

edith stein the woman question

edith stein the woman question presents a profound exploration of gender, identity, and the social roles assigned to women. Edith Stein, a notable philosopher and theologian, approached the topic from both phenomenological and theological perspectives, offering insights that challenge and enrich the discourse surrounding women's nature and societal expectations. This article delves into Stein's interpretation of "the woman question," highlighting her views on femininity, vocation, and the intersection of spirituality and gender. Through examining her philosophical works and religious journey, we gain a deeper understanding of how Stein contributed to the broader debates on women's roles in the early 20th century and beyond. The discussion also situates her ideas within historical and cultural contexts, emphasizing their relevance in contemporary feminist thought and religious studies. Below is an overview of the main sections covered in this article.

- Edith Stein's Background and Philosophical Foundations
- Understanding the Woman Question in Early 20th Century
- Stein's Phenomenological Approach to Femininity
- Theological Perspectives on Womanhood in Stein's Thought
- Impact of Edith Stein's Ideas on Modern Feminist Discourse

Edith Stein's Background and Philosophical Foundations

Edith Stein, born in 1891 in Germany, was a prominent philosopher, phenomenologist, and later a Catholic nun known as St. Teresa Benedicta of the Cross. Her academic journey began with the study of philosophy under Edmund Husserl, the founder of phenomenology, which profoundly influenced her intellectual development. Stein's training in phenomenology equipped her with the tools to analyze consciousness, experience, and identity, foundational elements in her treatment of the woman question.

Her Jewish heritage, combined with her conversion to Catholicism, added layers of spiritual and cultural complexity to her work. Stein's interdisciplinary approach integrated rigorous philosophical inquiry with deep theological reflection, enabling her to address gender issues from a unique vantage point. This background set the stage for her critical engagement with contemporary debates about the nature and role of women in society.

Understanding the Woman Question in Early 20th Century

The "woman question" during Edith Stein's era referred to the widespread social, political, and

philosophical debates about women's rights, roles, and identity. This period saw burgeoning feminist movements advocating for suffrage, education, and labor rights, while traditionalists often defended conventional gender roles grounded in biology and religion. The discourse was marked by tension between emerging modernist perspectives and established societal norms.

Stein entered this discourse with a nuanced position that neither wholly aligned with radical feminism nor with conservative views. She sought to reconcile respect for women's unique qualities with recognition of their equal dignity and capacity. Her writings engage critically with prevailing stereotypes and idealizations of women, offering a balanced analysis that emphasized both individuality and relational existence.

- Historical context of the woman question
- Feminist movements and their goals
- Conservative and traditionalist responses
- Stein's mediating stance

Stein's Phenomenological Approach to Femininity

Edith Stein's phenomenological method involved examining the lived experience of women to uncover the essence of femininity. She argued that womanhood could not be reduced to biological or social determinism but must be understood through the subjective experience and intentionality of the individual. This approach allowed her to articulate femininity as a dynamic interplay of personal identity, relationality, and embodiment.

In her essay "The Problem of Woman," Stein explored the unique traits of women's consciousness and vocation. She emphasized empathy, nurturing, and relational awareness as core elements that shape the female experience. Stein posited that these qualities are not inferior but complementary to masculine attributes, contributing to a holistic understanding of human existence.

Key Phenomenological Concepts Applied by Stein

Stein utilized several phenomenological concepts to elucidate her views on womanhood:

- **Intentionality:** The directedness of consciousness towards others and the world, central to understanding relationality in women.
- **Empathy:** A primary mode of experiencing others, which Stein identified as particularly developed in women.
- **Essence:** The search for the fundamental nature of femininity beyond superficial traits.

Theological Perspectives on Womanhood in Stein's Thought

After her conversion to Catholicism, Edith Stein incorporated theological dimensions into her analysis of the woman question. She interpreted womanhood through the lens of Christian anthropology, emphasizing the spiritual vocation and dignity of women as created in the image of God. For Stein, the complementarity of man and woman reflected a divine intentionality that transcended cultural constructs.

