finding solid ground workbook exercises: Raising America Ann Hulbert, 2011-01-26 Since the beginning of the twentieth century, millions of anxious parents have turned to child-rearing manuals for reassurance. Instead, however, they have often found yet more cause for worry. In this rich social history, Ann Hulbert analyzes one hundred years of shifting trends in advice and discovers an ongoing battle between two main approaches: a “child-centered” focus on warmly encouraging development versus a sterner “parent-centered” emphasis on instilling discipline. She examines how pediatrics, psychology, and neuroscience have fueled the debates but failed to offer definitive answers. Emmett Holt and Arnold Gesell to Bruno Bettelheim and Benjamin Spock to the prominent (and ever conflicting) experts of today.

finding solid ground workbook exercises: The Tibetan Book of Everyday Wisdom Jinpa Thupten, 2018-04-24 Enjoy popular Tibetan collections of advice, fables, and aphorisms for following the way of the wise and avoiding the paths of fools. The Tibetan Book of Everyday Wisdom: A Thousand Years of Sage Advice presents a genre of Tibetan works known as “wise sayings” (lekshé). While most Tibetan literature focuses on the Buddhist path, “wise sayings” literature has traditionally been a centerpiece of secular education in Tibet and in the cultivation of social mores and an honorable way of life. Drawing inspiration from classical Indian literature on human virtue and governance (nītiśāstra), including the folktales in the Pañcatantra, the authors of these Tibetan works strove to educate young minds in the ways of the civilized world, especially by distinguishing the conduct of the wise from that of the foolish. This anthology includes some of the best-loved classics of Tibetan literature, such as Sakya Pandita’s Jewel Treasury of Wise Sayings, Panchen Sönam Drakpa’s Ganden Wise Sayings, and Gungthang’s Treatise on Trees and Treatise on Water. The final work is the intriguing Kaché Phalu’s Advice. Ostensibly written by a wise Tibetan Muslim, this versified text enjoys great popularity within Tibetan-speaking communities, such that most people are able to recite at least a few verses from memory.
