También los viajes a otros países marcan al poeta de manera intensa, sobre todo México. Pero lo fundamental, a nuestro entender, Apunta al ser poeta como actitud de vida, donde la palabra escrita y la necesidad de sobrevivencia a través del lenguaje es vital. También encontramos una dura crítica a la sociedad actual y a las actitudes de algunos de los sujetos que la integran desde una posición de poder.

Sólo Salmerón se atreve a contar, rigurosa y minuciosamente, esta historia. Paco Ignacio Taibo II En los albores del siglo XX México vivió la década más violenta de su historia. Sangre y traiciones marcaron el rumbo de una joven nación que anhelaba un destino más democrático. El papel heroico de los caudillos del movimiento ya está registrado en las páginas que abordan la revolución mexicana. Pero aún hay una historia por contar, la de los hombres que conformaron la División del Noreste, uno de los cuatro pilares del Ejército Constitucionalista. Aquí se entremezclan la historia política y militar con los retratos de quienes tomaron las armas y decidieron matar o morir por la consolidación del país.
