jane goodall son photos: Malcolm MacDonald Clyde Sanger, 1995-10-06 As colonial secretary MacDonald moved British colonial policy from a laissez-faire attitude to a developmental view; he was responsible for creating the Colonial Development and Welfare Fund, the first aid program. His last Cabinet post was as health minister during the London blitz, where he worked with Winston Churchill. Sent to Canada as British high commissioner, MacDonald became Mackenzie King's confidant during the conscription crisis, the Gouzenko spy revelations, and the American occupation during the building of the Alaska Highway. His greatest work was done during his fourteen years in Asia, most notably in preparing Malaya's different racial groups for independence and mending fences between India and Britain after the Suez invasion of 1956. MacDonald's skill as a negotiator came from a combination of hard work, patience, and a great sense of fun and humanity. Walking on his hands around Nehru, swapping bird-watching tales with de Valera, discussing Chinese ceramics with Marshal Chen Yi, or playing nursery games with Jomo Kenyatta and the Iban head-hunter family who adopted him, he charmed his way to a remarkable series of diplomatic successes.

jane goodall son photos: The Soul of Central New York Sean Kirst, 2016-12-27 A group of strangers risk death along the New York State Thruway to save a soldier from a burning truck. The true story, as told by football legend Jim Brown, of how the number 44 rose to prominence at Syracuse University. The beautiful yet tragic connection between Vice President Joseph Biden and Syracuse. The impossible account of how Eric Carle, one of the world’s great children’s authors, found his way to a childhood friend through a photograph taken in Syracuse more than eighty years ago. All these tales can be found in *The Soul of Central New York*, a collection of columns by Sean Kirst that spans almost a quarter-century. In these emotional contradictions—in the resilience, love, and heart-break of its people—Kirst offers a vivid portrait of his city and, in the end, gives readers hope.

jane goodall son photos: The Book of Hope Jane Goodall, Douglas Abrams, 2021-10-19 ****THE INSTANT NEW YORK TIMES BESTSELLER**** In a world that seems so troubled, how do we hold on to hope? Looking at the headlines—the worsening climate crisis, a global pandemic, loss of biodiversity, political upheaval—it can be hard to feel optimistic. And yet hope has never been more desperately needed. In this urgent book, Jane Goodall, the world’s most famous living naturalist, and Douglas Abrams, the internationally bestselling co-author of *The Book of Joy*, explore through intimate and thought-provoking dialogue one of the most sought after and least understood elements of human nature: hope. In *The Book of Hope*, Jane focuses on her Four Reasons for Hope: The Amazing Human Intellect, The Resilience of Nature, The Power of Young People, and The Indomitable Human Spirit. Drawing on decades of work that has helped expand our understanding of what it means to be human and what we all need to do to help build a better world, *The Book of Hope* touches on vital questions, including: How do we stay hopeful when everything seems hopeless? While discussing the experiences that shaped her discoveries and beliefs, Jane tells the story of how she became a messenger of hope, from living through World War II to her years in Gombe to realizing she had to leave the forest to travel the world in her role as an advocate for environmental justice. The second book in the Global Icons Series—which launched with the instant classic *The Book of Joy* with His Holiness the Dalai Lama and Archbishop Desmond Tutu—*The Book of Hope* is a rare and intimate look not only at the nature of hope but also into the heart and mind of a woman who revolutionized how we view the world around us and has spent a lifetime fighting for our future.