Her religious writings highlight the role of women in the Church and society, advocating for recognition of their unique contributions rooted in both nature and grace. Stein viewed motherhood, service, and relational love as sacred vocations that affirm woman's identity and purpose without diminishing intellectual or spiritual capacities.

Spiritual and Ecclesial Roles

Stein's theological reflections addressed specific roles women hold in religious contexts:

- **Motherhood:** As a vocation imbued with spiritual significance and creative participation in life.
- **Virginity and Religious Life:** Emphasizing dedication to God through celibacy and contemplative service.
- **Active Service:** Encouraging women's engagement in charitable and educational ministries.

Impact of Edith Stein's Ideas on Modern Feminist Discourse

Edith Stein's contributions to the woman question continue to resonate in contemporary feminist and theological discussions. Her balanced approach, which values both difference and equality, offers a framework for dialogue between secular feminism and religious traditions. Stein's insights challenge reductionist views and encourage a holistic appreciation of women's identities.

Modern scholars and feminist thinkers draw on Stein's work to explore themes such as embodiment, relationality, and vocation in ways that transcend ideological divides. Her emphasis on empathy and spiritual dignity provides resources for addressing ongoing debates about gender roles, human rights, and social justice.

Legacy and Continuing Relevance

Key aspects of Stein's influence include:

1. Integrating phenomenology and theology in gender studies.
2. Affirming the value of women's experiences without essentialism.

3. Bridging gaps between feminist theory and religious ethics.
4. Providing a model for respectful, nuanced discourse on gender issues.

Frequently Asked Questions

Who was Edith Stein and why is she significant to 'The Woman Question'?

Edith Stein was a German Jewish philosopher who converted to Catholicism and became a nun. She is significant to 'The Woman Question' because she wrote extensively on the nature of womanhood and contributed to philosophical and theological discussions about women's roles in society.

What is Edith Stein's main argument regarding the nature of women in her writings?

Edith Stein argued that women possess a unique essence characterized by empathy, relationality, and a call to nurture, which complements but differs from men's nature. She emphasized the importance of recognizing these differences without subordinating women.

How did Edith Stein address the feminist movement of her time?

Edith Stein acknowledged the need for women's rights and education but cautioned against adopting radical feminism that sought to mimic men. She advocated for a balanced approach that respected women's unique qualities and roles.

What role did Edith Stein's philosophical background play in her views on 'The Woman Question'?

Edith Stein's background in phenomenology allowed her to analyze the lived experience of women deeply, focusing on consciousness and empathy. This philosophical approach helped her articulate a nuanced understanding of women's identity and vocation.

In what ways did Edith Stein's conversion to Catholicism influence her perspective on women?

Her conversion introduced a theological dimension to her views, where she saw womanhood as part of God's creation with a specific mission. She integrated faith and philosophy to discuss women's dignity, vocation, and spiritual roles.

What is the significance of Edith Stein's work 'The Woman' in the context of 'The Woman Question'?

In 'The Woman,' Edith Stein explores the essence and vocation of women, arguing for recognition of their unique contributions to society and family. This work is pivotal in discussions about gender roles and the cultural understanding of women.

How did Edith Stein's personal experiences shape her views on women's roles?

As a philosopher, convert, and nun, Edith Stein experienced multiple facets of womanhood—from academic life to religious vocation—which informed her holistic view that valued both intellectual and spiritual dimensions of women's roles.

What criticisms have been made about Edith Stein's views on 'The Woman Question'?

Some critics argue that Edith Stein's emphasis on traditional roles may limit women's social and political agency, potentially reinforcing gender stereotypes. Others contend her views offer a respectful alternative to radical feminism.

How is Edith Stein's perspective relevant to contemporary discussions on gender and feminism?

Her perspective encourages dialogue about the balance between equality and difference, promoting respect for women's unique identities while advocating for their full participation in society, which remains relevant in current gender debates.

