khadijah biography download: Encyclopedia of World Scriptures Mary Ellen Snodgrass, 2024-10-17 From the time of human beginnings, holy words, chants, liturgy and narratives have enabled individuals to communicate the mysteries of the universe. Bodies of liturgical composition had to survive oral transmission for centuries until calligraphers could inscribe them in pictograph, symbol, or coded cipher or write them in words on stone, mural, scroll, parchment, or paper. Through repetitions of sacred speech and writing, couples enter holy wedlock, infants receive consecration and blessing, youths advance to adulthood, rulers dedicate temporal powers to God, cities pledge themselves to peace, and the dead pass from an earthly existence to the afterlife. The most sacred and influential writings the world has recorded are covered A-Z in this compendium. The entries convey works from the cities of Mecca, Jerusalem, Rome, Delphi, and Salt Lake City; from caves in Qumran and mountains in Japan; from the Indus Valley and the American West; from classical China, Egypt and Greece; and from the Hebrew communities of Iberia and of the German states. Although all of the scriptures speak to a human need, there are many differences in style, purpose, and tone. The entries include holy law (The White Roots of Peace), funeral prescriptions (the Tibetan Book of the Dead), ceremonies (the Lakota Black Elk Speaks), literature (Homeric hymns), hero stories (the Japanese Kojiki), word puzzles (the koans of Zen), Christ lore (the Apocrypha and the New Testament), matrices (I Ching and Tantra), and numerology (the Jewish Kabbala). Writing styles include both the rapture of Rumi's Mathnawi and the spare aphorism of Confucius's Analects. The information given in the texts range from Muhammad's revelations in the Koran, to the everyday advice of Mary Baker Eddy's Christian Science writings. A map locates the germ of sacred revelation and writing in sites all over the globe. A timeline of dateable events from the history of world scripture names events in chronological order, from the beginnings of the I Ching in 2800 B.C.E. to the publication of a child's version of the Popul Vuh in 1999 C.E.. The encyclopedia is comprehensively indexed with ample cross-referencing to assist researchers toward further study of print and electronic sources.

khadijah biography download: Invisible Martyrs Farhana Qazi, 2018-09-25 Farhana Qazi draws on her background as a pioneering counterterrorism professional and a devout Muslim to offer an insider's view of what drives girls and women to join radical Islamic movements and how we can keep them from making this terrible choice. The first Muslim woman to work for the US government's Counterterrorism Center, Qazi found herself fascinated, even obsessed, by the phenomenon of female extremists. Why, she wondered, would a girl from Denver join ISIS, a radical movement known for its mistreatment of women? Why would a teenage Iraqi girl strap on a suicide bomb and detonate it? From Kashmir to Iraq to Afghanistan to Colorado to London, she discovered women of different backgrounds who all had their own reason for joining these movements. Some were confused, others had been taken advantage of, and some were just as radical and dedicated as their male counterparts. But in each case, Qazi found their choices were driven by a complex interaction of culture, context, and capability that was unique to each woman. This book reframes their stories so readers can see these girls and women as they truly are: females exploited by men. Through hearing their voices and sharing their journeys Qazi gained powerful insights not only into what motivated these women but also into the most effective ways to combat terrorism, and about

herself as well. „ÚThrough them,À Qazi writes, „ÚI discovered intervention strategies that are slowly helping women hold on to faith as they struggle with versions of orthodox Islam polluted by extremist interpretations. And in the process, I discovered a gentle Islam and more about myself as a woman of faith.À

khadijah biography download: Barack H. Obama Webster Griffin Tarpley, 2008 Written by the author of the legendary 1992 expose of Bush the elder, this book works from a New Deal point of view. Obama is exposed as a foundation operative and agent of Wall Street finance capital, controlled by Zbigniew Brzezinski, George Soros, and Goldman Sachs. Obama's mother was an official of the Ford Foundation, the World Bank, and US AID. By all indications, Obama was identified for future political use by Brzezinski at Columbia in 1981-1983, during Obama's secret lost years. Obama has worked for the Gamaliel Foundation, the Joyce Foundation, the Woods Fund, and the Annenberg Foundation as a community organizer - a poverty pimp, a cynical opportunist who uses suffering people as a political commodity. The foundation strategy is divide and conquer, pitting blacks against whites against Hispanics against Asians, to prevent any challenge to Wall Street. Racist provocateurs like Wright and Pfleger, along with Weatherman terrorist bombers Ayers and Dohrn, Obama's best friends, are cast in this mold. Rezko, Auchin, and Al-Sammarae represent the cesspool of Chicago graft and corruption in which Obama cavorts. Schooled in Nietzsche and Fanon, Obama qualifies as a postmodern fascist. An Obama administration would strive for brutal economic sacrifice and austerity to finance Wall Street bailouts, and for imperialist confrontation with Russia and China.
