## Who is Vados in Dragon Ball Super?

Vados is an angelic being who serves as the attendant and martial arts teacher to Champa, the God of Destruction of Universe 6. As with other angels in the Dragon Ball multiverse, Vados possesses immense power, wisdom, and knowledge of divine arts. She is the older sister of Whis, the attendant to Universe 7's God of Destruction, Beerus. Vados' character is known for her calm demeanor, immense strength, and advanced combat skills which surpass many of the gods themselves. Understanding her background is essential to fully grasp the scope and significance of dragon ball super vados training.

## Vados' Role as a Trainer

Vados plays a critical role in the development and training of fighters within Universe 6. Her responsibilities extend beyond simple combat instruction; she guides the Gods of Destruction in mastering their destructive powers and helps warriors unlock their full potential. As an angel, Vados has superior knowledge of ki control, martial arts, and divine energy manipulation, making her training methods exceptionally advanced. Her role as a trainer is unique because she balances the duties of an attendant with the rigorous task of enhancing combat abilities across various universes.

## Angel Trainer Responsibilities

Unlike typical martial arts instructors, angels like Vados serve as mentors to gods and mortals alike. Their training encompasses spiritual growth, energy control, and advanced fighting techniques. Vados' training is comprehensive, often including:

- Enhancement of physical and spiritual energy
- Mastery of ki and divine techniques
- Combat strategy and tactical awareness
- Self-discipline and mental focus

## Comparison with Other Trainers

Vados' training style is often compared with that of her brother Whis. While both share similarities in approach and expertise, Vados is noted for her slightly superior power level and unique teaching methods tailored to Universe 6 warriors. Her training is sometimes perceived as more stringent and focused on maximizing the latent abilities of her pupils.

## Training Techniques Used by Vados

Vados employs a diverse range of training techniques that blend physical conditioning, spiritual refinement, and combat simulation. Her methods reflect the angelic nature of her character, emphasizing balance, control, and efficiency over brute force. The training environment she creates often involves high-stakes combat scenarios, endurance challenges, and energy manipulation exercises to push fighters beyond their limits.

## Physical Conditioning and Combat Drills

Physical fitness is fundamental in Vados' training programs. She incorporates rigorous drills that enhance speed, strength, reflexes, and stamina. These drills often simulate real battle conditions, requiring trainees to adapt quickly and maintain composure under pressure. Combat sparring sessions with Vados herself or other highly skilled fighters serve as a practical test of progress.

## Ki Control and Energy Mastery

One of the core components of dragon ball super vados training is the mastery of ki - the life force energy that powers all fighters in the series. Vados teaches her pupils to harness, control, and amplify their ki with precision. This includes techniques such as energy blasts, barriers, flight, and sensing other beings' power levels. Her training ensures that warriors can efficiently use their energy without unnecessary waste.

## **Mental Discipline and Strategic Thinking**

Beyond physical and energy training, Vados emphasizes the importance of mental discipline. She guides fighters in meditation, focus exercises, and tactical planning. Understanding an opponent's weaknesses, anticipating moves, and maintaining calm in chaotic situations are skills honed under her tutelage. This holistic approach ensures that trainees develop both body and mind equally.

## **Notable Characters Trained by Vados**

Several prominent characters in Dragon Ball Super have benefited from Vados' expert training. Her influence is particularly evident in the power and fighting abilities of Universe 6's fighters. Through her guidance, these characters have achieved significant growth, enabling them to compete on par with the strongest warriors from other universes.

As the God of Destruction of Universe 6, Champa receives direct training and counsel from Vados. Her instruction aids Champa in controlling his destructive powers and maintaining balance within his universe. The relationship between Vados and Champa underscores the importance of angelic trainers in the hierarchy of divine beings.

### **Hit**

Hit, the legendary assassin from Universe 6, is another key figure who has undergone rigorous training under Vados' supervision. Her training has helped Hit refine his unique time-skipping abilities and improve his combat efficiency. Hit's development as a fighter is a testament to the effectiveness of Vados' training methodologies.

### **Other Universe 6 Fighters**

Besides Champa and Hit, other warriors like Cabba, Frost, and Kale have indirectly benefited from the training programs established by Vados. These fighters have demonstrated significant power increases and tactical improvements, contributing to the overall strength of Universe 6's team during multiverse tournaments.
