The royal folio forms are bound together, as issued, in full calf stamped with tools thought to have belonged to William Davies, a bookbinder who flourished in Philadelphia from 1722 to 1740. The mortgage forms include printed preambles identifying Pennsylvania's General Loan Office trustees as the mortgagees, and manuscript completions dated as early as Sept. 23, 1729. It has been established that it was printed by Benjamin Franklin and Hugh Meredith with their first font of pica type. This illustrated study places the Snider volume in its historical, political, biographical, and bibliographical context. Index.