Where can one find Edith Stein's writings on 'The Woman Question' for further study?

Edith Stein's key writings on this topic can be found in her essay 'The Woman' and in collections of her philosophical and theological works, available in various academic libraries and online platforms specializing in historical feminist literature.

Additional Resources

1. Edith Stein and the Woman Question: Philosophical Reflections

This book explores Edith Stein's philosophical engagement with issues surrounding the "woman question," focusing on her analysis of gender roles, identity, and the human person. It delves into her existential and phenomenological insights, highlighting how her thought contributes to contemporary feminist philosophy and theology. The work situates Stein within the broader discourse on women's rights and dignity in the early 20th century.

2. The Feminine Identity in Edith Stein's Thought

A detailed examination of how Edith Stein understood femininity and womanhood through the lens

of phenomenology. The author discusses Stein's intellectual journey and her effort to reconcile traditional views with modern feminist concerns. This book sheds light on Stein's unique perspective on the spiritual and philosophical dimensions of the woman question.

3. *Edith Stein: Philosopher, Nun, and Advocate for Women*

This biography not only traces the life of Edith Stein but also emphasizes her role as a thinker concerned with the status and vocation of women. It contextualizes her philosophical writings within her religious conversion and commitment to social issues affecting women. Readers gain insight into how Stein's life experiences shaped her approach to the woman question.

4. *Women and Personhood: Insights from Edith Stein*

Focusing on Stein's concept of personhood, this book discusses how she addressed the challenges faced by women in asserting their individuality and dignity. It highlights Stein's contributions to understanding the intersection of gender and personal identity. The text is valuable for those interested in both philosophy and gender studies.

5. *The Woman Question in Early 20th Century Philosophy: Edith Stein's Contributions*

This scholarly work situates Edith Stein's reflections on women within the broader philosophical debates of her time. It analyzes her responses to contemporary feminist movements and critiques, demonstrating her nuanced view of women's roles in society and culture. The book also compares Stein's ideas with those of her contemporaries.

6. *Edith Stein and Feminist Theology: Reclaiming the Woman Question*

Examining Stein's impact on feminist theology, this book discusses how her writings offer a rich resource for rethinking gender and spirituality. It explores the intersections between her phenomenological approach and theological reflections on womanhood. The author argues that Stein's thought challenges simplistic understandings of the woman question.

7. *Gender, Spirituality, and Philosophy: The Legacy of Edith Stein*

This collection of essays investigates the complex relationship between gender identity and spiritual vocation in Edith Stein's work. It highlights how Stein's philosophical investigations into empathy and personhood inform contemporary discussions on women's roles in religious life. The volume appeals to scholars of philosophy, gender studies, and theology.

8. *Edith Stein's Journey: From Philosophy to the Woman Question*

Detailing Stein's intellectual development, this book traces how her early philosophical pursuits evolved into a profound engagement with issues related to women's identity and societal expectations. It examines the cultural and religious contexts that influenced her thought. The narrative provides a comprehensive understanding of Stein's multifaceted approach to the woman question.

9. *The Ethical Dimensions of Edith Stein's Reflection on Women*

This text focuses on the ethical implications of Edith Stein's writings regarding women's roles and responsibilities. It explores themes such as dignity, freedom, and vocation, emphasizing Stein's commitment to a moral vision that includes women's empowerment. The book is essential for readers interested in ethics, philosophy of gender, and Stein's legacy.

