are able to affect. They are extremely adept liars (he admits to having been fooled!), who enjoy playing mind games, even though outwardly they seem above suspicion. This is one reason they are so dangerous and difficult for investigators to track down and prosecute. This chilling glimpse into the minds of some of the worst criminals makes a valuable contribution to criminology and is a must-read for both true-crime buffs and law enforcement professionals.

dahmer family: Race Against Time Jerry Mitchell, 2021-02-02 "For almost two decades, investigative journalist Jerry Mitchell doggedly pursued the Klansmen responsible for some of the most notorious murders of the civil rights movement. This book is his amazing story. Thanks to him, and to courageous prosecutors, witnesses, and FBI agents, justice finally prevailed." —John Grisham, author of *The Guardians* On June 21, 1964, more than twenty Klansmen murdered three civil rights workers. The killings, in what would become known as the "Mississippi Burning" case, were among the most brazen acts of violence during the civil rights movement. And even though the killers' identities, including the sheriff's deputy, were an open secret, no one was charged with murder in the months and years that followed. It took forty-one years before the mastermind was brought to trial and finally convicted for the three innocent lives he took. If there is one man who helped pave the way for justice, it is investigative reporter Jerry Mitchell. In *Race Against Time*, Mitchell takes readers on the twisting, pulse-racing road that led to the reopening of four of the most infamous killings from the days of the civil rights movement, decades after the fact. His work played a central role in bringing killers to justice for the assassination of Medgar Evers, the firebombing of Vernon Dahmer, the 16th Street Church bombing in Birmingham and the Mississippi Burning case. Mitchell reveals how he unearthed secret documents, found long-lost suspects and witnesses, building up evidence strong enough to take on the Klan. He takes us into every harrowing scene along the way, as when Mitchell goes into the lion's den, meeting one-on-one with the very murderers he is seeking to catch. His efforts have put four leading Klansmen behind bars, years after they thought they had gotten away with murder. *Race Against Time* is an astonishing, courageous story capturing a historic race for justice, as the past is uncovered, clue by clue, and long-ignored evils are brought into the light. This is a landmark book and essential reading for all Americans.

dahmer family: Monster Anne E. Schwartz, 2021-10-26 The shocking true story of the Jeffrey Dahmer's murders, as told by the Milwaukee Journal reporter who broke the story, Anne E. Schwartz—from the dramatic scene when police first entered Dahmer's apartment to the lasting, present-day repercussions of the case. This updated edition of the book includes a new preface and final chapter, including how the case continues to affect the principals involved more than three decades later. One night in July 1991, two policemen saw a man running handcuffed from the apartment of Jeffrey Dahmer. Investigating, they made a gruesome discovery: three human skulls in Dahmer's refrigerator and the body parts of at least 11 more people scattered throughout the

apartment. Shortly thereafter, Milwaukee Journal reporter Anne E. Schwartz received a tip that would change her life. Schwartz, who broke the story and had exclusive access to the principals involved, details the complete, inside story of Dahmer's dark life, the case, and its aftermath: the horrific crime scene and the shocking story that unfolded; Dahmer's confessions; the forensics; the riveting trial; and Dahmer's murder in prison. The book also features 32 black-and-white photographs throughout. Author Anne Schwartz's access to exclusive and confidential information makes *Monster* the most thorough accounting of the Jeffrey Dahmer case, and a comprehensive narrative on one of the most notorious serial killers of the twentieth century. It is essential reading for viewers of Ryan Murphy's Netflix series *Monster: The Jeffrey Dahmer Story* and other true crime docudramas.

dahmer family: Signature Killers Robert D. Keppel, William J. Birnes, 1997 Robert Keppel explores in unflinching detail the monstrous patterns, sadistic compulsions, and depraved motives of serial killers. From the Lonely Hearts Killer who hunted the most desperate of women in 1950s America to such infamous symbols of evil as Jeffrey Dahmer, Ted Bundy, and John Gacy, these are the cases--horrifying, graphic and unforgettable--that Keppel ingeniously taps to shed light on the darkest corners of the pathological mind. Foreword by Ann Rule.

