joyce dahmer obituary: *Joyce Doolittle Stories* Sally V. Truss, 2022-03-10 It is important to celebrate a life well lived. That's why we have wakes, funerals and memorials. Joyce Doolittle, a most remarkable woman and vital influencer of the arts, not just in Calgary and Canada but worldwide, died in the time of Covid. This denied her the traditional kind of enthusiastic gathering and celebration her life and accomplishments deserve and it was this void that inspired *Joyce Doolittle Stories: A Community Telling*. This little book is the legacy Joyce Doolittle most certainly deserves because it is praise, memories, stories and anecdotes told by more than 60 people whose lives she touched, coupled with a brief story of her life, her passion for the arts and her love for her husband Quentin and their four children. The wonderful thing about this legacy book is you don't need to have known Joyce personally to enjoy the many little treasures between its covers.