edith stein the woman question: Edith Stein Essays on Woman Edith Stein, 2012-10-30 To help celebrate the fourth centenary of the birth of St. John of the Cross in 1542, Edith Stein received the task of preparing a study of his writings. She uses her skill as a philosopher to enter into an illuminating reflection on the difference between the two symbols of cross and night. Pointing out how entering the night is synonymous with carrying the cross, she provides a condensed presentation of John's thought on the active and passive nights, as discussed in *The Ascent of Mount Carmel* and *The Dark Night*. All of this leads Edith to speak of the glory of resurrection that the soul shares, through a unitive contemplation described chiefly in *The Living Flame of Love*. In the summer of 1942, the Nazis without warrant took Edith away. The nuns found the manuscript of this profound study lying open in her room. Because of the Nazis' merciless persecution of Jews in Germany, Edith Stein traveled discreetly across the border into Holland to find safe harbor in the Carmel of Echt. But the Nazi invasion of Holland in 1940 again put Edith in danger. The cross weighed down heavily as those of Jewish birth were harassed. Sr. Teresa Benedicta of the Cross's superiors then assigned her a task they thought would take her mind off the threatening situation. The fourth centenary of the birth, of St. John of the Cross (1542) was approaching, and Edith could surely contribute a valuable study for the celebration. It is no surprise that in view of her circumstances she discovered in the subject of the cross a central viewpoint for her study. A subject like this enabled her to grasp John's unity of being as expressed in his life and works. Using her training in phenomenology, she helps the reader apprehend the difference in the symbolic character of cross and night and why the night-symbol prevails in John. She clarifies that detachment is designated by him as a night through which the soul must pass to reach union with God and points out how entering the night is equivalent to carrying the cross. Finally, in a fascinating way Edith speaks of how the heart or fountainhead of personal life, an inmost region, is present in both God and the soul and that in the spiritual marriage this inmost region is surrendered by each to the other. She observes that in the soul seized by God in contemplation all that is mortal is consumed in the fire of eternal love. The spirit as spirit is destined for immortal being, to move through fire along a path from the cross of Christ to the glory of his resurrection. Book includes two photos and fully linked index.

edith stein the woman question: Edith Stein: Women, Social-Political Philosophy, Theology, Metaphysics and Public History Antonio Calcagno, 2015-11-11 This volume explores the work and thought of Edith Stein (1891-1942). It discusses in detail, and from new perspectives, the traditional areas of her thinking, including her ideas about women/feminism, theology, and metaphysics. In addition, it introduces readers to new and/or understudied areas of her thought, including her views on history, and her social and political philosophy. The guiding thread that connects all the essays in this book is the emphasis on new approaches and novel applications of her philosophy. The contributions both extend the interdisciplinary implications of Stein's thinking for our contemporary world and apply her insights to questions of theatre, public history and biographical representation, education, politics, autism, theological debates, feminism, sexuality studies and literature. The volume brings together for the first time leading scholars in five language-groups, including English, German, Italian, French and Spanish-speaking authors, thereby reflecting an international and cosmopolitan approach to Stein studies.

edith stein the woman question: Edith Stein and Regina Jonas Emily Leah Silverman,

2014-09-03 This ground-breaking book examines the lives of two extraordinary, religious women. Both Edith Stein and Regina Jonas were German Jewish women who demonstrated 'deviant' religious desires as they pursued their spiritual paths to serve their communities during the Holocaust. Both were religious visionaries viewed as iconoclasts in their own times. Stein, the first woman to receive a doctorate in philosophy from Husserl, the founder of phenomenology, claimed her Jewish identity while she was still a cloistered Carmelite nun. Jonas, the first woman rabbi in Jewish history, served as a rabbi in Berlin and Theresienstadt concentration camp. A study of a contemplative and a rabbi, the book ranges across many spiritual and theological questions, not least it offers a remarkable exploration of the theology of spiritual resistance. For Stein, this meant redemption and the transmutation of suffering on the cross; for Jonas, acts of compassion bring the face of God into our presence.

edith stein the woman question: Edith Stein - Her Life in Photos and Documents Amata Neyer, OCD, 1999 More than a popular biography of a Carmelite saint by one of the leading experts on Edith Stein, this volume also shows us the people and places she knew, with over 100 photos. An excellent book for anyone seeking a brief and readable introduction to Edith Stein's personality and life.

