iranian dating sites: Iranian Romance in the Digital Age Janet Afary, Jesilyn Faust, 2021-01-28 Following the 1979 Islamic Revolution, there was a dramatic reversal of women's rights, and the state revived many premodern social conventions through modern means and institutions. Customs such as the enforced veiling of women, easy divorce for men, child marriage, and polygamy were robustly reintroduced and those who did not conform to societal strictures were severely punished. At the same time, new social and economic programs benefited the urban and rural poor, especially women, which had a direct impact on gender relations and the institution of marriage. Edited by Janet Afary and Jesilyn Faust, this interdisciplinary volume responds to the growing interest and need for literature on gender, marriage and family relations in the Islamic context. The book examines how the institution of marriage transformed in Iran, paying close attention to the country's culture and politics. Part One examines changes in urban marriages to new forms of cohabitation. In Part Two contributors, such as Soraya Tremayne, explore the way technology and social media has impacted and altered the institution of family. Part Three turns its eye to look at marital changes in the rural and tribal sectors of society through the works of anthropologists including Erika Friedl and Mary Hegland. Based on the work of both new and established scholars, the book provides an up-to-date study of an important and intensely politicized subject.

iranian dating sites: Social Media in Iran David M. Faris, Babak Rahimi, 2015-11-20 First comprehensive account of how the Internet has impacted life in Iran. Social Media in Iran is the first book to tell the complex story of how and why the Iranian people—including women, homosexuals, dissidents, artists, and even state actors—use social media technology, and in doing so create a

contentious environment wherein new identities and realities are constructed. Drawing together emerging and established scholars in communication, culture, and media studies, this volume considers the role of social media in Iranian society, particularly the time during and after the controversial 2009 presidential election, a watershed moment in the postrevolutionary history of Iran. While regional specialists may find studies on specific themes useful, the aim of this volume is to provide broad narratives of actor-based conceptions of media technology, an approach that focuses on the experiential and social networking processes of digital practices in the information era extended beyond cultural specificities. Students and scholars of regional and media studies will find this volume rich with empirical and theoretical insights on the subject of how technologies shape political and everyday life.

iranian dating sites: *The Iranian Diaspora* Mohsen Mostafavi Mobasher, 2018-10-03 The Iranian revolution of 1978-1979 uprooted and globally dispersed an enormous number of Iranians from all walks of life. Bitter political relations between Iran and the West have since caused those immigrants to be stigmatized, marginalized, and politicized, which, in turn, has discredited and distorted Iranian migrants' social identity; subjected them to various subtle and overt forms of prejudice, discrimination, and social injustice; and pushed them to the edges of their host societies. The Iranian Diaspora presents the first global overview of Iranian migrants' experiences since the revolution, highlighting the similarities and differences in their experiences of adjustment and integration in North America, Europe, Australia, and the Middle East. Written by leading scholars of the Iranian diaspora, the original essays in this volume seek to understand and describe how Iranians in diaspora (re)define and maintain their ethno-national identity and (re)construct and preserve Iranian culture. They also explore the integration challenges the Iranian immigrants experience in a very negative context of reception. Combining theory and case studies, as well as a variety of methodological strategies and disciplinary perspectives, the essays offer needed insights into some of the most urgent and consequential issues and problem areas of immigration studies, including national, ethnic, and racial identity construction; dual citizenship and dual nationality maintenance; familial and religious transformation; politics of citizenship; integration; ethnic and cultural maintenance in diaspora; and the link between politics and the integration of immigrants, particularly Muslim immigrants.

iranian dating sites: *Iran at War* Maziar Behrooz, 2023-04-06 After the destructive decades following the fall of the Safavid Empire, the Qajar dynasty inherited a weakened state and the growing threat of European imperial powers, culminating in two wars with Russia. In this book, Maziar Behrooz provides a history of the Qajar dynasty's navigation of this difficult period, beginning with the reign of Aqa Muhammad Shah and ending with that of Fath Ali Shah. Examining the key decisions taken by Qajar, Russian, British and other actors, the book argues that a reevaluation of the early-Qajar period is required, one which acknowledges the failures of its rulers, while recognising the external constraints they were under, and their successes in reuniting a formerly fragmented state in the face of overwhelming technological, economic and military firepower.

