The four responding officers heard a voice: Please hurry, there isn't much time. They assumed it was Lily's mother who was still trapped inside. Once the two victims were recovered, the officers realized their mistake--her mother had been killed on impact. The officers all wondered the same thing: What was that voice? --Publisher.

guideposts articles: God's Salesman Carol V.R. George, 2019-02-21 When Donald Trump was married to his first wife Ivana Ivana Zelnícková in 1977, the family minister who officiated the wedding was the preacher and author of The Power of Positive Thinking, Norman Vincent Peale. Perhaps more than any other figure in American public life in the last decade, Donald Trump has been able to reimagine Peale's message of positive thinking to his political advantage. I never think of the negative, he said after the opening of Trump Tower in 1983. Both Trump and Peale have appealed to people who, like themselves, have felt marginalized by an intellectual and cultural elite. Peale's 1952 book, which helped to drive the religious revival of the 1950s, remains a perennial bestseller, and has affected the lives of a vast public in the United States and around the world. In God's Salesman, Carol V. R. George used interviews with Peale himself as well as exclusive access to his manuscript collection to provide the first full-length scholarly account of Peale and his highly visible career. George explores the evolution of Peale's message of Practical Christianity, the belief that when positive thinking was combined with affirmative prayer, the technique of imaging, and purposeful action, the result was a changed life. It was a message with special appeal for many in the post-War middle class struggling to rebuild their lives and have a voice in society. George

examines the formative influences on Peale's thinking, especially his devout Methodist parents, his early exposure to and then enthusiastic acceptance of Ralph Waldo Emerson and William James, and his almost instinctive attraction to evangelicalism, particularly as it was manifested politically. Twenty-five years after its initial publication, and with a new foreword by Kate Bowler, *God's Salesman* remains a timely portrait of the man and his movement, and the vital role that both played in the rethinking and restructuring of American religious life over the last seventy years.

guideposts articles: *Letters to a Lifer* Cindy Sanford, 2015-01-21 Letters to a Lifer provides a rare insight into life without parole (LWOP) for juveniles in the USA. A true story from Pennsylvania, it is a compelling tale of faith and redemption. Cindy Sanford tells how a chance correspondence with Ken, a prisoner artist, began to change her entrenched ideas about offenders. Her book now adds voice to the work of the USA's National Campaign for the Fair Sentencing of Youth and will also be of interest to students of restorative justice. In 1999, America's Most Wanted broadcast details of a notorious crime. Twelve years later Cindy was introduced to Ken, one of the two boys convicted, through his remarkable wildlife art. By then a young man, Ken had spent half his life in prison. Initially wary, Cindy was surprised to find him humble, polite and deeply grateful for her interest. Gradually she and her family were able to look beyond his crime to the person he had become. Despite a hardening of attitudes generally towards offenders in the USA and other parts of the western world, Letters to a Lifer shows why the campaign against LWOP sentences for juveniles is nonetheless gaining momentum.

guideposts articles: *Memoir of Half a Banana* Fay Chou, 2019-02-04 Born in Taiwan but gone to a junior high school in America, then back to Taiwan for college, and immigrated to America again, the author paints vivid pictures of postwar Taiwan and America in the sixties, and compares the Chinese and American cultures through education systems, the business world, and life in general. The author touches on growing pains; disillusionment; the wear and tear of marriage, parenting, and relationships; challenges and betrayal in the business world; finding herself at fifty-five; and her extraordinary and otherworldly encounters. She reveals complicated Chinese cultural traditions and recounts the Second Sino-Japanese War through her father's recollections. From working at a Buddhist organization and from taking care of her father, she comes to understand birth, aging, sickness, and death. The author considers herself "half a banana"—yellow on the outside but a bit white on the inside. Having lived in the States for forty-three years, she understands both Chinese and American cultures well and shows how the two cultures, especially the fundamental difference between them, have molded her life. Dotted with well-known Chinese sayings and anecdotes, *Memoir of Half a Banana* offers an interesting and truthful glimpse into the Chinese people and ideology.

guideposts articles: Agnes Sanford and Her Companions William L. De Arteaga, 2015-08-17 Agnes Sanford was arguably the most original and spiritually fruitful theologians of the twentieth century. Among her achievements were the discovery and development of the inner healing ministry, the development of a theology of the light of God (missing in Western theology), and the first ever theology of nature prayers--as in stilling storms. She and her husband developed a school to teach ministers and lay leaders healing and deliverance prayer, and the gifts of the Spirit a decade before the charismatic renewal made such things acceptable in mainline churches. In spite of these achievements, she is largely ignored and unrecognized today. This work examines her career and shows why her theology, though deeply biblical, was unacceptable to orthodox critics. Sanford was part of a group who worked from the 1900s through the 1960s to make healing and deliverance prayer as normal in church. They had to confront the erroneous established theology of cessationism, which affirmed that the healing ministry of the church was past.