edith stein the woman question: Contemplating Woman in the Philosophy of Edith Stein Maybelle Marie O. Padua, 2007

edith stein the woman question: Women in Christ Michele M. Schumacher, 2004 The challenge of promoting the new feminism has barely been addressed since it was first launched by Pope John Paul II in his 1995 encyclical *Evangelium vitae*. The thirteen contributors in this book, all outstanding international scholars, take up this task, together laying the necessary theoretical foundation for the new feminism. These chapters articulate an integral philosophical and theological understanding of persons that moves beyond patriarchy on the one hand and traditional feminism on the other. Central to the new perspective offered here is the biblical revelation of the human person -- man and woman -- in Christ, a vision that directs women beyond the male standard against which they have too often been measured. Far from constraining women to an eternal essence, the dynamic view presented here encourages each woman to realize herself in perfect Christian freedom.

edith stein the woman question: Encyclopedia of Phenomenology Lester Embree, 2013-06-29 This encyclopedia presents phenomenological thought and the phenomenological movement within philosophy and within more than a score of other disciplines on a level accessible to professional colleagues of other orientations as well as to advanced undergraduate and graduate students. Entries average 3,000 words. In practically all cases, they include lists of works For Further Study. The Introduction briefly chronicles the changing phenomenological agenda and compares phenomenology with other 20th Century movements. The 166 entries are a baut matters of seven sorts: (1) the faur broad tendencies and periods within the phenomenological movement; (2) twenty-three national traditions ofphenomenology; (3) twenty-two philosophical sub-disciplines, including those referred to with the formula the philosophy of x; (4) phenomenological tendencies within twenty-one non-philosophical dis ciplines; (5) forty major phenomenological topics; (6) twenty-eight leading phenomenological figures; and (7) twenty-seven non-phenomenological figures and movements ofinteresting sim ilarities and differences with phenomenology. Conventions Concern ing persons, years ofbirth and death are given upon first mention in an entry ofthe names of deceased non-phenomenologists. The names of persons believed tobe phenomenologists and also, for cross-referencing purposes, the titles of other entries are printed entirely in SMALL CAPITAL letters, also upon first mention. In addition, all words thus occurring in all small capital letters are listed in the index with the numbers of all pages on which they occur. To facilitate indexing, Chinese, Hungarian, and Japanese names have been re-arranged so that the personal name precedes the family name.

edith stein the woman question: Edith Stein's An Investigation Concerning the State: Sociality, Nationhood, Ethics Eva Reyes-Gacitúa, Antonio Calcagno, 2020-02-24 This book explores

Edith Stein's phenomenology of the state. It features chapters on the application of Stein's political philosophy to real issues and questions affecting nations today. The contributors also situate Stein's political theory within her larger philosophical corpus. The collection examines *An Investigation Concerning the State* from various angles. Scholars first consider some of the direct claims Stein makes about social and political ontology. They mine her work for its implications for and applications to contemporary debates. Then, the contributors position her work in relation to other figures in phenomenology, including Edmund Husserl and Max Scheler. Finally, Stein's views are brought to bear on other disciplines, including feminism, theology, and literature. The contributors also use her theory of the state to address various contemporary issues, including bioethics and rights, globalization, as well as social and political inequality. The view of the state that emerges has implications for how we do politics and make ethical decisions. Moreover, Stein's work has an impact on our views of sociality (as opposed to the sociality of contractarian views of the state), pedagogy, women, theories of justice and law, as well as social psychology and religion. This volume helps readers better understand this vital voice in political philosophy and appeals to students, professors, and researchers working in the field.

