israel project mission: Project Censored's State of the Free Press 2022 Andy Lee Roth, Mickey Huff, 2022-01-25 As the United States grapples with the ongoing COVID-19 pandemic, the nation's living legacy of systemic racism, and partisan threats to the foundations of democracy, the integrity of news and Project Censored's survey of underreported news stories has never been more important. This 2022 edition of Project Censored's State of the Free Press offers a comprehensive survey of the most important but underreported news stories of 2021 and a comparative analysis of the current state of corporate and independent news media, and its effect on democracy. The establishment media sustains a decrepit post-truth era, as examined the lowlight features: Junk Food News-frivolous stories that distract the public from actual news-and-News Abuse-important stories covered in ways that undermine public understanding. The alternative media provokes a burgeoning critical media literacy age, as evaluated in the highlight feature: Media Democracy in Action-relevant stories responsibly reported on by independent organizations. Finally, in an homage to the history of the annual report, the editors reinstate the Déjà vu News feature-revisited stories from previous editions. State of the Free Press 2022 endows readers with the critical thinking and media literacy skills required to hold the corporate media to account for distorting or censoring news coverage, and thus, to revitalize our democracy. israel project mission: John, Jesus, and the Renewal of Israel Richard Horsley, Tom Thatcher, 2013-11-11 In this book Richard Horsley and Tom Thatcher trace the Gospel of John's portrayal of Jesus as a prophet of renewal by reading the text against a double backdrop -- the social history of Roman Palestine and the media world of John. This innovative study is the first to consider the Gospel of John as story in the ancient media context of oral communication and oral performance. Horsley and Thatcher creatively combine concerns from the fields of Jesus studies and ancient media studies in their analysis. Taking the main conflict evident in John's story of Jesus as the key to its plot, they discern how this Gospel -- usually read as spiritual -- portrays Jesus engaged in a concrete program of renewal and resistance.

israel project mission: Lobbying for Zionism on Both Sides of the Atlantic Ilan Pappé, 2024-06-11 In 1896, a Jewish state was a pipe dream. Today the overwhelming majority of Jews identify as Zionists. How did this happen? Ilan Pappé unveils how over a century of aggressive lobbying changed the map of the Middle East. Pro-Israel lobbies convinced British and American policymakers to condone Israel's flagrant breaches of international law, grant Israel unprecedented military aid and deny Palestinians rights. Anyone who questioned unconditional support for Israel, even in the mildest terms, became the target of relentless smear campaigns. Lobbying for Zionism on Both Sides of the Atlantic shows us how an unassailable consensus was built – and how it might be dismantled.

israel project mission: Deconstruction and Reconstruction in Yhwh's Universal Project Louismary Ocha, 2022-01-27 Taking its bearing from the mission statement in prophet Jeremiah’s vocation narrative (Jer 1:10), the book examines YHWH’s events of deconstruction and reconstruction in Israel of the Old Testament. Through the analysis of the six verbs—namely, “pluck up,” “pull down,” “demolish,” “destroy,” “build,” and “plant,” the book gives a different dimension to the common impression that Jeremiah is a prophet of woes and laments; thereby limiting his prophecies to only oracles of destruction, hence total annihilation. Rather, it investigates Jeremiah’s prophecies as flying with two wings: oracles of judgement and oracles of salvation. In other words, the oracles are not only against the nations but also for the nations. With the exile of the Israelites and their restoration to the land in view, according to the book of Jeremiah, YHWH continues His creative and restorative acts and depicts the divine full involvement and control of Israel’s history. In like manner, the book portrays the abiding divine presence in the history of humankind in general. Therefore, Israel is only used to form a bridge of YHWH’s concern for the nations; hence the entire humanity. As YHWH sets the history of Israel in motion, so He performs for the rest of humanity. The goal of which has always been for the good and salvation of humankind of which the culmination is in the person and advent of Jesus Christ.
