download gurbani punjabi: *It Is the Same Light* Daljit Singh Jawa, 2014-12-30 Sri Guru Granth Sahib is generally known as the holy scripture of Sikhism, the world's fifth largest religion. But this holy scripture is neither a storybook nor just the philosophy of the Sikh saints or prophets. It is more like a collection of divine revelations and hymns, expressing the feelings of love and devotion of the Sikh Gurus for the Supreme Being, along with the similar yearnings and longings of the devotees and saints from all faiths prevalent in Indian subcontinent during those times. The beauty of this 1430 page hymnal written in 22 different languages lies in the fact that while it spiritually connects the human mind to the original source of eternal bliss, it provides a very practical and effective way to live in love and harmony with other fellow human beings irrespective of their faith, color, caste, creed, or race. The following are a few examples of the views of eminent writers and scholars regarding Sri Guru Granth Sahib: Mankind's religious future may be obscure, yet one thing can be foreseen. The living higher religions are going to influence each other more than ever before, in the days of increasing communications between all parts of the world and branches of the human race.

In this coming religious debate, the Sikh religion and its scriptures, the Sri Guru Granth Sahib will have something of special value to say to the rest of the world. Arnold Toynbee- Historian I have studied the scripture of great religions, but I do not find elsewhere the same power of appeal to the heart and mind as I find here in these volumes [of Sri Guru Granth Sahib]. There is something strangely modern about these scriptures. They speak to the people of any religion or of none. They speak for the human heart and the searching mind. Mrs. Pearl S. Buck- Nobel Laureate In Volume five of the It Is The Same Light series (SGGS pages 801-1000), author Daljit Singh Jawa continues his humble effort to share the beauty of the SGGS with those who have limited familiarity with the language (Gurmukhi), history, or context. The following are some of the comments received on the volume 6 (pages 1001-1200 of SGGS): This translation of Guru Granth Sahib is one of the best English translations in my view, as it is in simple understandable English, each shabads summary message is given, there is connection between the shabads to reveal continuity of thought process in Guru jis message. Thanks to S Daljit Singh ji for the great work which will benefit future generations understand Guru Jis message easily. -Amarjit Singh, M.D., University at Buffalo, Buffalo, NY A monumental undertaking, reflecting a lifetime of devotion to the Sri Guru Granth Sahib and to the scholarly study of its voluminous texts. Both its rendition of the original Gurmukhi script, with accompanying English transliteration, and its erudite commentary on each of the Granths many hymns mark this work as a stunning achievement which will benefit all serious students of the Sikh religion and of world religions in general. -Barry Crawford, Ph.D., Washburn Univesity, Topeka, Kansas

The book illustrates how local and transnational spheres coexist and interact in a multitude of social and cultural practices and discourses among European Sikhs past and present. Based on new empirical research Sikhs Across Borders book explores how religion continues to play a significant role in the daily lives of European Sikhs and is important for their maintenance of links with the homeland, as well as Sikhs in other parts of the world. The team of international contributors show how Sikhs are shaping new self-representations and identity constructions through a multitude of transnational practices on the individual, national and global level, such as marriages, pilgrimage narratives, and the use of the internet and new media. Further transnational practices examined include religious learning and teaching practices and responses to political events in the diaspora.