edith stein the woman question: *The Collected Works of Edith Stein, Sister Teresa Benedicta of the Cross, Discalced Carmelite* Edith Stein, 1986

edith stein the woman question: *Feminist Phenomenology* Linda Fisher, Lester Embree, 2013-04-17 This volume is composed chiefly of papers first presented and discussed at the Research Symposium on Feminist Phenomenology held November 18-19, 1994 in Delray Beach, Florida. Those papers have been revised and expanded for publication in the present volume and several essays have been added. We would like to thank very much all the participants in the symposium, including the session chairs and others in attendance, whose interest and enthusiasm contributed greatly. The symposium and this volume, including the name for it, were conceived of by Lester Embree, who also arranged sponsorship, local arrangements, and publication through the William F. Dietrich Eminent Scholar Chair at Florida Atlantic University and the Center for Advanced Research in Phenomenology, Inc. The invitees were decided upon jointly. Linda Fisher has been chiefly responsible for the editing and the preparation of the camera-ready copy. Linda Fisher Lester Embree Acknowledgments The editing and preparation of this volume has spanned several cities and two continents and I am indebted to many people from each place.

edith stein the woman question: *The Gift of the Church* Peter C. Phan, 2016-03-24 As the Church enters its third millennium, it must take stock of its identity and mission. These essays in *The Gift of the Church* address the fundamental issues confronting the Church in its immediate future. Their authors represent the most prominent ecclesiologists of our time. Written in honor of Patrick Granfield, OSB, these essays form a textbook for classes in ecclesiology. They also are a useful tool for those engaged in various ministries in the Church to update themselves on the theology of different aspects of the Church. The first section of essays discusses ecclesiology in its historical development as well as its methodology; the second examines various aspects of the Church; and the third part presents the life and work of Patrick Granfield. The essays are clearly written and based on solid and extensive scholarship. Ecclesiology has been the central theme of theological reflections since Vatican II and may continue to be in the next millennium. This textbook fulfills in part Pope John Paul II's Vision for the Jubilee Year, when Christians, with a profound sense of commitment . . . will likewise express their gratitude for the gift of the Church. Essays and authors in Part One: Ecclesiology in Historical Context are Theologies of the Church in the New Testament, by Frank J. Matera; The Development of Ecclesiology: Early Church to the Reformation, by Eric Plumer; The Development of Ecclesiology: Modernity to the Twentieth Century, by Michael J. Himes; The Significance of Vatican Council II for Ecclesiology, by Joseph A. Komonchak; The Ecclesiology of John Paul II, by Avery Dulles; Ecumenical Ecclesiology, by Michael A. Fahey; and Theological Method for Ecclesiology, by Pedro Rodriguez. Essays and authors in Part Two: Contemporary Ecclesiology are The Church as Communion, by Susan K. Wood; The Church as Worshiping Community, by Gerard Austin; The Ecclesial Dimension of Anthropology, by Michael J. Scanlon; The

Ecclesial Dimension of Spirituality, by George Tavad; The Evangelizing Mission of the Church, by Francis A. Sullivan; Salvation Outside the Church, by John P. Galvin; The Social Mission of the Church: Its Changing Context, by T. Howland Sanks; Ministries in the Church, by John Ford; The Papacy, by Richard P. McBrien; The Episcopacy, by Hermann J. Pottmeyer; The Teaching Office of the Church, by John P. Boyle; The Church and the Law, by Thomas J. Green; The Laity, by Jon Nilson; Women and the Church, by Sara Butler; and Mary and the Church, by Frederick M. Jelly. Essays and authors in Part Three: A North American Ecclesiology: The Theological Achievement of Patrick Granfield are Patrick Granfield: A Biographical Essay, by David Granfield; A North American Ecclesiology: The Achievement of Patrick Granfield, by Peter C. Phan; and Bibliography of Patrick Granfield, compiled by David Granfield. The book also includes an introduction by Peter Phan and a list of abbreviations. Peter C. Phan, PhD, STD, DD, is the Warren-Blanding Professor of Religion and Culture in the department of religion and religious education at The Catholic University of America. He is the author and editor of several books and over a hundred essays on various aspects of Christian theology.