iranian dating sites: Escape From Iran Sholem Ber Hecht, 2020-02-04 For 2,500 years the Jews of Persia, banished from their homeland, built a civilization in exile. Their fortunes rose and fell, from the glory of their ancestral traditions to persecution, suppression, and the brutality of conquering armies. By the mid20th Century the Jewish community of modern-day Iran had achieved a measure of success—until the Islamic Revolution of 1979 threatened once again to plunge Persian Jewry into darkness. This is the story of the dramatic rescue and emigration of thousands of Iranian Jewish students to America, and the miraculous rebirth of an ancient civilization in a brand new world. "...My deepest thanks for the work you have done on behalf of Persian Jewry. Before the Islamic Revolution you came to Iran and worked tirelessly to help the youth of Iran escape to a safe haven. I remember your acts of self-sacrifice in your rescue efforts to bring them to safety in the United States. On that Yom Kippur in Machane Mordechai, I remember the heartrending prayers of the students and their profound worry and concern over the wellbeing of their families who remained in Iran...You cared for our children, providing food, schooling and housing. We must express our deepest appreciation for your heroic efforts on behalf of the Jews of Iran." - Excerpt from the commendation letter of Rabbi Eliyahu Ben-Hayim, Senior Rav and Dayan of the Persian Jewish Community of New York SHOLEM BER HECHT was there each step of the way, overseeing every facet of the operation under the direction of his illustrious father, Rabbi Jacob J. Hecht o.b.m., and the visionary guidance of the Lubavitcher Rebbe. In this remarkable book he weaves together the thrilling tale of the escape from Iran with his penetrating insight into its history-making significance.

iranian dating sites: Queer Sinister Things: The Hidden History of Iran Tomas B. Phillips, 2011-02-16 Phillips delivers a refreshingly honest and deeply compelling narrative of the history of modern Iran. With the feel of a great historical novel, Philips pierces through the ideological biases which have shaped our understanding of the Middle East, Cold War and the Iranian people. On every page we witness the complexity of governing a developing nation torn internally by the demands of liberal constitutional republicans, radical Socialists and radical Islamists and externally between the opposing powers of East and West. In *Queer Sinister Things*, Phillips by-passes the version of events dominant in today's academic and media circles, relying instead on the stories provided by those who documented developments in and about Iran as they happened. This living history, highly recommended for students, educators, journalists, policy makers and lovers of history everywhere, will forever change your understanding of this ancient land and its people.

iranian dating sites: *Ancient Art from the Shumei Family Collection* Metropolitan Museum of Art (New York, N.Y.), 1996 Published in conjunction with an exhibition held at The Metropolitan Museum of Art during 1996 and scheduled to travel to Los Angeles during 1997. The works are selected from the holdings of the Shumei Family, a religious organization based in Japan which holds to the belief that beautiful objects elevate the spirit and, therefore, that they were created to be shared (the group is currently constructing a new museum in Japan to house the collection). The works included here--antiquities from the Mediterranean, the Near East, and China--are beautifully presented in color photos, with text by a broad spectrum of curators, art historians, and conservators. iranian dating sites: *Power, Islam, and Political Elite in Iran* Eva Rakel, 2008-11-30 The Iranian Islamic revolution brought about a political system based on a combination of state institutions that derive their legitimacy from Islamic law and republican institutions legitimized by the people. As there are no legal political parties in the Islamic Republic of Iran, political factions represent the varying ideological and material interests of members of the political elite and their supporters. This book analyzes the rivalries between the political factions and their related state institutions and the impact of the dynamics of factionalism on domestic (economic and socio-cultural) and foreign policy formulation. It shows that tensions inherent to the structure of state institutions and factional rivalries slow down the process of democratization and economic reforms in the Islamic Republic of Iran.