dahmer family: Assassins, Eccentrics, Politicians, and Other Persons of Interest Curtis Wilkie, 2014-09-02 Writing as a newspaper reporter for nearly forty years, Curtis Wilkie covered eight presidential campaigns, spent years in the Middle East, and traveled to a number of conflicts abroad. However, his memory keeps turning home and many of his most treasured stories transpire in the Deep South. He called his native Mississippi, "the gift that keeps on giving." For Wilkie, it represented a trove of rogues and racists, colorful personalities and outlandish politicians who managed to thrive among people otherwise kind and generous. *Assassins, Eccentrics, Politicians, and Other Persons of Interest* collects news dispatches and feature stories from the author during a journalism career that began in 1963 and lasted until 2000. As a young reporter for the Clarksdale Press Register, he wrote many articles that dealt with the civil rights movement, which dominated the news in the Mississippi Delta during the 1960s. Wilkie spent twenty-six years as a national and foreign correspondent for the Boston Globe. One of the original "Boys on the Bus" (the title of a best-selling book about journalists covering the 1972 presidential campaign), he later wrote extensively about the winning races of two southern Presidents, Jimmy Carter and Bill Clinton. Wilkie is known for stories reported deeply, rife with anecdotes, physical descriptions, and important background details. He writes about the notorious, such as the late Hunter S. Thompson, as well as more anonymous subjects whose stories, in his hands, have enduring interest. The anthology collects pieces about several notable southerners: Ross Barnett; Byron De La Beckwith and Sam Bowers; Billy Carter; Edwin Edwards and David Duke; Trent Lott; and Charles Evers. Wilkie brings a perceptive eye to people and events, and his eloquent storytelling represents some of the best journalistic writing.

William Bonin: One of a trio of deadly psychopaths who trawled the freeways of Southern California during the late 70's and early 80's. Bonin was a depraved child killer who abducted, raped and tortured more than 20 teenaged boys. The Boston Strangler: Albert De Salvo took the fall but most experts agree that he was not the Strangler. So who was the real killer? And how did he get away with the series of brutal murders that so terrified the citizens of Boston? Ted Bundy: Charming, intelligent and lethal, Bundy is America's most notorious serial killer, a deadly fiend who cut a swathe of destruction across the country, raping, killing and committing necrophilia on his young victims. Dean Corll: Along with two willing teenaged accomplices, Corll orchestrated what was at the time the biggest murder spree in American history, raping torturing and killing at least 25 young boys. Jeffrey Dahmer: Hideously depraved killer who preyed on young

homosexual men in Milwaukee, Wisconsin, cannibalizing them and conducting bizarre experiments on their bodies. Albert Fish: He looked like a frail old man, but Albert Fish was actually a psychotic child killer and torturer, with a taste for human flesh. John Wayne Gacy: Cold-hearted killer who raped, tortured and strangled at least 33 young men, burying their bodies in the crawlspace of his Chicago house. Randy Kraft: The least well known of California's three Freeway Killers. And yet Kraft was both the most prolific and the most depraved, responsible for the torture killings of as many as 67 young men. Dennis Rader: Known as the BTK Killer (after his M.O.: Bind, Torture, Kill) Rader held the citizens of Wichita, Kansas in a state of fear for over 30 years, during which time he claimed 10 known victims. Richard Ramirez: A satanic burglar who went by the terrifying sobriquet, The Night Stalker, Ramirez raped, battered, shot and stabbed his victims during a bloody reign of terror in 1980's Los Angeles. Gary Ridgeway: As the horrific Green River Killer, Ridgeway engaged the Washington police in a deadly game of cat and mouse, claiming more than 60 victims over two decades. dahmer family: *Dixie* Curtis Wilkie, 2002-05-16 *Dixie* is a political and social history of the South during the second half of the twentieth century told from Curtis Wilkie's perspective as a white man intimately transformed by enormous racial and political upheavals. Wilkie's personal take on some of the landmark events of modern American history is as engaging as it is insightful. He attended Ole Miss during the rioting in the fall of 1962, when James Meredith became the first African American to enroll in the school. After graduation, Wilkie worked in Clarksdale, Mississippi, where he met Aaron Henry, a local druggist and later the prominent head of the Mississippi NAACP. He covered the Mississippi Freedom Summer of 1964 and the Mississippi Freedom Democratic Party challenge at the national convention in Atlantic City, and he was a member of the biracial insurgent Democratic delegation from Mississippi seated in place of Governor John Bell Williams's delegation at the 1968 convention in Chicago. Wilkie followed Jimmy Carter's campaign for the presidency, becoming friends with Billy Carter; he covered Bill Clinton's election in 1992 and was witness to the South's startling shift from the Democratic Party to the GOP; and finally, he was there when Byron De La Beckwith was convicted for the murder of civil rights leader Medgar Evers thirty-one years after the fact. Wilkie had left the South in 1969 in the wake of the violence surrounding the civil rights movement, vowing never to live there again. But after traveling the world as a reporter, he did

return in 1993, drawn by a deep-rooted affinity to the region of his youth. It was as though he rejoined his tribe, a peculiar civilization bonded by accent and mannerisms and burdened by racial anxiety. As Wilkie writes, Southerners have staunchly resisted assimilation since the Civil War, taking an almost perverse pride in their role as spiritual citizens of a nation that existed for only four years in another century. Wilkie endeavors to make sense of the enormous changes that have typified the South for more than four decades. Full of beauty, humor, and pathos, *Dixie* is a story of redemption -- for both a region and a writer.