edith stein the woman question: The Concept of Woman, v3 Allen, 1997 The culmination of a lifetime's scholarly work, this pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present. Volume I uncovers four general categories of questions asked by philosophers for two thousand years. These are the categories of opposites, of generation, of wisdom, and of virtue. Sister Prudence Allen traces several recurring strands of sexual and gender identity within this period. Ultimately, she shows the paradoxical influence of Aristotle on the question of woman and on a philosophical understanding of sexual complementarity. Supplemented throughout with helpful charts, diagrams, and illustrations, this volume will be an important resource for scholars and students in the fields of women's studies, philosophy, history, theology, literary studies, and political science. In Volume 2, Sister Prudence Allen explores claims about sex and gender identity in the works of over fifty philosophers (both men and women) in the late medieval and early Renaissance periods. Touching on the thought of every philosopher who considered sex or gender identity between A.D. 1250 and 1500, *The Concept of Woman* provides the analytical categories necessary for situating contemporary discussion of women in relation to men. Adding to the accessibility of this fine discussion are informative illustrations, helpful summary charts, and extracts of original source material (some not previously available in English). In her third and final volume Allen covers the years 1500–2015, continuing her chronological approach to individual authors and also offering systematic arguments to defend certain philosophical positions over against others.

edith stein the woman question: A Companion to Phenomenology and Existentialism Hubert L. Dreyfus, Mark A. Wrathall, 2011-08-24 *A Companion to Phenomenology and Existentialism* is a complete guide to two of the dominant movements of philosophy in the twentieth century. Written by a team of leading scholars, including Dagfinn Føllesdal, J. N. Mohanty, Robert Solomon, Jean-Luc Marion Highlights the area of overlap between the two movements Features longer essays discussing each of the main schools of thought, shorter essays introducing prominent themes, and problem-oriented chapters Organised topically, around concepts such as temporality, intentionality, death and nihilism Features essays on unusual subjects, such as medicine, the emotions, artificial intelligence, and environmental philosophy

edith stein the woman question: The Concept of Woman, Volume 3 Prudence Allen, 2017-01-05 The culmination of a lifetime's scholarly work, this pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present. In her third and final volume Allen covers the years 1500–2015, continuing her chronological approach to individual authors and also offering systematic arguments to defend certain philosophical positions over against others. Building on her work from Volumes I and II, Allen draws on four communities of discourse—Academic, Humanist, Religious, and Satirical—as she traces several recurring strands of sex and gender identity from the Renaissance to the present. Now complete, Allen's magisterial study is a valuable resource for scholars and students in the fields

of women's studies, philosophy, history, theology, literary studies, and political science.

edith stein the woman question: The Sheed and Ward Anthology of Catholic Philosophy

James C. Swindal, Harry J. Gensler, 2005-09 The Sheed & Ward Anthology of Catholic Philosophy is a thorough introduction to the evolution of Catholic philosophy from Biblical times to the present day. The first comprehensive collection of readings from Catholic philosophers, this volume aims to sharpen the understanding of Catholic philosophy by grouping together the best examples of this tradition, both well-known classics and lesser-known selections. The readings emphasize themes integral to the Catholic tradition such as the harmony of faith and reason, the existence and nature of God, the nature of the human person and the nature of being, and the objectivity of the moral law. Each reading includes a brief introduction and is historically placed within five major groups-1) Preliminaries, including readings from the Bible, Plato and Aristotle, 2) The Patristic Era, selections from Aristides to Boethius, and a heavy focus on Augustine, 3) The Middle Ages, readings from the early Moslem and Jewish thinkers to William of Ockham, with an emphasis on Aquinas, 4) The Renaissance through the Nineteenth Century, including Suarez, Descartes, Pascal, Newman, and Pope Leo XIII, and 5) The Twentieth Century and Beyond, including Maritain and Lonergan, Blondel and Marcel, Geach and Rescher, and others like Chesterton and Teilhard. -

edith stein the woman question: Women Phenomenologists on Social Ontology Sebastian