iranian dating sites: *Literary Translation in Modern Iran* Esmaeil Haddadian-Moghaddam, 2014-12-15 *Literary Translation in Modern Iran: A sociological study* is the first comprehensive study of literary translation in modern Iran, covering the period from the late 19th century up to the present day. By drawing on Pierre Bourdieu's sociology of culture, this work investigates the people behind the selection, translation, and production of novels from English into Persian. The choice of novels such as Morier's *The Adventures of Hajji Baba of Ispahan*, Austen's *Pride and Prejudice*, and Vargas Llosa's *The War of the End of the World* provides insights into who decides upon titles for translation, motivations of translators and publishers, and the context in which such decisions are made. The author suggests that literary translation in Iran is not a straightforward activity. As part of the field of cultural production, literary translation has remained a lively game not only to examine and observe, but also often a challenging one to play. By adopting hide-and-seek strategies and with attention to the dynamic of the field of publishing, Iranian translators and publishers have continued to play the game against all odds. The book is not only a contribution to the growing scholarship informed by sociological approaches to translation, but an essential reading for scholars and students of Translation Studies, Iranian Studies, and Middle Eastern Studies.

iranian dating sites: *The United States and Iran* Sasan Fayazmanesh, 2008-03-31 When and why did the United States policy of containment of Iran come about? How did it evolve? Where is it going? Much has been said about the US policy of dual containment, particularly as it pertains to Iraq. However, there has been little in-depth analysis of this policy when it comes to Iran. Sasan

Fayazmanesh explores this often neglected subject by analyzing the history of this policy. The analysis includes the role that the Carter and Reagan Administrations played in the Iran-Iraq war, the numerous sanctions imposed on Iran by the Clinton Administration and the aggressive and confrontational policy toward Iran adopted by the George W. Bush Administration after the events of September 11, 2001. This topical read synthesises a range of primary sources, including firsthand reports, newspaper articles and electronic media, and presents a coherent analysis of the ebbs and flows in the US thinking on Iran and Iraq.

iranian dating sites: Power of Bonding and Non-Western Soft Power Strategy in Iran
Md. Nazmul Islam, 2022-12-09 This book comparatively assesses the China and India's soft power strategy in Iran. By employing Joseph S. Nye's "Soft Power" theory and forming the new concept of "Power of Bonding", this book formulated China and India's soft power narratives and applied it through the empirical analysis in Iran. Based on this theory, this book seeks explanations for the question of "How China and India respectively, strategically and comparatively use the soft power strategy in Iran?". To reach the find-out, this book compares the understanding, resources, strategies, influences and uses of China and India's soft power in Iran under three thematic areas, including "power of bonding through cultural attractions, and attributions"; "political and diplomatic engagement" and "economic partnerships". By analysing China and India's soft power strategy in Iran, this book seeks to contribute to the soft power literature through a theoretical replication based on non-Western soft power strategy, the concept and its empirical application in China and India.

iranian dating sites: My Name Is Iran Davar Ardalan, 2010-07-01 A century of family tales from two beloved but divided homelands, Iran and America Drawing on her remarkable personal history, NPR producer Davar Ardalan brings us the lives of three generations of women and their ordeals with love, rejection, and revolution. Her American grandmother's love affair with an Iranian physician took her from New York to Iran in 1931. Ardalan herself moved from San Francisco to rural Iran in 1964 with her Iranian American parents who barely spoke Farsi. After her parents' divorce, Ardalan joined her father in Brookline, Massachusetts, where he had gone to make a new life; however improbably, after high school, Ardalan decided to move back to an Islamic Iran. When she arrived, she discovered a world she hardly recognized, and one which demands a near-complete renunciation of the freedoms she experienced in the West. In time, she and her young family make the opposite migration and discover the difficulties, however paradoxical, inherent in living a free life in America.