Luft, Ruth Hagengruber, 2018-10-24 This edited volume examines women's voices in phenomenology, many of which had a formative impact on the movement but have been kept relatively silent for many years. It features papers that truly extend the canonical scope of phenomenological research. Readers will discover the rich philosophical output of such scholars as Edith Stein, Hedwig Conrad-Martius, and Gerda Walther. They will also come to see how the phenomenological movement allowed its female proponents to achieve a position in the academic world few women could enjoy at the time. The book explores the intersection of social ontology, phenomenology, and women scholars in phenomenology. The papers offer a fresh look at such topics as the nature of communities, shared values, feelings, and other mental content. In addition, coverage examines the contributions of Jewish women to the science, who were present at the beginning of the phenomenological movement. This remarkable anthology also features a paper on Gerda Walther written by Linda Lopez McAlister, former editor of the feminist journal *Hypatia*, who had met Walther in 1976. This book features work from the conference "Women Phenomenologists on Social Ontology," held at the University of Paderborn. Overall, it collects profiles and analysis that unveil a hidden history of phenomenology.

edith stein the woman question: "Good News" After Auschwitz? Carol Rittner, John K. Roth,

2001 Many argue that Christians must address their own culpability in the destruction of Europe's Jewry. If post-Holocaust Christians only lament Christianity's sin the tradition will be ultimately left with little to say and no credibility. Post-Holocaust Christians must emphasize positive differences that Christianity can make, including: -- Repentant honesty about Christianity's anti-Jewish history -- New appreciation for the Jewish origins of Christianity, the Jewish identity of Jesus, and the continuing vitality of the Jewish people and their traditions -- Welcome liberation from liturgies and biblical interpretations that promote harmful Christian exclusivism

edith stein the woman question: Phenomenological Approaches to Moral Philosophy J.J.

Drummond, Lester Embree, 2013-03-14 Against the background of the recent revival of ethics, this handbook aims to show the great fertility of the phenomenological tradition for the study of ethics and moral philosophy by collecting a set of papers on the contributions to ethical thought by major phenomenological thinkers. Twenty-one chapters in the book are articles by experts who explore the thought of the major ethical thinkers in the first two generations of the phenomenological tradition and direct the reader toward the most relevant primary and secondary materials. The final three chapters of the book sketch more recent developments in various parts of the world, and the first three chapters investigate the relations between phenomenology and the dominant normative approaches in contemporary moral philosophy.

edith stein the woman question: Images of the Human Hunter Brown, Leonard A. Kennedy,

1995 Now available in paperback, *Images of the Human* addresses the questions human beings have been asking for centuries. Each chapter focuses on the writings of a different philosopher--from Plato to Nietzsche, St. Augustine to Simone de Beauvoir. As a distinctive feature, commentaries explore the unique relationship between what philosophers say and what religion teaches.

edith stein the woman question: *Communion with Christ* M. Regina Van Den Berg, 2015-01-28 Pope Saint John Paul II declared that the great challenge for Christians today is to become "the home and school of communion." St. Teresa Benedicta (Edith Stein) is a sure guide to attaining the communion for which every human heart longs. This work considers St. Teresa's life and writings in the context of the "spirituality of communion". As a philosopher she was directed towards attaining communion with the Truth, and she discovered that Truth was a Person, Jesus Christ. As a Carmelite nun she gave up everything for communion with him. Dr. Alice von Hildebrand, in the foreword, says Edith Stein's message "is above her time" and that the author, Sister M. Regina van den Berg, F.S.G.M. "is well qualified to write such a book." Sister Regina explores in detail Edith Stein's theory of empathy as developed in her doctoral dissertation, as well as her later theory of community. Sister Regina has also used a number of Edith Stein's writings that, until this work, have not yet been available in English translation. Each chapter explores an aspect of "communion", richly revealing the wisdom of Edith Stein, "a Jew who became a philosopher . . . a convert to Catholicism who became a Carmelite nun and crowned her life with martyrdom". Stein's work "provides insights that can help us to grow in the spirituality of communion, first by presenting to us the truth about the human person's nature and vocation and then by showing us how we can arrive at a spirituality of communion in the various aspects of life."
